221.1 Historical Sketch

The University of Alberta is a publicly supported, non-denominational, co-educational institution. It is a member of the Association of Commonwealth Universities and of the Association of Universities and Colleges of Canada.

The University’s main campus of 89 hectares borders the wooded southern bank of the North Saskatchewan River and lies about two miles from Edmonton’s business centre. Away from the main campus, the University Farm occupies approximately 148 hectares; other holdings include the botanical gardens near Devon and lands as far away as Fort Assiniboine. A considerable area is held under rental agreements, including the Ellerslie farm and the Kinsella ranch.

Some two dozen major teaching and research buildings are situated on the campus as well as two affiliated colleges, six halls of residence, the Students’ Union, and service buildings. Michener Park, once part of the University Farm, is a student housing area. South of 87th Avenue, on lands formerly part of the original campus, are the quarters of the Research Council of Alberta, the Provincial Laboratory of Public Health, two teaching hospitals, the Edmonton Veterans’ Hospital, the Aberhart Sanatorium, the Dr WW Cross Cancer Institute, and the Northern Alberta Jubilee Auditorium. An off-campus Book and Record Depository for storage of less-used library materials was opened in 1949.

The Beginnings of the University

Excerpt from University Beginnings in Alberta, by RK Gordon.

We were a small, light-hearted company, hardly more than a score of us; and all of us were young. We lived in a clearing in the poplar bush on the south bank of the North Saskatchewan River. On the sloping sides of the great valley and on the flats below the coyotes barked and howled at night, but on top of the bank we taught mathematics and physics, Greek and history, English Literature, and biology. Along with some four hundred students and two red brick buildings, we were the University of Alberta; and we felt sure that the future belonged to us, not to the coyotes.

We looked across the river to the newly-finished building of the Provincial Government, which in its wisdom had brought us into being and from which came our very modest monthly cheques. Just below the Government buildings stood the rather forlorn remains of old Fort Edmonton, but they were not long allowed to cumber the landscape. The new, raw, bustling city was not interested in a reminder of its humble beginnings. The future was the thing, and of the dazzling glory of that future nobody was so mean-spirited as to entertain the slightest doubt.

Alberta became a province in 1905. In 1906 the first session of legislature passed an act to authorize the establishment of the University of Alberta. The act’s sponsor was Alexander Cameron Rutherford, Alberta’s first Premier and first Minister of Education. His government purchased the site in what was then Strathcona, and Dr Rutherford himself persuaded Henry Marshall Tory to leave McGill to become the University’s first President, an office he held from 1908 to 1928.

The act permitted all resident graduates of British and Canadian universities to register as members of Convocation. Convocation elected five members to a Senate; the government appointed ten more. The Senate, acting as the governing body of the University, established the Faculty of Arts and Science as the core of the new institution. In 1910 a revision of the University Act constituted the Board of Governors, with powers of business management and administration.

Classes opened in September 1908, in what is now Queen Alexandra School with forty-five students and a faculty of five: WH Alexander, Classics; EK Broads, English; WM Edwards, Mathematics; LH Alexander, Modern Languages; and Dr Tory himself. Thence they moved to the upper floor of Strathcona Collegiate Institute and then in 1911 to Athabasca Hall. Athabasca not only served as residence for staff and students, but also accommodated classrooms, laboratories, the library, the gymnasium, and the administrative offices. The members of the first graduating class received their degrees at the Convocation of 1912, with Mr Justice CA Stuart presiding as Chancellor.

A period of rapid growth followed, with registration reaching 439 in 1914. Assiniboia Hall was completed in 1913, Pembina Hall in 1914, and the Arts Building was formally opened in 1915. The Faculty of Law had its beginning in 1912. In the same year the Department of Extension initiated its work of promoting a closer relationship between the University and the people of the province. In 1913 the Faculty of Applied Science (renamed Engineering in 1948) and the Faculty of Medicine were instituted, the latter able to offer three years of a five-year program.

The Students’ Union was established during the first session and the first edition of the Gateway, the students’ newspaper, appeared in 1911. The Committee on Student Affairs began in 1912 as a joint committee of students and University officials to exercise general supervision over matters affecting student welfare and discipline. Today the Council on Student Affairs carries on its work.

Years of Challenge: 1914 to 1945

The outbreak of war in 1914 slowed the pace of development. The new University sent 439 of its staff, alumni, and students to the armed forces. Eighty-two were killed or died on active service. Their names, together with those of the casualties of the war of 1939–45, are commemorated on a bronze tablet near the entrance to Convocation Hall.

Although the war brought a halt to the building activity, the organization of the University’s teaching moved on with the establishment of the Faculty of Agriculture in 1915, the School of Accounting in 1916, the School of Pharmacy and the sub-faculty of Dentistry in 1917, and the Department of Household Economics in 1918. Of these, the School of Accounting became the Faculty of Commerce, now the Faculty of Business, and Pharmacy, Dentistry, and Household Economics all became Faculties.

With the end of the Great War the University rapidly expanded in number of students and staff. New laboratories were built adjacent to the Arts Building, and the Medical Building was completed in 1921; new wings were added following the war of 1939–45. The curriculum was fundamentally revised in 1919–20 to permit greater freedom in election of courses. The first summer term was held in 1919. The institution of the Research Council of Alberta signified not only an increasing emphasis on science, but a further recognition of the University’s involvement in the development of the province.

In 1927 St Joseph’s College was opened under Roman Catholic auspices. St Stephen’s College had been, as Alberta College South, the first building on the campus. After the union of the Methodist and Presbyterian churches, it was renamed in 1927 and became the United Church theological college for Alberta.

The depression years brought serious problems. Though registration did not decline, its increase was painfully slow, from 1,560 students in 1929 to 2,327 in 1939. Full-time teaching staff increased even more slowly. The budget actually fell and did not recover to its pre-depression level until after the war. No new building took place after the present Corbett Hall was completed. Corbett Hall was originally constructed as a provincial normal school, not a University building (subsequently RC Wallace built and endowed President Tory in 1929, and in 1936 was followed by WAR Kerr, who had been the first Dean of the Faculty of Arts and Science. The affiliation of Mount Royal College in 1931 marked a beginning of university work in Calgary. The Banff School of Fine Arts opened in 1933 and the Western Board of Music was established in 1931. Entrance to the University from Grade 11 was abolished in 1937. In 1930 fraternities were permitted; a less controversial change was the abolition of the old practice of involvement in freshman initiation.

The impact of the war of 1939 was very different from that of 1914–18. Though war naturally interrupted the University’s life, there was a determination to preserve its essential being while using its facilities as fully as possible in relation to the national effort. The Air Force took over the three residences and out-of-town students, whose number had not substantially declined, flocked into Garneau boarding houses and made use of a new cafeteria known to later generations as Hot Caf (which was demolished in 1969 to provide the site for the Central Academic Building). Medicine, Dentistry, and Education offered accelerated courses. Engineering offered special courses to members of the armed services. No more important development took place than the acceptance in 1945 by the University of sole responsibility for the training of Alberta teachers. The School of Education, established in 1928, became a faculty in 1942, and after the war it became, in terms of enrolment, the largest in the University.

Robert Newton was named President on WAR Kerr’s retirement in 1941. He played an important part in the framing of the University Act of 1942, which transferred from the Senate to the General Faculty Council jurisdiction over academic matters and vested all final authority in the Board of Governors, whose jurisdiction had previously been confined to finance.

Years of Expansion: 1945 to 1969

With the end of the war, a flood of veterans poured into the University and registration rose from 2,023 in 1943–44 to a peak of nearly 5,000 in 1947–48. Accommodation in classrooms, laboratories, and libraries was pathetically inadequate, and housing was generally even less satisfactory. Army huts only partially relieved the pressure. By 1947 student numbers had tripled from
A School of Native Studies, providing a curriculum and a learning environment designed specifically to meet the needs of Canada’s Aboriginal peoples, was founded in 1982.

Spring Term (a six-week period between the end of the regular Fall/Winter and the beginning of Summer Term), during which intensive courses are offered, was inaugurated in 1972 and proved to be an immediate success.

The importance of scholarly publishing in the academic community was recognized when the Board of Governors formally established the University of Alberta Press. Although at first without regular staff, the Press nevertheless succeeded in publishing a small group of works of high quality. The appointment of Les Gutteridge as the first Director of the Press in 1977 placed its operations on a more adequate basis; since then it has issued a number of works of scholarly value each year. The publication in July 1981, of A History of the University of Alberta, by former president Walter H. Johns, was a sign of the maturity both of the University and of the Press.

In 1983 the University celebrated the seventy-fifth anniversary of its foundation in a way that illustrated its significance in Canada and the international community. HRH the Prince of Wales received an honorary doctorate at a special convocation, and opened the World University Games, which attracted more than 6,000 participants from 87 countries to a wide variety of athletic and cultural events. The Universiade Pavilion, the Tennis Centre, and new student housing in Garneau, all completed in time to be used during the games, remain as reminders of the occasion.

In the 1980s the University was severely affected by retrenchments in the federal budget; a state of financial exigency was declared by the Board of Governors in 1994. As part of an effort to reduce administrative costs without impairing educational quality, a number of faculties and departments were merged. Nevertheless, in fulfillment of the purposes of a generous private donation, it was possible in 1994 to complete the Timms Centre for the Arts, with up-to-date facilities for the performing arts, a sign of the University’s continuing commitment to enhancing the quality of life in the community as a whole.

221.2 University Traditions

The University Motto

The University motto, Quae cumque vera, is taken from the Latin Vulgate version of the Bible, the Epistle of St Paul to the Philippians, chapter 4, verse 8: De cetero, fraternae, quaecumque sunt vera, quaecumque pudica, quaecumque justa, quaecumque sancta, quaecumque amabilia, quaecumque bonae famae, si qua virtus, si qua laus disciplinae, haec cogitate.

Following is the same passage, from the King James version:

Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.

The Coat of Arms

On November 15, 1909, a motion by the faculty recommended to the Senate the adoption by the University of the provincial coat of arms, with the addition of an open book above the shield and the motto Lux et Lex; the words “University of Alberta” were to be attached as might seem fit. The present motto was substituted in January 1911 for the one originally proposed. In 1950 the representation of the coat of arms was altered to conform better to the principles of heraldic design but these arms were never actually registered.

In 1994 a new coat of arms incorporating a number of traditional symbols associated with the University or the Province, or with learning, was officially adopted.

222.1 Introduction

The main lines of the constitution of the University of Alberta are laid down in the Universities Act assented to April 15, 1966.

222.2 Reserved

222.3 The Universities Coordinating Council

222.3.1 General Information

The Universities’ Coordinating Council consists of the following representatives of each university in Alberta: the President, the Vice-President (Academic) and Vice-President (Finance), two Deans and two other members of the academic staff appointed by the General Faculties Council, and not more than three other members of the academic staff appointed by the Coordinating Council itself. The Chair is elected by the Council, but shall not be elected from the representatives of one university for more than three consecutive years. The Council may appoint a secretary and prescribe his or her powers, functions and duties.

The Council inquires into any matter that in its opinion calls for cooperative action on the part of the General Faculties Councils, and makes recommendations thereon to any General Faculties Council or the Minister of Advanced Education; it may give its advice and opinions to the General Faculties Council or to the Minister on any matter. It may make recommendations to the Board of Governors of a University or to the Minister. It may determine minimum standards for the affiliation of colleges or other institutions with the Universities, and may recommend that an affiliation agreement be made, modified, or dissolved. It gives or withholds its approval of standards or policies proposed by a General Faculties Council with regard to the admission of first-year students to any University. It has jurisdiction over the conditions of entrance to certain learned professions and callings.

The Chancellor

Chancellor of the University
JT Ferguson, FCA, LLD (Hon)

The Chancellor is titular head of the University, and represents the public interest in the University. Elected for a four-year term of office by the Senate, the Chancellor is chair of the Senate, an ex officio member of the Board of Governors, confers all degrees and represents the University at ceremonial occasions.

The President and Vice-Chancellor

President and Vice-Chancellor
RD Fraser, BA, MA, PhD

The President, who is also the Vice-Chancellor, is ex officio a member of the Universities Coordinating Council, the Board of Governors, the Senate, and all faculty councils. The President chairs meetings of General Faculties Council and Deans’ Council. He is entrusted with the general supervision of the academic work and the business affairs of the University and may recommend to the Board of Governors on any matter affecting the University.

The Vice-Presidents

Vice-President (Academic) and Provost
DR Owram, PhD

The Vice-President (Academic) and Provost is the senior vice-president. In the absence or incapacity of the President, or when the presidency is vacant, he is the Acting President.

The Board of Governors is a corporation with the name “The Governors of The University of Alberta.” It consists of a Chair appointed by the Lieutenant-Governor in Council, the Chancellor, the President, and 17 other persons appointed by the Lieutenant-Governor in Council. Of the 17, two are members of the Alumni Association nominated by the Association, one is a member of the Senate nominated by it from those of its members who are not on the University Staff, two are members of the academic staff nominated by the General Faculties Council, one is a member of the non-academic staff nominated by the non-academic staff, one is a student nominated by the Graduate Students’ Association, two are students nominated by the Students’ Council, and eight are appointed as representatives of the “general public.”

The conduct, management, and control of the University and all its property, revenue, business, and affairs are vested in the Board. The Board appoints the deans of all faculties, all members of the teaching staff, the Librarian, the Registrar, and all members of the administrative staff, but no one may be appointed to a senior administrative post or to the academic staff of the University unless first nominated by the President of the University. The Board provides for the maintenance of buildings and the erection of new buildings. It has authority to purchase and acquire such property as it may deem necessary for the purposes of the University. It fixes the various fees charged in connection with university courses and it makes financial provision for the establishment of new faculties, departments, and courses. It may establish arrangements designed to contribute to the educational and cultural advancement of the people of Alberta at large. When any question arises as to the powers or duties of the Senate or any other University body or of the President or a dean or other officer or employee, and these powers and duties are not definitely provided for in The Universities Act, the Board’s decision on the question is final.

The Senate is a unique, independent advisory body of community leaders which plays a critical role in linking with our community and enhancing the reputation of the University of Alberta. The Chancellor of the University is Chair of the Senate, which has 62 members, 30 of whom are elected from the general public, and nine of whom are appointed from the public by the Minister of Education. It is the mandate of the Senate to inquire into any matter that might tend to enhance the usefulness of the University. It is specifically authorized to interpret the University to the public, to require reports from faculty councils, the Students’ Council, and any members of the academic staff; to receive and consider submissions from anyone interested in the University; to arrange for public meetings and other means of providing and acquiring information on the University. As a consequence, it may make reports and recommendations to the Board or the General Faculties Council or other appropriate body. In addition, the Senate may authorize the conferring of Honorary Degrees.
General Faculties Council

Ex officio Members

The President
The Vice-Presidents
The Deans of the Faculties
The Director of the School of Library and Information Studies
The Director of the School of Native Studies
The Chief Librarian
The Registrar

Elected Members

48 members elected by and from the faculty

Statutory Student Members

2 Undergraduate students
1 Graduate student

Appointed Members

3 Members of the non-academic staff
3 Librarians
2 Representatives of the academic staff on the Board of Governors,
1 representative of the non-academic staff on the Board of Governors and
23 student representatives on the Board of Governors
2 Sessionals/Other Temporary Appointments
2 Administrative and Professional Officers/Faculty Service Officers

The President of the AASIA
The President of St Joseph’s College
Dean of Students
Appointed Graduate Student Members (11)
Appointed Undergraduate Student Members (37)

Secretary

EA Schoeck, BA (Hons), MA

General Faculties Council (GFC) consists of the President, the Vice-
Presidents, the Deans, the Librarian, the Registrar, elected members
representing the Faculties and appointed members, including students. The
number of elected staff members is twice that of the ex officio members and
the number of appointed student members equals the number of elected staff
members. General Faculties Council, subject to the authority of the Board
of Governors, is the senior academic body of the University. It provides for
the granting and conferring of degrees, for the approval of courses and programs
of study, and for the hearing of certain appeals. GFC determines standards
and policies respecting admission of students and it may make
recommendations to the Board on affiliation of other institutions, on academic
planning, campus planning, the budget, procedures regarding the
appointment, promotion and dismissal of academic staff, and any other matter
which it considers to be of interest to the University. It has the general
supervision of student affairs.

Deans’ Council

EA Schoeck, BA (Hons), MA, Secretary

Deans’ Council is an advisory body to the President, the Board of
Governors, and to General Faculties Council. It consists of the President, the
Vice-Presidents, the Dean of each Faculty, the Director of the School of Native
Studies, the Registrar and the Chief Librarian.

222.5 Faculty Councils

Each Faculty, except that of Graduate Studies and Research, has a council
consisting of the President, the dean of the Faculty, all full-time members of
the academic staff of the Faculty, a representative of each of the appropriate
professional societies associated with the Faculty appointed by General
Faculties Council on the recommendation of the Faculty Council, and other
persons appointed by General Faculties Council on the recommendation of
the Faculty Council. The Council of the Faculty of Graduate Studies and
Research consists of the President, the Dean, and other persons appointed
by General Faculties Council.

Each Faculty Council, subject to the control of General Faculties Council,
arranges the courses of study falling within its jurisdiction and provides for
the setting of examinations and for determining the results. It deals with
admissions and withdrawals and authorizes the granting of degrees in
branches of learning within its jurisdiction.

The resources of the University of Alberta Library system comprise one of the major research collections in Canada. The system consists of numerous subject collections with a total of over 4,400,000 volumes, 800,000 government documents, 33,000 serial subscriptions, 1,300,000 maps, 1,000,000 air photos, audiovisual resources, and a large collection of research materials in microform.
The Alumni Association, formed in 1915, counts among its members over 180,000 graduates world wide and in all walks of life. On graduation, without fee, every student automatically becomes a lifetime member.

Members in good standing are entitled to benefits including the following:

**New Trail**
Published three times per year, New Trail magazine travels to the four corners of the world. It is distributed free of charge to all University of Alberta graduates; however, alumni are encouraged to contribute a voluntary subscription fee. New Trail contains feature articles as well as alumni and campus news, including class notes.

**Recreational Privileges**
With an Alumni ONEcard, alumni and their families can obtain access to all campus recreational facilities at a special rate.

**Reduced Insurance Rates**
In cooperation with major insurance companies, the Association offers life, auto and home insurance to alumni at special group rates.

**Affinity Card**
Special financial services, including an affinity credit card, are available to alumni and students. The affinity card is a unique way to contribute to the University.

**Travel Programs**
A combination of education and entertainment, a variety of travel opportunities are arranged by the Association to help alumni expand their horizons—literally!

**Library Privileges**
With the Alumni ONEcard graduates are welcome to use library materials in place for only $30 annually.

**Association and University Affairs**
Alumni have a unique perspective to bring to University affairs. Alumni can be involved in University government by being elected to Alumni Council as Faculty Representatives or Members at Large. As members of the governing council of the Association, alumni stay informed about current developments at the University and initiate projects that benefit both alumni and current students and recognize the outstanding achievements of alumni and students. Alumni may also be named to various University bodies including the Senate and the Board of Governors.

**Distinguished Alumni Awards/Alumni Wall of Recognition**
Four awards are given each year to alumni in recognition of distinguished achievements in a profession and/or for significant contributions to society or the welfare of others. Distinguished Alumni Award winners are inducted onto the Alumni Wall of Recognition. In 1994, the Wall of Recognition was launched to honor and promote the diverse achievements and valuable contributions of University of Alberta alumni to their chosen professions, to their communities, and to society.

**Alumni Scholarships and Awards**
In addition to conferring its Distinguished Alumni Awards, the Association sponsors scholarships for future alumni (undergraduate and graduate students) and presents special recognition awards to outstanding alumni. The recently expanded alumni awards program includes Alumni Awards of Excellence, which recognize major achievements in the previous year; the Alumni Horizons Awards, which celebrate the achievements of alumni early in their career; and the Alumni Recognition Awards, which recognize the significant contributions made over a number of years by University of Alberta alumni in their local communities and beyond. In addition to other Association scholarships, Alumni Council has initiated a new Millennium Scholarship program for deserving graduate and undergraduate students.

**Alumni Branches**
Alumni Association branches are located in numerous Canadian cities and in several foreign countries. These groups of alumni organize social and educational functions for graduates in their area. They have their own constitution and executive committees and operate under the auspices of the Association.

**Faculty Associations**
Constituent Alumni Associations are organized for a number of faculties, departments, and special interest groups. These include Law, Rehabilitation Medicine, Medicine, Dentistry, Pharmacy, Business, Nursing, Library and Information Studies, Education, Health Services Administration, Forestry, Drama, Native Studies, East Asian Studies, and the Mixed Chorus. Administered by the Alumni Association with the cooperation of the relevant faculties or departments, these associations have elected alumni executives. The constituent associations serve to promote the welfare of their specific faculty, department, or area of special interest.

**Class Representatives**
Students in their senior year are regularly invited to volunteer to serve as the class representative for their department or faculty. Class representatives link the class and the Association. They assist classmates in maintaining contact with one another and the University by organizing reunions and preparing class newsletters.

**Reunion Weekend**
Each year the Alumni Association organizes a Reunion Weekend for all graduates. Special invitations are extended to classes celebrating their 10th, 15th, 20th or greater anniversary of graduation. Reunion Weekend activities include campus open houses, a Gala Dinner and Dance and a brunch for senior graduating classes hosted by the President of the University.

**Newsletter Service**
The Association absorbs all costs of mailing one newsletter per year for each class. Class representatives simply send a typed copy to the Alumni Office and the Office does the rest. If a class is organizing a reunion, the Office will send out two newsletters that year.

**Official Alumni Mementos**
In addition to official University of Alberta degree and picture frames, the Association offers special edition memorabilia to alumni.

**Host Family**
In conjunction with the U of A International Centre, alumni families are invited to share friendships and experiences with foreign students attending university.

General Information

St Joseph’s College was established by the Roman Catholic Church and incorporated by the Legislature of Alberta and affiliated with the University of Alberta in 1908 to provide a Catholic dimension to postsecondary education. In collaboration with the University, the College contributes to liberal education through studying the Judaeo-Christian intellectual and religious tradition and applying it to contemporary issues.

Courses Offered for University Credit

St Joseph’s College offers courses in philosophy and theology to all students registered at the U of A for credit toward a BA degree or as Arts options open to students in other faculties. For information about courses offered, see §201, Course Listings.

Non-Credit

The College provides a variety of short-term, non-credit courses and lectures of a professional and interdisciplinary nature for professional church workers and laity, and these courses are open to members of the University.

Degree Courses

The College offers graduate theological degrees: a professional Doctor of Ministry (DMin), an academic Master’s Degree (MTh), Preparation in Diaconal Ministry (BTh, MTS), a Master of Theological Studies (MTS) for lay persons, a Master of Arts in Spirituality and Worship Arts, and a Masters of Arts in Pastoral Psychology and Counselling. Enquiries may be directed to the office (780) 439-7311.

226.2 Off-Campus College

North American Baptist College, Edmonton has a formal affiliation agreement with the University of Alberta, under which certain courses offered by the college will be accepted by the University for transfer credit.

226.3 Public Colleges and Technical Institutes

Formal affiliation agreements do not exist between the University and the public colleges or technical institutes in the Province. However, arrangements are in place which allow for the transfer of students from these postsecondary institutions to the University of Alberta (See §14.2).

The Alberta Research Council develops and commercializes technologies to give customers a competitive advantage. The corporation performs applied research and development on a contract or fee basis, and co-ventures with others to develop new technologies, deriving a return on investment from the commercialization of new products and services. ARC also conducts applied research for the public good and to support provincial science and technology needs and strategies. ARC is well known for its work in the following areas:

**Life Science Technologies**
- Integrated pest, disease and weed management, development of diagnostic tools and control agents to reduce crop losses, and development of new strains of crops to increase productivity
- Scale up and manufacture of biotechnology-based products including vaccines to improve animal health
- Synthesis of novel carbohydrates for diagnostic and therapeutic application
- Application of advanced computer and telecommunications technology to the more effective and efficient delivery of health information and knowledge
- Decision support through data analysis and mining
- Web-based systems architecture and software design
- Livestock identification and tracing throughout the food processing chain

**Energy Technologies**
- Conventional and heavy oil recovery and production technologies, reservoir management processes and protocols, novel downhole and surface oilfield equipment, specialty sensors and instrumentation
- Oil sands upgrading technologies for improved recovery and cost efficiency
- Pipeline maintenance planning
- Non-conventional energy production

**Forest Technologies**
- Engineered wood products, improved pulping and papermaking processes and alternate fibre sources
- Sensors and process control systems to improve plant efficiency and cost effectiveness
- Remote sensing, geomatics and modeling to support and enhance the sustainable management and use of forest and wildlife resources

**Industrial Processes and Services**
- Research to understand and mitigate the impact of industrial activities on air, water and land resources, including climate change, greenhouse gases and CO2 management strategies
- Clean process and waste minimization technologies
- Advanced environmental analysis and toxicology
- Advanced materials applications and testing
- Specialty analytical services
- Development and commercialization of specialized ceramic materials and component parts for use in high-performance electronic devices
- Industrial engineering, automation and rapid response manufacturing

The University of Alberta Hospital operates under the Capital Health Authority (CH), one of 17 regional health authorities in Alberta. CH serves a population of 816,000 from Edmonton, St Albert, Leduc and Strathcona County, as well as patients from across Alberta in various specialized programs. CH is responsible for all acute care, public health, home care and long-term care in the region.

CH is closely allied with the University of Alberta and other postsecondary education institutions in Edmonton.
