The University of Alberta is a publicly supported, nondenominational, coeducational institution. It is authorized to grant undergraduate and graduate degrees, certificates and diplomas under the provisions of the Universities Act of the Province of Alberta, the Revised Statutes of Alberta, 1980, Chapter U-5 with amendments in force as of February 11, 1999. The University was established under the University Act (Alberta, 1906), and is a member of the Association of Universities and Colleges of Canada and the Association of Commonwealth Universities.
Focus is commonly associated with the study of optics, as a point where rays of light meet after being reflected or refracted through lenses or mirrors.

The University of Alberta itself is a powerful source of light— the light of knowledge, or, as our motto “Quaecumque Vera” reflects, “whatsoever things are true.” As students, it is up to you to work with this light and find your focus - consider a multitude of possibilities, reflect on them, deflect those that do not fit, and concentrate on those that appeal most.

This calendar is full of an abundance of illuminating possibilities: from the workings of the human body, to the mechanics of engineering, to the craft of literary design.

The Oxford English Dictionary also defines focus as “the point from which rays appear to proceed.” Understanding this, your focus at the University of Alberta is just the beginning of your journey, whether you continue it at home or on the international stage.

During your studies, you will finely hone the tools you need to compete with the best in the world: critical thinking, independent judgement, teamwork, and an understanding of how you learn, no matter where your vision may lead.

On behalf of the University of Alberta, I would like to extend our warmest welcome to you.

Best wishes in the pursuit of your focus this year.

Sincerely,

Roderick D. Fraser, PhD
President
