201.101 French Language and Literature, FREN
Department of Modern Languages and Cultural Studies:
Germanic, Romance, Slavic
Faculty of Arts

Notes
(1) The Department reserves the right to place students in the language course appropriate to their level of language skill.
(2) Placement tests may be administered in order to assess prior background. Students with a French language background should consult a Department advisor. Such students may be granted advanced placement and directed to register in an advanced course more suitable to their level of ability. Students seeking to fulfill their Language Other than English requirement may begin at any one appropriate level, but must take the full 101 in one language.
(3) The Department will withhold credit from students completing courses for which prior background is deemed to make them ineligible. For example, 100-level courses are normally restricted to students with little or no prior knowledge in that language. Should a student with matriculation standing, or those possessing prior background (such as native speakers or those for whom it is their first language) register in the 100-level course, credit may be withheld.
(4) FREN 311, 312, 313, 314, 315, 316 pursue mastery of the language and introduce students to the study of texts (e.g., literary, journalistic, cinemato-graphic). The double focus allows for applied language development while providing an in-depth introduction to the study of major cultural texts.

201.104 German, GERM
Department of Modern Languages and Cultural Studies:
Germanic, Romance, Slavic
Faculty of Arts

Notes
(1) The Department reserves the right to place students in the language course appropriate to their level of language skill.

(2) Placement tests may be administered in order to assess prior background. Students with a German language background should consult a Department advisor. Such students may be granted advanced placement and directed to register in an advanced course more suitable to their level of ability. Students seeking to fulfill their Language Other than English requirement may begin at any one appropriate level, but must take the full 6 in one language.

(3) The Department will withhold credit from students completing courses for which prior background is deemed to make them ineligible. For example, 106-level courses are normally restricted to students with little or no prior knowledge in that language. Should a student with matriculation standing, or those possessing prior background (such as native speakers or those for whom it is their first language) register in the 106-level course, credit may be withheld.

(4) See also INT D 350 and 519 for courses which are offered by more than one department or Faculty and which may be taken as an option or as a course in this discipline.

(5) See also Scandinavian listings.
