221 University History and Traditions

221.1 Historical Sketch

The University of Alberta is a publicly supported, non-denominational, co-educational institution. It is a member of the Association of Commonwealth Universities and of the Association of Universities and Colleges of Canada.

The University’s main campus of 89 hectares borders the wooded southern bank of the North Saskatchewan River and lies about two miles from Edmonton’s business centre. Away from the main campus, the University Farm occupies approximately 148 hectares; other holdings include the botanical gardens near Devon and lands as far away as Fort Assiniboine. A considerable area is held under rental agreements, including the Ellerslie farm and the Kinsella ranch.

Some two dozen major teaching and research buildings are situated on the campus as well as two affiliated colleges, six halls of residence, the Students’ Union, and service buildings. Michener Park, once part of the University Farm, is a student housing area. South of 87th Avenue, on lands Students’ Union, and service buildings. Robert Newton was named President on WAR Kerr’s retirement in 1941. He played an important part in the framing of the University Act of 1942, which transferred from the Senate to the General Faculty Council jurisdiction over academic matters and vested all final authority in the Board of Governors, whose jurisdiction had previously been confined to finance.

**Years of Expansion: 1945 to 1969**

With the end of the war, a flood of veterans poured into the University and registration rose from 2,023 in 1943–44 to a peak of nearly 5,000 in 1947–48. Accommodation in classrooms, laboratories, and libraries was pathetically inadequate, and housing was generally even less satisfactory. Army huts only partially relieved the pressure. By 1947 student numbers had tripled from pre-war figures, but full-time teaching staff did not even double. Thereafter the pace of campus development slowly increased. New wings were added to the Medical Building in 1947 and 1948; the first Students’ Union Building opened in 1950, the Rutherford Library and the Engineering Building in 1951, and the Agriculture Building in 1953 (now, after enlargements and renovations, the Earth Sciences Building). The Administration Building dates from 1957.

The hectic post-war years merged into the slower growth of the 1950s. Andrew Stewart became president in 1950 and was succeeded by Walter H Johns, who served from 1959 to 1969. In that ten-year period the enrolment rose from approximately 5,000 to 17,500, as the post-war generation came to university age.

This unprecedented increase in numbers made necessary the rapid construction of new buildings during the 1960s. The Physical Education Building, the Physical Sciences Building, and additions to the Medical and Engineering Buildings were followed by the Education Building in 1963, the Donald Ewing Cameron Library, the Household Economics Building, and the new residences named after western explorers. The dining centre was named in honor of Reg Lister, who had for so many years taken care of the older residence students. The Henry Marshall Tory Building was opened in 1966, Phase I of the Engineering Centre in 1968, and the Clinical Sciences Building of the Faculty of Medicine in 1969. A new Students’ Union Building opened in 1967.

No major changes in the University’s legal status occurred until the Act of 1966 provided for the establishment of other and separate provincial universities under a Universities’ Commission, which has since disbanded.

The increasing range and complexity of subjects studied at the University was reflected in the classification of Graduate Studies as a Faculty in 1957, in the division of the Faculty of Arts and Science into two Faculties in 1963, and in the foundation of a number of new centres and institutes dedicated specifically to research. A School of Library Science was created in 1968; an independent Faculty from 1975 to 1991, it is now, as the School of Library and Information Studies, a unit within the Faculty of Education. Outside of Edmonton, the University’s work in Calgary, instituted in 1951, gradually expanded and an affiliated junior college was established in Lethbridge. These became separate universities in 1966. Other junior colleges in Medicine Hat, Camrose, Red Deer, and Grande Prairie became affiliated with the University to help bring higher education to more areas of the province.

**Recent Years**

Max Wyman, the first graduate of the University to become its president, took office in 1969 and served until 1974; Harry Gunning followed from 1974 to 1979; Myer Horowitz from 1979 to 1988; and Paul Davenport from 1989 to 1994. Roderick Fraser took office at the beginning of 1995. During these years new problems arose, as a levelling of student numbers and worldwide inflation made the University’s projected budgets less adequate than had been expected.

In the 1980s a gradual increase of student numbers resumed, reaching almost 25,000 full-time and more than 4,000 part-time students in 1986-87. Buildings already begun were completed one by one: the Biological Sciences Centre and the Central Academic Building in 1970, the Law Centre in 1971, and the Basic Medical Sciences Complex and the Engineering Centre, Phase II, in 1972. In 1972, also, the first residents moved into the Housing Union Building, designed and financed on the initiative of the Students’ Union. Since then, the Humanities Centre, the Fine Arts Building, one phase of a projected expansion of the Rutherford Library, and additions to the Chemistry Building and Education Building have successively come into use. In 1978, following several years of moratorium on construction, ground was broken for a new Agriculture and Forestry Building; it was completed and opened in October 1981. Part of the Walter C Mackenzie Health Sciences Centre was opened in 1982, and a new building for the Faculty of Business was completed in 1984.

A growing awareness of the value, both architectural and practical, of the University’s older buildings led to a decision to renovate, rather than demolish, Pembina Hall. Pembina’s transformation into a fully modern graduate student residence was so successful that it earned national recognition in the form of a Heritage Canada Award. Athabasca Hall underwent an even more drastic transformation, as its wooden construction needed to be completely replaced with modern materials; the renovated building was reopened in the autumn of 1977 and received a Heritage Canada Award in its turn. A similar rebuilding of Assiniboia Hall was completed in 1982. Convocation Hall was also renovated, and a new organ installed; several recitals on this instrument have been nationally broadcast since it was inaugurated in 1978. Renovation of the Arts Building was completed in the spring of 1988.

In 1970 the Collège Saint-Jean, in South Edmonton, became an integral part of the University as the Collège Universitaire Saint-Jean and in May of 1978 it became the University’s newest Faculty when the name officially changed to Faculté Saint-Jean. It offers a bilingual program of courses in Arts, Science, and Education.

A School of Native Studies, providing a curriculum and a learning environment designed specifically to meet the needs of Canada’s Aboriginal peoples, was founded in 1984.

Spring Term (a six-week period between the end of the regular Fall/Winter and the beginning of Summer Term), during which intensive courses are offered, was inaugurated in 1972 and proved to be an immediate success.

The importance of scholarly publishing in the academic community was recognized when the Board of Governors formally established the University of Alberta Press. Although at first without regular staff, the Press nevertheless succeeded in publishing a small group of works of high quality. The appointment of Les Gutteridge as the first Director of the Press in 1977 placed its operations on a more adequate basis; since then it has issued a number of works of scholarly value each year. The publication in July 1981, of A History of the University of Alberta, by former president Walter H Johns, was a sign of the maturity both of the University and of the Press.

In 1983 the University celebrated the seventy-fifth anniversary of its foundation in a way that illustrated its significance in Canada and the international community. HRH the Prince of Wales received an honorary doctorate at a special convocation, and opened the World University Games, which attracted more than 6,000 participants from 87 countries to a wide variety of athletic and cultural events. The Universiade Pavilion, the Tennis Centre, and new student housing in Garneau, all completed in time to be used during the games, remain as reminders of the occasion.

In the 1990s the University was severely affected by retrenchments in the provincial budget; a state of financial exigency was declared by the Board of Governors in 1994. As part of an effort to reduce administrative costs without impairing educational quality, a number of Faculties and departments were merged. Nevertheless, in fulfilment of the purposes of a generous private donation, it was possible in 1994 to complete the Timms Centre for the Arts, with up-to-date facilities for the performing arts, a sign of the University’s continuing commitment to enhancing the quality of life in the community as a whole.

### 221.2 University Traditions

#### The University Motto

The University motto, *Quaecumque vera*, is taken from the Latin Vulgate version of the Bible, the Epistle of St Paul to the Philippians, chapter 4, verse 8:

\[
De cetero, fratre, quaecumque sunt vera, quaecumque pudica, quaecumque justa, quaecumque sancta, quaecumque amabilia, quaecumque bonae famiae, si qua virtus, si qua laus disciplinae, haec cogitare.
\]

Following is the same passage, from the King James version:

Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.

#### The Coat of Arms
On November 15, 1909, a motion by the faculty recommended to the Senate the adoption by the University of the provincial coat of arms, with the addition of an open book above the shield and the motto Lux et Lex; the words “University of Alberta” were to be attached as might seem fit. The present motto was substituted in January 1911 for the one originally proposed. In 1950 the representation of the coat of arms was altered to conform better to the principles of heraldic design but these arms were never actually registered.

In 1994 a new coat of arms incorporating a number of traditional symbols associated with the University or the Province, or with learning, was officially granted by the Canadian Heraldic Authority. In non-technical language, it consists of the following elements:

Shield: a representation of the topography of Alberta (wheat fields, hills, rivers, and the Rocky Mountains) derived from the provincial coat of arms, and a book symbolizing learning.

Crest: a Great Horned Owl, the provincial bird and a traditional symbol of wisdom.

Supporters: a pronghorn, taken from the provincial coat of arms, and a golden bear, long the University mascot, standing on a mound of wild roses, the floral emblem of Alberta.

Motto: Quaecumque vera.

The University Colors

The original suggestion for green and gold University colors came from Marion Kirby Alexander, who drew her inspiration from the autumn colors of the river valley below the campus. Her husband, William Hardy Alexander, Professor of Classics, relayed the suggestion to the Faculty meeting of October 13, 1908. At its first meeting of October 13, 1908, the Senate approved the combination of green and gold as particularly appropriate to the new University of Alberta. The green represents wide stretches of prairie land flanked by deep spruce forests, and is symbolic of hope and optimism; the gold represents the golden harvest fields and is symbolic of the light of knowledge.

The University Flag

The University Flag. The Flag of the University consists of the shield of the coat of arms on a gold background.

The shield and the motto are used in accordance with the University’s visual identity program.

Trademarks and Logos

The University’s name (i.e., The University of Alberta) and acronym (U of A), and other names commonly associated with the University (e.g., Bears/ Pandas), as well as the University coat-of-arms, shield, crest, logos, insignia, and other graphic and word marks are protected under the Trade Marks Act.

Any use of these trademarks for other than official University of Alberta business requires authorization from the Vice President (External Relations) or designee. It is a serious offence to use any of these trademarks or their elements for any purpose without written permission. Unauthorized use constitutes infringement and guilty parties are subject to penalties.

The names and marks of the University may not be used in conjunction with any other names, marks and/or trademarks of a third party, except by express written permission from the owner of those marks.

The Official Coat-of-Arms of the University of Alberta may not be used except by the Office of the Chancellor in conducting official University business.

Academic Costume

Undergraduate Degrees

All undergraduate and master’s degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point. Hoods are made in the Oxford pattern of spruce green material. The Bachelor’s hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters’ hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

Doctors’ gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctor’s hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown’s sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Degrees

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

221.3 University Officials

Presidents of the University of Alberta

1908 - 1928 Henry Marshall Tory
1928 - 1936 Robert C Wallace
1936 - 1941 William AR Kerr
1941 - 1950 Robert Newton
1950 - 1959 Andrew Stewart
1959 - 1969 Walter H Johns
1969 - 1974 Max Wyman
1974 - 1979 Harry Gunning
1979 - 1989 Myer Horowitz
1989 - 1994 Paul T Davenport
1994 - W John McDonald
1995 - Roderick D Fraser
1996 - 1997 Katherine M McIvor
1997 - 1998 JH Olgilvie
1998 - 2000 Lois Elsa Hole
2000 - John Thomas Ferguson
2000 - 2003 Lois Elsa Hole
2003 - 2005 Roderick D Fraser
2005 - 2008 Copernicus
2008 - Mark Cutler
2008 - 2010 David Turpin
2010 - James Temerty
2010 - 2012 David Turpin
2012 - 2015 David Turpin
2015 - David Turpin

Chancellors of the University of Alberta

1908 - 1926 Charles Allen Stuart
1926 - 1927 Nicolas Dubois Dominic Beck
1927 - 1928 Alexander Cameron Rutherford
1928 - 1946 Frank Ford
1946 - 1952 George Frederick McInally
1952 - 1958 Earle Parkhill Scarlett
1955 - 1959 Louis D Hyndman
1959 - 1960 Louis D Hyndman
1960 - 1962 James P MacSween
1962 - 1964 Francis Philip Galbraith
1964 - 1969 Stuart Macpherson
1969 - 1971 Roderick D Fraser
1971 - 1975 JAG Woodger
1975 - 1979 John C Jefferys
1979 - 1982 John A McAllister
1982 - 1986 John A Baillie
1986 - 1989 W John McDonald
1989 - 1994 Paul T Davenport
1994 - 1998 Max Wyman

2012 - 2015 Mark Cutler
2015 - 2017 James Temerty
2017 - 2020 David Turpin
2020 - 2022 JAG Woodger
2022 - 2025 David Turpin
2025 - 2028 JAG Woodger
2028 - 2031 Karel De Graft-Johnson
2031 - 2034 Janice E Richards
2034 - 2037 Kevin O’Brien
2037 - 2039 Graeme Bockst前后
222 Constitution of the University

222.1 Introduction

The main lines of the constitution of the University of Alberta are laid down in the Universities Act assented to April 15, 1966.

222.2 The Universities Coordinating Council

222.2.1 General Information

The Universities’ Coordinating Council consists of the following representatives of each university in Alberta: the President, the Vice-President (Academic) and Vice-President (Finance), two Deans and two other members of the academic staff appointed by the General Faculties Council, and not more than three other members of the academic staff appointed by the Coordinating Council itself. The Chair is elected by the Council, but shall not be elected from the representatives of one university for more than three consecutive years. The Council may appoint a secretary and prescribe his or her powers, functions and duties.

The Council inquires into any matter that in its opinion calls for cooperative action on the part of the General Faculties Councils, and makes recommendations thereon to any General Faculties Council or the Minister of Learning; it may give its advice and opinions to the General Faculties Council or to the Minister on any matter. It may make recommendations to the Board of Governors of a University or to the Minister. It may determine minimum standards for the affiliation of colleges or other institutions with the Universities, and may recommend that an affiliation agreement be made, modified, or dissolved. It gives or withholds its approval of standards or policies proposed by a General Faculties Council with regard to the admission of students, or to the Minister on any matter. It may make recommendations to the Board of Governors, the Senate, and all Faculty councils. The Council may appoint a secretary and prescribe his or herpowers, functions and duties.

The Chancellor

Chancellor of the University

JT Ferguson, FCA, LLD (Hon)

The Chancellor is titular head of the University, and represents the public interest in the University. Elected for a four-year term of office by the Senate, the Chancellor is chair of the Senate, an ex officio member of the Board of Governors, and may make recommendations to the Board of Governors or to the Minister of Learning; it may give its advice and opinions to the General Faculties Council or to the Minister on any matter. It may make recommendations to the Board of Governors of a University or to the Minister. It may determine minimum standards for the affiliation of colleges or other institutions with the Universities, and may recommend that an affiliation agreement be made, modified, or dissolved. It gives or withholds its approval of standards or policies proposed by a General Faculties Council with regard to the admission of first-year students to any University. It has jurisdiction over the conditions of entrance to certain learned professions and callings.

The President and Vice-Chancellor

President and Vice-Chancellor

RD Fraser, BA, MA, PhD

The President, who is also the Vice-Chancellor, is an ex officio member of the Board of Governors, the Senate, and all Faculty councils. The President chairs meetings of General Faculties Council and Deans’ Council. The President’s overall responsibility is to fulfill the vision and mission of the University, and is entrusted with the general supervision of the business affairs of the University and may make recommendations to the Board of Governors on any matter affecting the University.

The Vice-Presidents

Provost and Vice-President (Academic)

CG Amrhein, BSc, PhD

The Provost and Vice-President (Academic) is the senior vice-president. In the absence or incapacity of the President, or when the presidency is vacant, he is the Acting President.

Vice-President (External Relations)

SL Green, BA

The Vice-President (External Relations) is responsible for the University’s development and advancement activities, as well as alumni affairs, public affairs, government relations, integrated marketing and creative services.

Vice-President (Facilities and Operations)

O Hickey, PEng

Vice-President (Finance and Administration)

PM Clark, BA, MA
The Board of Governors

The Board of Governors is a corporation with the name “The Governors of The University of Alberta.” It consists of a Chair appointed by the Lieutenant-Governor in Council, the Chancellor, the President, and 17 other persons appointed by the Lieutenant-Governor in Council or the Minister of Learning. Of the 17, two are members of the Alumni Association nominated by the Association, one is a member of the Senate nominated by it from those of its members who are not on the University Staff, two are members of the academic staff nominated by the General Faculties Council, one is a member of the non-academic staff nominated by the non-academic staff, one is a student nominated by the Graduate Students’ Association, two are students nominated by the Students’ Council, and eight are appointed as representatives of the “general public.”

The conduct, management, and control of the University and all its property, revenue, business, and affairs are vested in the Board. The Board appoints the deans of all Faculties, all members of the teaching staff, the Librarian, the Registrar, and all members of the administrative staff, but no one may be appointed to a senior administrative post or to the academic staff of the University unless first nominated by the President of the University. The Board provides for the maintenance of buildings and the erection of new buildings. It has authority to purchase and acquire such property as it may deem necessary for the purposes of the University. It fixes the various fees charged in connection with university courses and it makes financial provision for the establishment of new Faculties, departments, and courses. It may establish arrangements designed to contribute to the educational and cultural advancement of the people of Alberta at large. When any question arises as to the powers or duties of the Senate or any other University body or of the President or a dean or other officer or employee, and these powers and duties are not definitely provided for in The Universities Act, the Board’s decision on the question is final.

The Senate

Ex officio Members

The Senate undertakes to accomplish goals that have been developed in accordance with the University's key strategic initiatives. They include: raising the profile and enhancing the linkages of the University internally, provincially, nationally and internationally; examining and advising on specific issues of long-term importance to the University; increasing awareness of student issues; celebrating achievements and promoting the recognition of excellence; fostering support and funding from the government and community; assisting in the recruitment of students with outstanding potential; assisting in the retention of outstanding faculty; and guarding University traditions.

It is the mandate of the Senate to inquire into any matter that might tend to enhance the usefulness of the University. It is specifically authorized to interpret the University to the public, to require reports from Faculty councils, the Students' Council, and any members of the academic staff; to receive and consider submissions from anyone interested in the University; to arrange for public meetings and other means of providing and acquiring information on the University. As a consequence, it may make reports and recommendations to the Board or the General Faculties Council or other appropriate body. In addition, the Senate may authorize the conferring of Honorary Degrees.

The Senate is a unique, independent advisory body of community leaders which plays a critical role in linking with our community and enhancing the reputation of the University of Alberta. The Chancellor of the University is Chair of the Senate, which has 62 members, 30 of whom are elected from the general public, and nine of whom are appointed from the public by the Minister of Learning.

223.2 University Library

The resources of the University of Alberta Library system comprise one of the major research collections in Canada. The system consists of numerous subject collections with a total of over 4.6 million volumes, 800,000 government documents, 39,000 serial subscriptions, 1.3 million maps, 1 million air photos, audiovisual resources, and a large collection of research materials in microform.

Collection access is provided through an on-line catalogue system, and assistance is offered in accessing other libraries and information resources worldwide through computer networks. The Library offers electronic literature searching of several hundred commercial databases, and provides interlibrary loan service through a network of research collections in North America and around the world.

The Humanities and Social Sciences Library includes, in the Rutherford Library, collections of monographs, bound periodicals, and government documents numbering about 1.7 million volumes, a very large collection of materials in microformats (more than 500,000 items), over 4,500 current periodicals in the Reading Room in Rutherford South, plus a significant collection of Canadian and foreign newspapers. The business reference library is located at the Winspear Reading Room in the Business Building. In addition, older HSS research resources numbering about 400,000 volumes are housed offsite at the Book and Record Repository (BARD). A large reference collection of electronic databases, CD-ROM products, indices, handbooks, and statistical sources provides access to the literature in the humanities and social sciences.

The Bruce Peel Special Collections Library is located on the lower level of Rutherford South. This collection of approximately 180,000 volumes houses the University’s rare books in the humanities and social sciences. It also includes some literary manuscripts, Western Canadian papers, and the archival collection of all the University of Alberta theses and dissertations. Major holdings in English literature include John Bunyan, John Milton, DH Lawrence, 18th century plays, and three-decker novels with emphasis on the Minerva Press. Western Canadians is another collection area, as is 20th century fine printing from England, the United States, and Canada. Special Collections also houses the Javitch collection of North and South American materials.

The Science and Technology Library occupies the first four floors of Cameron Library. The collection includes information resources in all formats in the areas of science, engineering, agriculture, forestry and home economics. This library includes three unique collections. The William C Wonders Map Collection, the Science and Technology Special Collection, and the Canadian Circumpolar Collection, specializing in information about the Arctic and sub-Arctic regions of the world. This library also has two branches: the Mathematics Branch Library, located in the Central Academic Building, and the Physical Sciences Branch Library, located in the Chemistry Building.

Cameron Library also houses Information Technology Services, Bibliographic Services, Administrative Services, Interlibrary Loans/Document Delivery, and the Knowledge Common and the ONEcard Office.

The John W Scott Health Sciences Library, in the Walter C Mackenzie Health Sciences Centre, contains information resources in all formats for the health sciences. The collection includes a reserve collection for these subject areas and a reference collection. Historical material is found in the Phyllis Russell Rare Book Room.

The John A Weir Memorial Law Library is in the Law Centre located on 111th Street and 89th Avenue. The Library contains law reports, statutes, and regulations for the Canadian federal, provincial, and territorial government, the United Kingdom, other Commonwealth countries, and the United States. It also has periodicals, treatises and textbooks, government documents, and reference sources. The collection includes books, microform resources, audio and video tapes, and access to electronic databases. The Library has extensive collections in oil and gas, health, and communications law. The collections are totally accessible through the online catalogue.

The other major library on campus is the Herbert T Coutts (Education and Physical Education) Library which occupies the three-storey east wing of the Education Building. This is the primary resource library for the Faculties of Education and Physical Education and Recreation. The Education Collection (located on the main and second floors) contains material on the theory and practice of teaching. The Curriculum Collection (located in the basement) contains learning resources and classroom materials for use with students from kindergarten to the Grade 12 level.

The Bibliothèque Saint-Jean is located at 8406 - 91 Street. It contains over 150,000 volumes (monographs, periodicals, and government documents) in the humanities, social sciences, education, and pure sciences. The collection emphasizes French Canadian history and literature. Materials are in both official languages with an emphasis on French.

The Alumni Association, formed in 1915, counts among its members over 190,000 graduates worldwide and in all walks of life. On graduation, without fee, every student automatically becomes a lifetime member.

Members in good standing are entitled to the numerous benefits included in the Association Services and activities listed below.

New Trail

Published quarterly, New Trail magazine travels to the four corners of the world. It is distributed free of charge to all University of Alberta graduates; however, alumni are encouraged to contribute a voluntary subscription fee. New Trail contains feature articles as well as alumni and campus news, including notes about the current activities of graduates.

Recreational Privileges

With an Alumni ONEcard, alumni and their families can obtain access to all campus recreational facilities at a special rate.

Reduced Insurance Rates

In cooperation with major insurance companies, the Association offers life, critical illness, auto and home insurance to alumni at special group rates.

Affinity Card

Special financial services, including an affinity credit card, are available to alumni and students. The affinity card is a unique way to contribute to the University.

Alumni Education and Travel Programs

A variety of activities, including a popular group travel program, help alumni expand their horizons and remain connected with the exciting learning activities at the heart of the University.

Library Privileges

With the Alumni ONEcard graduates are welcome to use library materials for only $30 annually.

Association and University Affairs

Alumni have a unique perspective to bring to University affairs. Alumni can be involved in University government by being elected to Alumni Council as Faculty Representatives or Members at Large. As members of the governing council of the Association, alumni stay informed about current developments at the University and initiate projects that benefit both alumni and current students and recognize the outstanding achievements of alumni and students. Alumni may also be named to various University bodies including the Senate and the Board of Governors.

Alumni Pride Awards

At the annual Alumni Pride Awards ceremony, the Alumni Association presents special recognition awards to outstanding alumni. The Alumni Pride Awards program includes Alumni Awards of Excellence, which recognize major achievements in the previous year; the Alumni Horizon Awards, which celebrate the achievements of alumni early in their career, and the Alumni Honour Awards, which recognize the significant contributions made over a number of years by University of Alberta alumni in their local communities and beyond. The Distinguished Alumni Award is the Association's highest honour. Award recipients are inducted to the Alumni Wall of Recognition. Housed in the Students' Union Building, the Wall of Recognition celebrates the diverse achievements and contributions made by University of Alberta alumni to their chosen professions, to their communities and to society.

Student Scholarships and Awards

The Alumni Association sponsors a number of student awards and scholarships for undergraduate and graduate students. Reginald Charles Lister Memorial, Maimie S Simpson Memorial, Alumni 75th Anniversary and Alumni Council Millennium Scholarships and Awards can be found in the Undergraduate and Graduate Student Awards Handbook. Information on the Alumni Advantage Scholarship can be obtained from the Alumni Association website at www.ualberta.ca/alumni

Alumni Branches

Alumni Association branches are located in numerous Canadian cities and in several foreign countries. These groups of alumni organize social and educational functions for graduates in their area. They have their own constitution and executive committees and operate under the auspices of the Association.

Alumni Chapters

Alumni Chapters are organized for a number of faculties, departments, and special interest groups. These include Law, Rehabilitation Medicine, Medicine, Dentistry, Pharmacy, Business, Nursing, Library and Information Studies, Education, Health Services Administration, Forestry, Drama, Native Studies, East Asian Studies, Comparative Literature and the Mixed Chorus. Administered by the Alumni Association with the cooperation of the relevant faculties or departments, these chapters have elected alumni executives. They serve to promote the welfare of their specific Faculty, department, or area of special interest.

Class Representatives

Students in their senior year are regularly invited to volunteer to serve as the class representative for their department or Faculty. Class representatives link the class and the Association. They assist classmates in maintaining contact with another and the University by organizing reunions and preparing class newsletters.

Reunion Days

Each year the Alumni Association organizes Reunion Days, a homecoming event for all graduates. Special invitations are extended to classes celebrating their fifth or greater anniversary of graduation. Reunion Days activities include campus open houses, a Gala Dinner and Dance and a brunch for senior graduating classes hosted by the President of the University.

Newsletter Service

The Association absorbs all costs of mailing one newsletter per year for each class. Class representatives simply send a typed copy to the Alumni Office and the Office does the rest. If a class is organizing a reunion, the Office will send out two newsletters that year.

Official Alumni Mementos

In addition to official University of Alberta degree and picture frames, the Association offers special edition memorabilia to alumni.

Host Family

In conjunction with the U of A International Centre, alumni families are invited to share friendships and experiences with foreign students attending university.

Online Services

The Alumni Association also provides a variety of web-based services, including online mentoring, a forwarding e-mail address for life, an alumni directory, and bulletin boards. Go to www.ualberta.ca/alumni for more information.
226  Affiliated Colleges

226.1  On-Campus Colleges

Two denominationally-sponsored colleges, with buildings on campus, are related to the University by an agreement described as affiliation, and offer courses that may be taken for degree credit by students of the University.

General Information

St Joseph’s College was established by the Roman Catholic Church and incorporated by the Legislature of Alberta and affiliated with the University of Alberta in 1926 to provide a Catholic dimension to postsecondary education. In collaboration with the University, the College contributes to liberal education through studying the Judaeo-Christian intellectual and religious tradition and applying it to contemporary issues.

Courses Offered for University Credit

St Joseph’s offers courses in philosophy and theology to all students registered at the U of A for credit toward a BA degree or as Arts options open to students in other Faculties. The College also operates a Catholic Ethics Centre.

Christian Theology

For courses taught by St Joseph’s College in Christian Theology see §211 (Course Listings).

Philosophy

For courses taught by St Joseph’s College in Philosophy see §211 (Course Listings).

226.1.2  St Stephen’s College

Academic Staff of the College

President
Rev Dr George Rodgers as Interim President

Academic Dean

Teaching Faculty
V Dunne, BA, Cert Ed, MAPS, DMin
C Barnsley, BSc, M Adult Ed
R Lund, BSc, MDiv
J Waters, BA, MDiv, MTS, DMin

General Information

St Stephen’s College, an undergraduate and graduate theological school of the United Church of Canada, established by Provincial Charter, has been affiliated with the University since 1908 and works on a broadly ecumenical basis, integrating faith and theology with practice and experience.

Courses Offered for University Credit

By an arrangement with the University, courses in Biblical Literature, Christian Theology, and Faith Development taught in St Stephen’s College are open to students of the University for credit toward the Bachelor of Arts degree, or as Arts options open to students in other Faculties. For information about courses offered, see §211, Course Listings.

Non-Credit

The College sometimes provides short-term, non-credit courses and lectures of a professional and interdisciplinary nature for professional church workers and laity, and these courses are open to members of the University.

Degree Courses

The College offers graduate theological degrees: a professional Doctor of Ministry (DMin), an advanced Master’s Degree (MTh), Preparation in Diocesan Ministry (BTS, MTS), a Master of Theological Studies (MTS) for lay persons, and a Master of Arts in Pastoral Psychology and Counselling (MAPPC). In addition to the University credit courses, the college offers courses for St Stephen’s College credit which are used toward these degrees. These courses are offered in a variety of formats: week-long, semester-long, internet and correspondence. Enquiries may be directed to the office at (780) 439-7311.

226.2  Public Colleges and Technical Institutes

Formal affiliation agreements do not exist between the University and the public colleges or technical institutes in the Province. However, arrangements are in place which allow for the transfer of students from these postsecondary institutions to the University of Alberta (See §14.2).

227  Associated Institutions and Agencies

The University of Alberta Hospital operates under the Capital Health Authority (CH), one of 17 regional health authorities in Alberta. CH serves a population of 816,000 from Edmonton, St Albert, Leduc and Strathcona County, as well as patients from across Alberta in various specialized programs. CH is responsible for all acute care, public health, home care and long-term care in the region.

The Alberta Research Council develops and commercializes technologies to give clients a competitive advantage. A Canadian leader in innovation, ARC provides solutions globally to the energy, life sciences, agriculture, environment, forestry and manufacturing sectors.

ARC partners with industry, universities/technical institutes, and other research laboratories to convert ideas to products and services and to provide solutions to targeted needs.
