231 University History and Traditions

231.1 Historical Sketch

The University of Alberta is a publicly supported, non-denominational, co-educational institution. It is a member of the Association of Commonwealth Universities and of the Association of Universities and Colleges of Canada.

The University’s main campus of 89 hectares borders the wooded southern bank of the North Saskatchewan River and lies about two miles from Edmonton’s business centre. Away from the main campus, the University Farm occupies approximately 148 hectares; other holdings include the botanical gardens near Devon and lands as far as Fort Assiniboine. A considerable area is held under rental agreements, including the Ellerlie farm and the Kinsella ranch.

Some two dozen major teaching and research buildings are situated on the campus as well as two affiliated colleges, six halls of residence, the Students’ Union, and service buildings. Michener Park, once part of the University Farm, is a student housing area. South of 87th Avenue, on lands formerly part of the original campus, are the quarters of the Research Council of Alberta, the Provincial Laboratory of Public Health, two teaching hospitals, the Edmonton Veterans’ Hospital, the Aberhart Sanatorium, the Dr WW Cross Cancer Institute, and the Northern Alberta Jubilee Auditorium. An off-campus Book and Record Depository for storage of less-used library materials was opened in 1994.

The Beginnings of the University

Excerpt from University Beginnings in Alberta, by RK Gordon.

We were a small, light-hearted company, hardly more than a score of us; and all of us were young. We lived in a clearing in the poplar bush on the south bank of the North Saskatchewan River. On the sloping sides of the great valley and on the flats below the coyotes barked and howled at night. On top of the bank we taught the students Latin, Greek, English and history. Some of us were mean-spirited as to entertain the slightest doubt.

Government Building stood the rather forlorn remains of old Fort Edmonton, but they were not long allowed to cumber the landscape. The new, raw, bustling city was not interested in a reminder of its humble beginnings. The University building. (Corbett Hall was originally constructed as a provincial normal school, not a university building.) RC Wallace succeeded President Tory in 1928, and in 1936 (St Stephen’s College had been, as Alberta College South, the first building on the campus. After the union of the Methodist and Presbyterian churches, it was renamed in 1927 and became the United Church theological college for Alberta.

The depression years brought serious problems. Though registration did not decline, its increase was slowly from 1,560 students in 1929 to 2,327 in 1939. Full-time teaching staff increased even more slowly. The budget actually fell and did not recover to its pre-depression level until after the war. No new building took place after the present Corbett Hall was completed. (Corbett Hall was originally constructed as a provincial normal school, not a University building.) RC Wallace succeeded President Tory in 1928, and in 1936 was transferred to the University by WJ Kerr, who had been the first Dean of the Faculty of Arts and Science. The affiliation of Mount Royal College in 1931 marked a beginning of university work in Calgary. The Banff School of Fine Arts opened in 1933 and the Western Board of Music was established in 1931. Entrance to the University from Grade 11 was abolished in 1937. In 1930 fraternities were permitted; a less controversial change was the abolition of the old practices involved in freshman initiation.

The impact of the war of 1919–18. Though war naturally disrupted the University’s life, there was a determination to preserve its essential being while using its facilities as fully as possible in relation to the national effort. The Air Force took over the three residences and out-of-town students, whose number had not substantially declined, flocked to preserve its essential being while using its facilities as fully as possible in relation to the national effort. The Air Force took over the three residences and out-of-town students, whose number had not substantially declined, flocked into Garneau boarding houses and made use of a new cafeteria known to later students and staff. New laboratories were built adjacent to the Arts Building, and the sub-Faculty of Dentistry in 1917, and the Department of Household Economics all became Faculties.

The outbreak of war in 1914 slowed the pace of development. The new University sent 438 of its staff, alumni, and students to the armed forces. Eighty-two were killed or died on active service. Their names, together with those of the casualties of the war of 1939–45, are commemorated on a bronze tablet near the entrance to Convocation Hall.

Although the war brought a halt to the building activity, the organization of the University’s teaching moved on with the establishment of the Faculty of Agriculture in 1915, the School of Accounting in 1916, the School of Pharmacy and the sub-Faculty of Dentistry in 1917, and the Department of Household Economics in 1918. Of these, the School of Accounting became the Faculty of Commerce, now the Faculty of Business, and Pharmacy, Dentistry, and Household economics all became Faculties.

With the end of the Great War the University rapidly expanded in number of students and staff. New laboratories were built adjacent to the Arts Building, and the Medical Building was completed in 1921; new wings were added following the war of 1939–45. The curriculum was fundamentally revised in 1919–20 to permit greater freedom in election of courses. The first summer term was held in 1919. The institution of the Research Council of Alberta signified not only an increasing emphasis on science, but a further recognition of the University’s involvement in the development of the province.

In 1927 St Joseph’s College was opened under Roman Catholic auspices. St Stephen’s College had been, as Alberta College South, the first building on the campus. After the union of the Methodist and Presbyterian churches, it was renamed in 1927 and became the United Church theological college for Alberta.

With the end of the war of 1919–18. Though war naturally disrupted the University’s life, there was a determination to preserve its essential being while using its facilities as fully as possible in relation to the national effort. The Air Force took over the three residences and out-of-town students, whose number had not substantially declined, flocked into Garneau boarding houses and made use of a new cafeteria known to later generations as Hot Caf (which was demolished in 1969 to provide the site for the Central Academic Building). Medicine, Dentistry, and Education offered accelerated courses. Engineering offered special courses to members of the armed services. No more important development took place than the acceptance in 1945 by the University of sole responsibility for the training of Alberta teachers. The School of Education, established in 1928, became a Faculty in 1942, and after the war it became, in terms of enrolment, the largest in the University.

Robert Newton was named President on Warner Kerr’s retirement in 1941. He played an important part in the framing of the University Act of 1942, which transferred from the Senate to the General Faculty Council jurisdiction over academic matters and vested all final authority in the Board of Governors, whose jurisdiction had previously been confined to finance.

Years of Expansion: 1945 to 1969

With the end of the war, a flood of veterans poured into the University and registration rose from 2,029 in 1943–44 to a peak of nearly 5,000 in 1947–48.
Accommodation in classrooms, laboratories, and libraries was pathetically inadequate, and housing was generally even less satisfactory. Army huts only partially relieved the pressure. By 1947 student numbers had tripled from pre-war figures, but full-time teaching staff did not even double. Thereafter the pace of campus development slowly increased. New wings were added to the Medical Building in 1947 and 1948; the first Students’ Union Building opened in 1950, the Rutherford Library and the Engineering Building in 1951, and the Agriculture Building in 1953 (now, after enlargements and renovations, the Earth Sciences Building). The Administration Building dates from 1957.

In the post-war period the enrollment of the University grew from 1400 in 1945 to 6245 in 1970, a striking growth of the 1950s. Andrew Stewart became president in 1950 and was succeeded by Walter H John, who served from 1959 to 1969. In that ten-year period the enrollment rose from approximately 5,000 to 17,500, as the post-war generation came to university age.

This unprecedented increase in numbers made necessary the rapid construction of new buildings during the 1960s. The Physical Education Building, the Physical Sciences Building, and additions to the Medical and Engineering Buildings were followed by the Education Building in 1963, the Donald Ewing Cameron Library, the Household Economics Building, and the new residences named after western explorers. The dining centre was named in honor of Reg Lister, who had for so many years taken care of the older residences. The Henry Marshall Tory Building was opened in 1966, Phase I of the Engineering Centre in 1968, and the Clinical Sciences Building of the Faculty of Medicine in 1969. A new Students’ Union Building opened in 1967.

The increasing range and complexity of subjects studied at the University was reflected in the classification of Graduate Studies as a Faculty in 1957, in the division of the Faculty of Arts and Science into two Faculties in 1963, and in the foundation of a number of new centres and institutes dedicated specifically to research. A School of Library Science was created in 1968; an independent Faculty from 1975 to 1981, it is now, as the School of Library and Information Studies, a unit within the Faculty of Education. Outside of Edmonton, the University’s work in Calgary, instituted in 1951, gradually expanded and an affiliated junior college was established in Lethbridge. These became separate universities in 1968. Other junior colleges in Medicine Hat, Camrose, Red Deer, and Grande Prairie became affiliated with the University to help bring higher education to more areas of the province.

Recent Years

Max Wyman, the first graduate of the University to become its president, took office in 1969 and served until 1974; Harry Gunning followed from 1974 to 1979; Myer Horowitz from 1979 to 1989; and Paul Davenport from 1989 to 1994. Red Eckardt Fraser took office at the beginning of 1995. During these years new changes in the University’s legal status occurred until the Act of 1966 provided for the establishment of other and separate provincial universities under a Universities’ Commission, which has since disbanded.

Red Eckardt Fraser took office at the beginning of 1995. During these years new problems arose, as a levelling of student numbers and worldwide inflation made the University’s projected budgets less adequate than had been expected.

In the 1980s a gradual increase of student numbers resumed, reaching almost 25,000 full-time and more than 4,000 part-time students in 1986-87. Buildings already begun were completed one by one: the Biological Sciences Centre and the Central Academic Building in 1970, the Law Centre in 1971, and the Basic Medical Sciences Complex and the Engineering Centre, Phase II, in 1972. In 1972, also, the first residents moved into the Housing Union Building, designed and financed on the initiative of the Students’ Union. Since then, the Humanities Centre, the Fine Arts Building, one phase of a projected expansion of the Rutherford Library, and additions to the Chemistry Building and Education Building have successively come into use. In 1978, following several years of moratorium on construction, ground was broken for a new Agriculture and Forestry Building; it was completed and opened in October 1981. Part of the Walter C Mackenzie Health Sciences Centre opened in 1982, and a new building for the Faculty of Business was completed in 1984.

A growing awareness of the value, both architectural and practical, of the University’s older buildings led to a decision to renovate, rather than demolish, Pembina Hall. Pembina’s transformation into a fully modern graduate student residence was so successful that it earned national recognition in the form of a Heritage Canada Award. Athabasca Hall underwent an even more drastic transformation, as its wooden construction needed to be completely replaced with new materials; the renovated building was reopened in the autumn of 1977 and received a Heritage Canada Award in its turn. A similar rebuilding of Assiniboia Hall was completed in 1982. Convocation Hall was also renovated, and a new organ installed; several recitals on this instrument have been nationally broadcast since it was inaugurated in 1978. Renovation of the Arts Building was completed in the spring of 1988.

In 1970 the Collège Saint-Jean, in South Edmonton, became an integral part of the University as the Collège Universitaire Saint-Jean and in May of 1978 it became the University’s newest Faculty when the name officially changed to Faculté Saint-Jean. It offers a bilingual program of courses in Arts, Science, and Education.
Crest: a Great Horned Owl, the provincial bird and a traditional symbol of wisdom.

Supporters: a pronghorn, taken from the provincial coat of arms, and a golden bear, long the University mascot, standing on a mound of wild roses, the floral emblem of Alberta.

Motto: Quaecumque vera.

The University Colors

The original suggestion for green and gold University colors came from Marion Kirby Alexander, who drew her inspiration from the autumn colors of the river valley below the campus. Her husband, William Hardy Alexander, Professor of Classics, relayed the suggestion to the Faculty meeting of October 5, 1908. At its first meeting of October 13, 1908, the Senate approved the combination of green and gold as particularly appropriate to the new University of Alberta. The green represents wide stretches of prairie land flanked by deep spruce forests, and is symbolic of hope and optimism; the gold represents the golden harvest fields and is symbolic of the light of knowledge.

The University Flag

The Flag of the University consists of the shield of the coat of arms on a gold background. The shield and the motto are used in accordance with the University's visual identity program.

Academic Costume

Undergraduate Degrees

All undergraduate and master’s degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point. Hoods are made in the Oxford pattern of spruce green material. The Bachelor’s hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters’ hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

Doctors’ gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctor’s hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown’s sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Degrees

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk.

Trademarks and Logos

The University’s name (i.e., The University of Alberta) and acronym (U of A), and other names commonly associated with the University (e.g., Bears/Pandas), as well as the University coat-of-arms, shield, crest, logos, insignia, and other graphic and word marks are protected under the Trademarks Act.

Any use of these trademarks for other than official University of Alberta business requires authorization from the Vice President (External Relations) or designee. It is a serious offense to use any of these trademarks or their elements for any purpose without written permission. Unauthorized use constitutes infringement and guilty parties are subject to penalties.

The names and marks of the University may not be used in conjunction with any other names, marks and/or trademarks of a third party, except by express written permission from the owner of those marks.

The Official Coat-of-Arms of the University of Alberta may not be used except by the Office of the Chancellor in conducting official University business.

232 Constitution of the University

232.1 Introduction

The main lines of the constitution of the University of Alberta are laid down in the Post-Secondary Learning Act assented to December 4, 2003.

The Chancellor

Chancellor of the University
EP Newell, OC, LLD (Hon)

The Chancellor is titular head of the University, and represents the public interest in the University. Elected for a four-year term of office by the Senate, the Chancellor is chair of the Senate, an ex officio member of the Board of Governors, confers all degrees and represents the University at ceremonial occasions.

The President and Vice-Chancellor

President and Vice-Chancellor
RD Fraser, BA, MA, PhD

The President, who is also the Vice-Chancellor, is an ex officio member of the Board of Governors, the Senate, and all Faculty councils. The President chairs meetings of General Faculties Council and Deans’ Council. The President’s overall responsibility is to tuttil the vision and mission of the University, and is entrusted with the general supervision of the business affairs of the University and may make recommendations to the Board of Governors on any matter affecting the University.

The Vice-Presidents

Provost and Vice-President (Academic)
CG Amrhein, BSc, PhD

The Provost and Vice-President (Academic) is the senior vice-president. In the absence or incapacity of the President, or when the presidency is vacant, he is the Acting President.

Vice-President (External Relations)
SL Green, BA

The Vice-President (External Relations) is responsible for the University’s development and advancement activities, as well as alumni affairs, public affairs, government relations, integrated marketing and creative services.

Vice-President (Facilities and Operations)
D Hickey, PEng

This portfolio includes real estate, strategic planning, capital programs, facilities management (trades, building and grounds services, operations, energy management and vehicle pool), parking, housing and food services, utilities and business systems and support services.

Vice-President (Finance and Administration)
PM Clark, BA, MA

The Vice-President (Finance and Administration) and Chief Finance Officer is responsible for all financial functions of the organization and the provision of responsive and accessible institutional services.

Vice-President (Research)
HG Kachanoski, BSc, MSc, PhD

The Vice-President (Research) plays a vital role in the achievement of the University’s vision by providing leadership and direction to research activities and initiatives on campus.

The Board of Governors

Chair, JS Edwards
Vice-Chair, B Heidecker

Members

Statutory Members
HV Newell, OC, FCAE, LLD (Hon), BSc, MSc, Peng, Chancellor of the University
RD Fraser, BA, MA, PhD, President of the University

Alumni Representatives

Doug Irwin, BPE
The Board of Governors is a corporation with the name “The Governors of the University of Alberta.” It consists of a Chair appointed by the Lieutenant-Governor in Council, the Chancellor, the President, and 17 other persons appointed by the Lieutenant-Governor in Council or the Minister of Learning. Of the 17, two are members of the Alumni Association nominated by the Association, one is a member of the Senate nominated by the other of the Senate from among the 9 public members or the 30 representative members, two are members of the academic staff one of whom is nominated by the general faculties council and one of whom is nominated by the academic staff association, one is a member of the non-academic staff nominated by the non-academic staff association, one is a student nominated by the council of the Graduate Students’ Association, two are students nominated by the Students’ Council, and eight are appointed as representatives of the “general public.”

The conduct, management, and control of the University and all its property, revenue, business, and affairs are vested in the Board. The Board appoints the President, Vice-Presidents and deans of all Faculties, in accord with procedures approved by both General Faculties Council and the Board. The Board provides for the maintenance of buildings and the erection of new buildings. It has authority to purchase and acquire such property as it may deem necessary for the purposes of the University. It fixes the various fees charged in connection with university courses and it makes financial provision for the establishment of new Faculties, departments, and courses. It may establish arrangements designed to contribute to the educational and cultural advancement of the people of Alberta at large. When any question arises as to the powers or duties of the Senate or any other University body or of the President or a dean or other officer or employee, and these powers and duties are not definitely provided for in The Post-Secondary Learning Act, the Board’s decision on the question is final. A complete listing of the Board’s powers and authorities can be found in the Post-Secondary Learning Act.

The Senate is a unique, independent advisory body of community leaders which plays a critical role in linking with our community and enhancing the reputation of the University of Alberta. The Chancellor of the University is Chair of the Senate, which has 62 members, 30 of whom are elected from the general public, and nine of whom are appointed from the public by the Minister of Learning.

It is the mandate of the Senate to inquire into any matter that might benefit the University and enhance its position in the community. It is specifically authorized to interpret the University to the public, to require reports from Faculty councils, the Students’ Council, and any members of the academic staff; to receive and consider submissions from anyone interested in the University; to arrange for public meetings and other means of providing and acquiring information on the University. As a consequence, it may make reports
and recommendations to the Board or the General Faculties Council or other
appropriate body. In addition, the Senate may authorize the conferring of
Honorary Degrees.

The Senate undertakes to accomplish goals that have been developed in
accordance with the University’s key strategic initiatives. They include: raising
the profile and enhancing the linkages of the University internally, provincially,
nationally and internationally; examining and advising on specific issues of
long-term importance to the University; increasing awareness of student issues;
celebrating achievements and promoting the recognition of excellence; fostering
support and funding from the government and community; assisting in the
recruitment of students with outstanding potential; assisting in the retention of
outstanding faculty; and guarding University traditions.

## General Faculties Council

- 2 Administrative and Professional Officers/Faculty Service Officers
- The President of the AAS (UA)
- The President of St Joseph’s College
- Dean of Students
- Appointed Graduate Student Members (12)
- Appointed Undergraduate Student Members (10)

### Secretary

TA Schoeck, BA (Hons), MA

General Faculties Council (GFC) consists of the President, the Vice-
Presidents, the Deans, the Librarian, the Registrar, elected members representing the
Faculties and appointed members, including students. The number of
elected staff members is twice that of the ex officio members and the number of
appointed student members equals the number of elected staff members.
General Faculties Council, subject to the authority of the Board of Governors,
is the senior academic body of the University. It provides for the granting and
conferring of degrees, for the approval of courses and programs of study, and
for the hearing of certain appeals. GFC determines standards and policies
respecting admission of students, and it may make recommendations to the
Board on affiliation of other institutions, on academic planning, campus planning,
the budget, procedures regarding the appointment, promotion and dismissal of
academic staff, and any other matter which it considers to be of interest to the
University. It has the general supervision of student affairs.

### Deans’ Council

G Bodnar, BA (Hons), Secretary

Deans’ Council is an advisory body to the President, the Board of Governors,
and to General Faculties Council. It consists of the President, the Vice-Presidents,
the Dean of each Faculty, the Dean of the School of Native Studies, the Registrar
and the Chief Librarian.

## 232.2 Faculty Councils

Each Faculty, except that of Graduate Studies and Research, has a council
consisting of the President, the Dean of the Faculty, all full-time members of
the academic staff of the Faculty, a representative of each of the appropriate
professional societies associated with the Faculty appointed by General Faculties
Council on the recommendation of the Faculty Council, and other persons
appointed by General Faculties Council on the recommendation of the Faculty
Council. The Council of the Faculty of Graduate Studies and Research consists of
the President, the Dean, and other persons appointed by General Faculties
Council.

Each Faculty Council, subject to the control of General Faculties Council,
arraigns the courses of study falling within its jurisdiction and provides for the
setting of examinations and for determining the results. It deals with admissions
and withdrawals and authorizes the granting of degrees in branches of learning
within its jurisdiction.

233.2 University Library

The resources of the University of Alberta Library system comprise one of the major research collections in Canada. The system consists of numerous subject collections with a total of over 4.8 million volumes, 800,000 government documents, 39,000 serial subscriptions, 1.3 million maps, 1 million air photos, audiovisual resources, and a large collection of research materials in microform.

Collection access is provided through an on-line catalogue system, and assistance is offered in accessing other libraries and information resources worldwide through computer networks. The Library offers electronic literature searching of several hundred commercial databases, and provides interlibrary loan service through a network of research collections in North America and around the world.

The Humanities and Social Sciences Library includes, in the Rutherford Library, collections of monographs, bound periodicals, and government documents numbering about 1.7 million volumes, a very large collection of materials in microformats (more than 300,000 items), over 4,500 current periodicals in the Reading Room in Rutherford South, plus a significant collection of Canadian and foreign newspapers. The business reference library is located at the Winspear Reading Room in the Business Building. In addition, older HSS research resources numbering about 400,000 volumes are housed offsite at the Book and Record Depository (BARD). A large reference collection of electronic databases, CD-ROM products, indices, handbooks, and statistical sources provides access to the literature in the humanities and social sciences.

The Bruce Peel Special Collections Library is located on the lower level of Rutherford South. This collection of approximately 100,000 volumes houses the University’s rare books in the humanities and social sciences. It also includes some literary manuscripts, Western Canadian papers, and the archival collection of all the University of Alberta theses and dissertations. Major holdings in English literature include John Bunyan, John Milton, DH Lawrence, 18th century plays, and three-decker novels with emphasis on the Minerva Press. Western Canadiana is another collection area, as is 20th century fine printing from England, the United States, and Canada. Special Collections also houses the Javitch collection of North and South Amerindian materials.

The Science and Technology Library occupies the first four floors of Cameron Library. The collection includes information resources in all formats in the areas of science, engineering, agriculture, forestry and home economics. This library includes three unique collections. The William C Wonders Map Collection, the Science and Technology Special Collection, and the Canadian Circumpolar Collection, specializing in information about the Arctic and sub-Arctic regions of the world. This library also has two branches: the Mathematics Branch Library, located in the Central Academic Building, and the Physical Sciences Branch Library, located in the Chemistry Building.

Cameron Library also houses Information Technology Services, Bibliographic Services, Administrative Services, Interlibrary Loans/Document Delivery, and the Knowledge Common and the ONEcard Office.

The John W Scott Health Sciences Library, in the Walter C Mackenzie Health Sciences Centre, contains information resources in all formats for the health sciences. The collection includes a reserve collection for these subject areas and a reference collection. Historical material is found in the Phyllis Russell Rare Book Room.

The John A Weir Memorial Law Library is in the Law Centre located on 111th Street and 88th Avenue. The Library contains law reports, statutes, and regulations for the Canadian federal, provincial, and territorial government, the United Kingdom, other Commonwealth countries, and the United States. It also has periodicals, treatises, and textbooks, government documents, and reference sources. The collection includes books, microform materials, audio and video tapes, and access to electronic databases. The Library has extensive collections in oil and gas, health, and communications law. The collections are totally accessible through the online catalogue.

The other major library on campus is the Herbert T Coutts (Education and Physical Education) Library which occupies the three-storey east wing of the Education Building. This is the primary resource library for the Faculties of Education and Physical Education and Recreation. The Education Collection (located on the main and second floors) contains material on the theory and practice of teaching. The Curriculum Collection (located in the basement) contains learning resources and classroom materials for use with students from kindergarten to the Grade 12 level.

The Bibliothèque Saint-Jean is located at 8406 - 91 Street. It contains over 150,000 volumes (monographs, periodicals, and government documents) in the humanities, social sciences, education, and pure sciences. The collection emphasizes French Canadian history and literature. Materials are in both official languages with an emphasis on French.

The Alumni Association, formed in 1915, counts among its members over 190,000 graduates world wide and in all walks of life. On graduation, without fee, every student automatically becomes a lifetime member.

Members in good standing are entitled to the numerous benefits included in the following list of Association Services and activities:

New Trail

Published quarterly, New Trail magazine travels to the four corners of the world. It is distributed free of charge to all University of Alberta graduates; however, alumni are encouraged to contribute a voluntary subscription fee. New Trail contains feature articles as well as alumni and campus news, including notes about the current activities of graduates.

Recreational Privileges

With an Alumni ONEcard, alumni and their families can obtain access to all campus recreational facilities at a special rate.

Reduced Insurance Rates

In cooperation with major insurance companies, the Association offers life, critical illness, auto and home insurance to alumni at special group rates.

Affinity Card

Special financial services, including an affinity credit card, are available to alumni and students. The affinity card is a unique way to contribute to the University.

Alumni Education and Travel Programs

A variety of activities, including a popular group travel program, help alumni expand their horizons and remain connected with the exciting learning activities at the heart of the University.

Library Privileges

With the Alumni ONEcard graduates are welcome to use library materials for only $30 annually.

Association and University Affairs

Alumni have a unique perspective to bring to University affairs. Alumni can be involved in University government by being elected to Alumni Council as Faculty Representatives or Members at Large. As members of the governing council of the Association, alumni stay informed about current developments at the University and initiate projects that benefit both alumni and current students and recognize the outstanding achievements of alumni and students. Alumni may also be named to various University bodies including the Senate and the Board of Governors.

Alumni Pride Awards

At the annual Alumni Pride Awards ceremony, the Alumni Association presents special recognition awards to outstanding alumni. The Alumni Pride Awards program includes Alumni Awards of Excellence, which recognize major achievements in the previous year; the Alumni Horizon Awards, which celebrate the achievements of alumni early in their career, and the Alumni Honour Awards, which recognize the significant contributions made over a number of years by University of Alberta alumni in their local communities and beyond. The Distinguished Alumni Award is the Association’s highest honour. Award recipients are inducted to the Alumni Wall of Recognition. Housed in the Students’ Union Building, the Wall of Recognition celebrates the diverse achievements and contributions made by University of Alberta alumni to their chosen professions, to their communities and to society.

Student Scholarships and Awards

The Alumni Association sponsors a number of student awards and scholarships for undergraduate and graduate students. Reginald Charles Lister Memorial, Maimie S Simpson Memorial, Alumni 75th Anniversary and Alumni Millennium Scholarships and Awards can be found in the Undergraduate and Graduate Student Awards Handbook. Information on the Alumni Advantage Scholarship can be obtained from the Alumni Association website at www.uofaweb.ualberta.ca/alumni

Alumni Branches

Alumni Association branches are located in numerous Canadian cities and in several foreign countries. These groups of alumni organize social and educational functions for graduates in their area. They have their own constitution and executive committees and operate under the auspices of the Association.

Alumni Chapters

Alumni Chapters are organized for a number of faculties, departments, and special interest groups. These include Law, Rehabilitation Medicine, Medicine, Dentistry, Pharmacy, Business, Nursing, Library and Information Studies, Education, Health Services Administration, Forestry, Drama, Native Studies, East Asian Studies, Comparative Literature, Health Promotion Studies, Orthodontics, Public Health Sciences, St. Joseph’s College, Gateway, Safewalk and the Mixed Chorus. Administered by the Alumni Association with the cooperation of the relevant faculties or departments, these chapters have elected alumni executives. They serve to promote the welfare of their specific faculty, department, or area of special interest.

Class Representatives

Students in their senior year are regularly invited to volunteer to serve as the class representative for their department or Faculty. Class representatives link the class and the Association. They assist classmates in maintaining contact with one another and the University by organizing reunions and preparing class newsletters.

Reunion Days

Each year the Alumni Association organizes Reunion Days, a homecoming event for all graduates. Special invitations are extended to classes celebrating their fifth or greater anniversary of graduation. Reunion Days activities include a welcome back reception, campus open houses, a Dinner and Dance and a breakfast for senior graduating classes.

Newsletter Service

The Association absorbs all costs of mailing one newsletter per year for each class. Class representatives simply send a typed copy to the Alumni Office and the Office does the rest. If a class is organizing a reunion, the Office will send out two newsletters that year.

Official Alumni Moments

In addition to official University of Alberta degree and picture frames, the Association offers special edition memorabilia to alumni.

Host Family

In conjunction with the U of A International Centre, alumni families are invited to share friendships and experiences with foreign students attending university.

Online Services

The Alumni Association also provides a variety of web-based services, including online mentoring, a forwarding e-mail address for life, an alumni directory, and bulletin boards. Go to www.uofaweb.ualberta.ca/alumni for more information.

General Information

St Joseph’s College was established by the Roman Catholic Church and incorporated by the Legislature of Alberta and affiliated with the University of Alberta in 1926 to provide a Catholic dimension to postsecondary education. In collaboration with the University, the College contributes to liberal education through studying the Judaeo-Christian intellectual and religious tradition and applying it to contemporary issues.

Courses Offered for University Credit

St Joseph’s offers courses in philosophy and theology to all students registered at the U of A for credit toward a BA degree or as Arts options open to students in other Faculties.

Christian Theology

For courses taught by St Joseph’s College in Christian Theology see §221 (Course Listings).

Philosophy

For courses taught by St Joseph’s College in Philosophy see §221 (Course Listings).

235.2  Public Colleges and Technical Institutes

Formal affiliation agreements do not exist between the University and the public colleges or technical institutes in the Province. However, arrangements are in place which allow for the transfer of students from these postsecondary institutions to the University of Alberta (See §14.2).

236  Associated Institutions and Agencies

The University of Alberta Hospital operates under Capital Health (CH), one of 9 regional health authorities in Alberta. CH serves a population of 1 million from the cities of Edmonton, Fort Saskatchewan, Leduc, St. Albert, Spruce Grove and the Town of Devon as well as the Counties of Leduc, Parkland, Strathcona and Sturgeon (and the communities within their geographic areas) and the communities in the eastern part of Yellowhead County, as well as patients from across Alberta in various specialized programs. CH is responsible for all acute care, public health, home care and long-term care in the region.

CH is closely allied with the University of Alberta and other postsecondary education institutions in Edmonton.
