after a long, independent educational history, Augustana is now the University of Alberta's newest faculty. Located on a picturesque residential campus in the small city of Camrose, 90 kilometers southeast of Edmonton, its primary focus is undergraduate teaching and learning. Augustana enrolls more than 1000 students, drawn from across Alberta, Canada and the world, in distinctive degree programs in arts, sciences, music and management. It awarded its first U of A degrees in spring 2005. In addition to the Faculty's statement of identity and mission below, please consult the Faculty's webpage at www.augustana.ca for further information.

Identity and Mission

Established in 1910 by Norwegian settlers, under the name Camrose Lutheran College, Augustana is still inspired by convictions that are part of its pioneer legacy: that personal wholeness emerges from a liberal education, that the proper end of leadership is service to others, and that the spirit of cooperation so crucial to rural life invigorates human endeavour. As a Faculty of the University of Alberta, Augustana continues to build on its réputation for high-quality teaching in a friendly, caring, residence-based setting. In doing so, it provides a distinctive small-campus undergraduate experience within one of Canada's leading universities. Augustana remains mindful of its heritage, open to a diversity of perspectives and backgrounds, and responsive to the rural region in which it is located.

Augustana Faculty is characterized by a lively, collegial academic culture of research, creativity, and public engagement in which students are invited to participate. It values interdisciplinary inquiry, teaching, and learning. Augustana offers the opportunity of a memorable, life-changing education through small classes, personal attention from professors, a challenging, innovative curriculum founded on the liberal arts and sciences, experiential learning in a wilderness and international environments, and a range of campus-life programs. In this academic community, students are more than narrow specialists, spectators, or strangers.

Augustana aspires to educate the whole person in an intimate, small-campus setting so that students and mentors alike are capable of engaging life with intellectual confidence.
and imaginative insight, equipped for leadership and service, and committed to the betterment of their world.

Augustana’s name, adopted in 1991, respects the historic traditions of the campus, as it refers to a Lutheran confession published in Augsburg in 1536, which became known more commonly in Scandinavia as “the Augustana.”

## 52.2 General Program Information

The following terms, definitions, and abbreviations are used throughout the Augustana Faculty section of the Calendar.

1. **Unit of Course Weight**: A unit of course weight indicates the instructional credit assigned to a course and is designated by the symbol after the course number and name. Units of course weight form a part of the degree requirements and are also used to calculate a student's Grade Point Average (GPA).

2. **Junior-level Courses**: Courses numbered 100-199.

3. **Senior-level Courses**: Courses numbered 200-499.

4. **Term**: The instructional periods are from September to December (Fall Term), January to April (Winter Term), May/June (Spring Term), and July/August (Summer Term).

5. **Single-term Course**: A term course is a course with a course weight of 3 that normally extends over one University term. Certain courses are offered over a single term with weights of 1, 1.5, and 2.

6. **Two-term Course**: A two-term course is a course with a course weight of 6 that normally extends over two consecutive University terms. Certain courses are offered over Fall/Winter with weights of 2, 3, and 4.

7. **Year Status**: Each student who has been admitted to a degree program at Augustana is classified according to year status as follows:
   a. ★0-23 earned: first-year standing. First-year students are normally not eligible to take courses numbered 200 or higher.
   b. ★24-53 earned: second-year standing.
   c. ★54-83 earned: third-year standing.
   d. ★84 or more earned: fourth-year standing.
(8) Course load
   a. The normal full course load is ★30 for the academic year;
   b. Course overload: A student must receive special permission from his or her Academic Adviser to carry more than ★17 in any one term.

(9) Minimum Passing Grade
The minimum passing grade in University of Alberta undergraduate courses is a D. The minimum final grade for transfer of courses from other postsecondary institutions is C-.

(10) Core Categories
All students in a degree program in the Augustana Faculty, with the exception of those registered in a BMus program, are required to complete a common liberal arts and sciences core curriculum. This core comprises six different categories, each of which has varying requirements and sub-categories; see §52 – Augustana Chart 1. These categories, and commonly used abbreviations for each, are: Civilization and Culture (CC); Identity and Values (IV); Expressions of Human Experience (EHE); Second Language (SL); Natural and Mathematical Sciences (NMS); and Social Sciences (SS).

(11) Overlapping Options
   a. A course that fulfills more than one requirement on a major or in a minor/combination;
   b. A course that fulfills a requirement in both the core and within a specific program.

(12) Non-Overlapping Options
   a. A course that is not allowed to count towards more than one requirement within a major;
   b. No course may be counted towards more than one core requirement.

(13) Supporting Course
A course from outside a particular major which generally complements the study of that major; it is a requirement for the completion of the major, but is not used in calculating the major GPA.

(14) Option
The term “option” where it appears in programs means a course chosen by the student from offerings by the Augustana Faculty if the necessary prerequisites have been met, and which is not a specific program requirement.

(15) Arts Courses/Options
Courses offered by the Augustana Faculty which are classified as “Arts” courses (see §55.2 for which the student is eligible and which meet degree requirements.

(16) Music Courses/Options
Courses offered by the Augustana Faculty which are classified as “AUMUS” courses (see §52.1) for which the student is eligible and which meet degree requirements.

(17) Science Courses/Options
Courses offered by the Augustana Faculty which are classified as “Science” courses (see §55.2 for which the student is eligible and which meet degree requirements.

(18) Specialized Professional Courses
Courses offered by the Augustana Faculty which are classified as neither “Arts” nor “Science” courses (see §55.2) for which the student is eligible and which meet degree requirements.

52.3 General Regulations Governing Course Selections

(1) Junior-level courses (numbered 100–199) be taken as early as possible.
A first-year student is normally not permitted to take senior-level courses (numbered 200 and higher).

(2) All programs must include at least ★17 at a senior level.

(3) A limited number of specialized professional courses may be substituted for arts and science courses in a B.A. or B.Sc. program. The maximum allowed is ★18.

(4) The maximum number of specialized professional courses allowed in the BMgt program is ★33.

(5) A maximum of ★12 of Physical Education Activity (AUPAC) is allowed.

(6) Each major or minor must consist of a distinct set of courses. No course may be counted toward more than one area of study. This restriction does not apply to courses listed in the Calendar as “supporting courses.” If a course is specifically required by two or more of a student’s declared areas of study, the course may be counted toward only one area and a substitute course in

However, up to ★6 of options may be substituted for the same number of credits in any category or categories of the core EXCEPT the final two categories - Natural and mathematical sciences and Social sciences - provided that the student’s program includes at least ★6 of Humanities (see Augustana Chart 1 - Second Language). Thus, the core requirements may be satisfied by a minimum of 42 different credits

(2) Major subject: ★42-60 in one discipline (with the minimum number of credits specified by the discipline), including no more than ★12 at the junior level (except when required in a discipline with a performance component or in an interdisciplinary program that requires junior courses from several different disciplines) and including a minimum of ★8 at the 300- and 400-level, of which at least ★3 must be at the 400-level. Normally no more than ★60 in one discipline will be credited towards the degree. In some cases, a major may also require courses in one or more disciplines outside the major; these may be prerequisites for specific courses in the major and/or courses supporting the major in a more general way (up to a maximum of ★24).

Note: A student should be aware that it may not be possible to complete certain combinations of majors, or combinations of majors and minors, without extending the time required to earn the degree.

(3) Optional minor: A minimum of ★18 in one discipline or approved interdisciplinary area, including at least ★12 at the senior level.
(4) **Options:** ⌂3-21 (or more, depending on the amount of overlap between the core and the requirements for the major, and/or minor) of the student’s choice (see §52.5). A student may choose to use options to work toward a minor, or second major but should be aware that a double major normally requires more than ⌂120 in the degree program.

### 52.4.2 Residence Requirements

Normally, ⌂60 for the BA degree, including ⌂54 of the final ⌂60, must be taken at Augustana. However, language or other study abroad may, with special permission of the Associate Dean, Academic Programs, count toward the residence requirement.

   The core requirements are met by taking courses in the following six categories. The same credit may not be counted twice in courses that relate to more than one of these six categories; that is, a total of 48 different credits must be earned in the core.

   - ⌂12 Civilization and culture
   - ⌂6 Identity and values
   - ⌂6 Expressions of the human experience
   - ⌂6 Second language
   - ⌂6 Natural and mathematical sciences

   **Total:** ⌂48

   However, up to ⌂6 of options may be substituted for the same number of credits in any category or categories of the core EXCEPT the final two categories - Natural and mathematical sciences and Social sciences - provided that the student's program includes at least ⌂6 of Humanities courses (see Augustana Chart 1 - Second Language). Thus, the core requirements may be satisfied by a minimum of 42 different credits.

3. **Optional minor:** A minimum of ⌂18 in one discipline or approved interdisciplinary area, including at least ⌂12 at the senior level. A student should be aware that it may not be possible to complete certain combinations of majors and minors without extending the time required to earn the degree.

4. **Options:** ⌂3-21 (or more, depending on the amount of overlap between the core and the requirements for the major, and/or minor) of the student’s choice. A student may choose to use options to work toward a minor, or second major but should be aware that a double major normally requires more than ⌂120 in the degree program.

#### 52.5.2 Residence Requirements

Normally, ⌂60 for the BMgt degree, including ⌂54 of the final ⌂60, must be taken at Augustana. However,

2. An exception to this requirement may be granted to students already holding a BA or BSc who can transfer sufficient credits from their first degree to be able to complete the requirements of the Bachelor of Management in Business Economics degree in fewer than ⌂60. An exception to this may be granted to students already holding a BA or BSc who can transfer sufficient credits from their first degree to be able to complete the requirements of the Bachelor of Music degree in fewer than ⌂60. Normally in such cases at least the final ⌂45 must be completed at Augustana.
52.6.3 General Information

Five majors are available in the Bachelor of Music degree program: Piano, Voice, Comprehensive, Liturgical Arts, Musical Arts:

(1) Piano and

(2) Voice A student whose primary career interest is to perform and teach piano or voice would choose one of these majors. Professional employment as, for example, a soloist, choirister, accompanist, chamber musician, or teacher, is a possibility for a graduate seeking a career as a music performer. Along with independent freelance career opportunities, a degree with either of these majors can also lead to a career as professor in music performance in a college, university, or conservatory. These majors require high artistic standards, include courses specific to piano and voice in literature and pedagogy, and provide for a broadly-based music education with advanced studies in music theory and music history. Four years of ensembles (choral/instrumental and chamber) are required.

(3) Comprehensive A student who seeks intensive studies in an instrument or voice, variety in music options, and advanced studies in music history, theory, and ensembles, should consider this major. It is suitable for the student desiring to prepare himself or herself for a career as, for example, a professional wind, brass, or string player, a choral or instrumental conductor, an arts administrator, professional librarian. Like the Bachelor of Arts degree in music, this major enables the student to enter graduate studies in more specific fields such as music theory, music history, ethnomusicology, and popular music studies. If the student enrolls in third- and fourth-year recital courses, this degree may facilitate entry into performance-based graduate programs as well.

(4) Liturgical Arts A student considering professional employment as a church musician, or considering graduate studies, may designate this major at the end of the second year of full-time studies (or part-time equivalent). The major emphasizes performance-oriented study in organ, piano, or voice, advanced music history and theory, ensembles, and advanced conducting studies. Studies in liturgical arts, work-experience practica, a required minor in Religion, and other courses from the liberal arts and sciences, provide for a scholarly understanding of and a creative approach to ritual.

(5) Musical Arts A student desiring a performance-intensive emphasis in an instrument or voice and wishing to prepare for innovative, emerging research areas and musical professions, would choose this major. It provides for a liberalized curriculum that combines the strong performance emphasis and scholarly breadth of a Bachelor of Music, the requirements for a minor in another discipline, and interdisciplinary research on the relationships between the two disciplines. This is the most unique and “cutting-edge” of the Bachelor of Music majors. A student may apply for this major at the end of two-years - full-time study or part-time equivalent.

52.6.4 Admission Requirements

See §15.3. Each student must complete the Music Theory Placement Exam (MTPE); a student who scores lower than 70% must register in AUMUS 100. For further information about entrance into the Music program, contact the Department of Fine Arts, Augustana Faculty.

(1) Liberal arts and sciences core curriculum (see Augustana Chart 1)

The core requirements are met by taking courses in the following six categories. The same credit may not be counted twice in courses that relate to more than one of these six categories; that is, a total of 48 different credits must be earned in the core.

★12 Civilization and culture

★12 Identity and values

★6 Expressions of the human experience

★6 Second language

★6 Natural and mathematical sciences

★6 Social sciences

★48 Total

However, up to ★6 of options may be substituted for the same number of credits in any category or categories of the core EXCEPT the final two categories - Natural and mathematical sciences and Social sciences - provided that the student’s program includes at least ★6 of Humanities (see Augustana Chart 1 - Second Language). Thus, the core requirements may be satisfied by a minimum of 42 different credits

(2) Major subject: ★42-60 in one discipline (with the minimum number of credits specified by the discipline), including no more than ★12 at the junior level (except when required in a discipline with a performance component or in an interdisciplinary program that requires junior courses from several different disciplines) and including a minimum of ★9 at the 300- and 400-level, of which at least ★3 must be at the 400-level. Normally no more than ★60 in one discipline will be credited towards the degree. In some cases, a major may also require courses in one or more disciplines outside the major; these may be prerequisites for specific courses in the major and/or courses supporting the major in a more general way (up to a maximum of ★24).

Note: A student should be aware that it may not be possible to complete certain combinations of majors, or combinations of majors and minors, without extending the time required to earn the degree.

A student may choose to use options to work toward a minor, or second major but should be aware that a double major normally requires more than ★120 in the degree program.

52.7.2 Residence Requirement

Normally, ★60 for the BSc degree, including ★54 of the final ★60, must be taken at Augustana Faculty. However, language or other study abroad may, with special permission of the Associate Dean, Academic Programs, count toward the residency requirement.

52.9.4 México

Prairies/México Rural Development Exchange

In partnership with the Universidad Autónoma del Estado de Morelos and Canada World Youth, Augustana offers this unique eight-month opportunity to explore sustainable community development in Alberta and México for full academic credit. In counterpart pairs, Augustana and Mexican students spend the fall term in a rural community in Alberta living and working together and reflecting on their experiences. The winter term is spent in a small village in México where the counterpart pairs live and work with campesino families. Students become functionally fluent in Spanish, learn cross-cultural communication, practice group leadership and facilitation skills, and learn Participatory Action Research methods in approaching community development. The program is interdisciplinary and open to students of all disciplines. A student pays regular tuition, the equivalent of Augustana’s room and board, travel expenses, plus an international program surcharge. For more information, see § 53.12.3, or contact the Department of Social Sciences, Augustana Faculty.

Direct Exchange with the University of Morelos Cuernavaca, México (for a term or year) - “Mi casa es tu casa”  
(My house is your house)

Each year some Mexican students from the Universidad Autónoma del Estado de Morelos (UAEM) come as direct exchange students to Augustana. Augustana students, in turn, can spend up to a year in Cuernavaca, studying Spanish or, if they have sufficient language skills, courses in their areas of interest. They pay regular tuition and room and board to Augustana, plus travel. In exchange, they receive room and board with families of Mexican students in Cuernavaca and can attend the courses of their choice at the UAEM. All approved courses are transferred into Augustana students’ programs.

52.9.5 Norway

For more information on the following two programs, contact the Department of Humanities, Augustana Faculty.

Exchange with Telemark University College

Augustana students may spend a term in Telemark University College in Ba in a full-time program oriented towards programs in Scandinavian Studies, Music, Art, Literature, History, Philosophy, Environmental Studies, Geography, and Business. An Augustana student pays regular tuition to Augustana and an international program surcharge and is responsible for travel costs plus room and board in Ba. All approved courses are transferred into the Augustana student’s program. In return, Norwegian students from Telemark University College come to study at Augustana.

The University of Oslo International Summer School

Augustana students may participate in this summer program which takes place annually for six weeks between late June and early August. The ISS is a centre for learning in an international context, offering courses in English in the humanities, social sciences, and environmental protection, as well as intensive Norwegian language courses. Students may receive Augustana credits for the successful completion of these courses. More than 500 students from over 80 nations attend each summer, and organized excursions to central and western Norway are offered.

54 Faculty Regulations

Students should consult the following regulations of the Augustana Faculty in tandem with the University Regulations in §§11 to 27, with particular attention to §§22 and 23.

54.1 Admission and Transfer

If students who are registered in an Augustana degree program wish to enrol in a course offered by another institution and apply the credits for this course toward the Augustana degree, they must obtain the approval of their Academic Adviser before registering for the course. If approval is granted students must then obtain a Visiting Student Authorization letter from the Office of the Registrar at Augustana Faculty. Please note that Augustana guarantees consideration for transfer of credits only to courses explicitly identified in the Visiting Student Authorization letter. Credits to be transferred from the other institution are judged on the same basis as transfer credits granted at the time of admission.

54.2 Residential Requirement

Augustana is a residential institution, and living in residence is a valuable part of the total educational experience. Living on campus provides maximum opportunity to benefit from university life. The residence hall program is specifically designed to provide an environment that promotes the development of the whole person.

The policy requiring all students to live in residence for at least one year is an indication of Augustana Faculty’s commitment to this enriching experience. The requirement to live on campus does not apply to:

- part-time students
- married students
- students who are 21 years of age or older at the time of their registration for the academic year
- students living with family in the Camrose area
- students whose medical needs cannot be met by Augustana Faculty.

Students with special circumstances not indicated in the exemptions listed above may appeal the requirement to live on campus, in writing, to the Housing Review Committee.

54.3 Registration

General regulations for students regarding Registration are contained in §22.

(1) Deadlines: Students should familiarize themselves with the deadlines pertaining to registration, as outlined in §11, and be aware that these deadlines are strictly enforced.

(2) Student Responsibility: Students are responsible for familiarizing themselves with program requirements and limitations as specified in the Calendar and for ensuring their programs are properly planned in accordance with degree specifications. Please read the Calendar carefully before registering in courses, and if you are in doubt about any regulations pertaining to your program, consult the Office of the Registrar, Augustana Faculty, for clarification.

(3) Academic Advice: A student is encouraged to consult an Admissions Counsellor when selecting courses for the first year of university studies. Academic advice is provided by Academic Advisers to assist a student in registering for subsequent years of studies.

(4) Failure to ‘drop’ a course: Students who do not formally withdraw from a course but who are absent from the final examination without excuse (see §23.5.6) will be given a mark of zero (0) on the final examination. The final grade in the course will then be determined by combining the appropriately weighted term grade and the assigned zero in the final examination, the mathematical result rounded to the lowest whole number. Students who register in a course but do not attend and do not formally withdraw will receive a grade of F1.

(5) Change in program: A student who wishes to change from one major, minor, or degree program to another within the Augustana Faculty must consult with his or her Academic Adviser. A student wishing to change degree program, or transfer into another Faculty, should also consult § 15.3.6(2) for requirements on readmission and internal transfer.

(6) Withdrawal from Augustana: A student who wishes to withdraw from Augustana must first discuss the matter with the Assistant Registrar, Augustana Faculty. At the discretion of the Assistant Registrar, Augustana Faculty, the student may be referred to the University Counsellor and/or the Director, Student and Residence Services. If appropriate, the Assistant Registrar, Augustana Faculty, will receive a report from the personnel specified above before issuing the “Withdrawal Form”. All deadlines related to withdrawals are strictly enforced; students should consult §§11 and 22.1.

(7) Auditing courses: Students interested in registering to audit one or more courses in the Augustana Faculty should refer to §22.1.10.

54.4 Attendance, Evaluations and Grading

Since presence at lectures, participation in classroom discussions and projects, and the completion of assignments are important components of most courses, students will serve their interests best by regular attendance. Those who choose not to attend must assume whatever risks are involved. Students should pay close attention to any further requirements on attendance and class participation indicated on course outlines (see §23.4). As well, students should refer to § 23.5.6 for specific regulations regarding exams.

Every student’s performance will be evaluated at least two times per term in each course. The evaluations may take the form of tests, essays, and/or other assignments. The results of at least one evaluation in each course will be available to students no later than the eighth week of the term. For further information on evaluations, grading, and exams, see §§ 23.4 and 23.5.

54.5 Policy on Academic Dishonesty

For information on Academic Dishonesty, including definitions, potential sanctions, the discipline process, and procedures for appeal, a student should consult the University of Alberta Code of Student Behaviour as described in Section 30 of the General Faculties Council (GFC) Policy Manual. Copies of the Code may be found in the Augustana Faculty Student Handbook, the University of Alberta Calendar, the University of Alberta Secretariat website at www.ualberta.ca/secretariat/appeals.htm or by contacting the University of Alberta Secretariat directly.

54.6 Academic Standing and Graduation

54.6.1 Determination of Academic Standing

A student’s GPA is calculated at the end of the Fall Term (September – December) and at the end of the Winter Term (January – April). The latter calculation is based on all the student’s graded courses in the current academic year. Academic standing for the fall term is determined in December for every
student classified as full-time during the fall term. Academic standing for the full academic year is determined at the end of the winter term for every student having full-time status during both terms (that is, registered in at least 15 credits each term). In addition, academic standing is determined at the end of the winter term for every student having part-time status during one or both terms of the academic year, provided that the student has earned grades for at least 24 attempted credits, not just the ones attempted in the current year.

First-Class Standing: grade point average of at least 3.5.

Satisfactory Standing: grade point average of at least 2.0 or above.

Marginal Standing: grade point average of at least 1.7 to 1.9.

Unsatisfactory Standing: grade point average less than 1.7.

54.6.2 Implications of Academic Standing

1. First-Class standing: The name of each student with First-Class standing in a minimum of 24 during Fall/Winter will be included on the Dean’s List of Honours Students, published at the end of each academic year.

2. Satisfactory standing: A student with at least satisfactory standing is academically eligible to continue studies at Augustana.

3. Marginal standing: A student with marginal standing at the end of an academic term is not eligible to participate or to represent Augustana as an elected student government officer, student publication editor, intercollegiate athlete, member of a noncredit music or drama group, or Residence Assistant during the next term of studies. A student with marginal standing at the end of the Fall/Winter term will be placed on academic probation, and will be required to withdraw from Augustana at that time if he or she has previously had unsatisfactory or marginal standing at the end of any academic year at Augustana or has previously been required to withdraw from Augustana, another Faculty, or another postsecondary institution.

Note: The implication of this policy is that a student on academic probation may clear that status in one of two ways: achieve satisfactory standing with a full course load in the next term, or withdraw from the institution for a period of not less than twelve months.

6. Unsatisfactory standing: A student with unsatisfactory standing at the end of an academic term is not eligible to participate or to represent Augustana as an elected student government officer, student publication editor, intercollegiate athlete, member of a noncredit music or drama group, or Residence Assistant during the next term of studies. A student with unsatisfactory standing at the end of an academic year will be required to withdraw from Augustana at that time.

54.6.3 Other regulations related to academic standing

1. A student who has been required to withdraw from Augustana or any other Faculty, or from another postsecondary program, will not be considered for readmission until at least one full year has elapsed.

2. A student who has been required to withdraw from Augustana or any other Faculty after having previously been required to withdraw from Augustana, another Faculty, or from another postsecondary institution will not be considered for readmission except by special permission of the Associate Dean, Academic Programs.

54.6.4 Documentation of Academic Standing

At the end of each academic year, a statement of grades is available on BearTracks (https://www.beartracks.ualberta.ca).

54.7 Graduation

54.7.1 Grades Required in Courses Presented for the Bachelor’s Degree

1. Courses presented for the Bachelor’s degree are limited to those in which a grade of at least D has been attained. If a student has successfully completed more than the number of credits required for the degree, the courses presented to satisfy all the requirements are chosen to the student’s advantage.

2. A student must achieve a Graduation Grade Point Average (GGPA) of at least 2.0 to be eligible for a bachelor’s degree. The GGPA is based on the last 90 presented for the degree (whether earned at Augustana Faculty, University of Alberta or elsewhere).

3. A student must achieve a GPA of at least 2.0 in each declared area of study. Each GPA major or minor is calculated over all presented courses that apply to the area of study, including those courses contributing to the first 30.

4. The degree is awarded “with distinction” to a student who achieves a GGPA (as defined in item 2, above) of at least 3.5.

54.7.2 Graduation Requirements

1. Graduation is held once a year in the spring. Each candidate must make a formal application for graduation during the winter term of the year in which the candidate intends to graduate.

2. In order to graduate, a candidate must fulfill all program requirements and satisfy the grade point average and residence requirements specified above.

3. If a graduand has not paid all outstanding fees and accounts, the degree parchment and transcripts will be withheld until all amounts owing are paid in full.

54.8 Time Limit for Completion of Previous Augustana Degree Programs

54.8.1 Augustana University College Three-Year BA and BSc Degrees

As part of the merger with the University of Alberta, Augustana Faculty will cease admitting new students into three-year BA and BSc degree programs after the 2004-2005 academic year. Students currently registered in these programs must complete their degrees by the end of the 2010-2011 academic year. Students continuing in a three-year BA or BSc program may consult the 2004-2005 Augustana University College Calendar and its Addenda for the degree requirements pertaining to their program. Excerpts of the relevant portions of the 2004-2005 Calendar, along with sections providing guidance to students in the specific concentrations, may also be obtained from the Office of the Registrar, Augustana Faculty.

54.9 Grievances and Appeals

A copy of the Augustana Faculty regulations regarding appeals on grades and academic standing may be obtained from the Augustana Academic Advisement Office (Office FL029, Augustana Faith and Life Building). Certain academic standing decisions made by the Augustana Faculty Academic Appeals Committee may be appealed to the General Faculties Council Academic Appeals Committee. See §52.3.

Note: Deadlines exist for submission of appeals. Contact the Faculty for details.
