## 20.1 Mission Statement

The mission of the University of Alberta is to serve our community by the dissemination of knowledge through teaching and the discovery of knowledge through research. The mission will be carried out in a select number of fields and professions, to be determined within the context of a province-wide educational system and based upon the highest national and international standards.

## 20.2 Statement on Equity in Student Affairs

The University of Alberta strives to provide a fair, open and supportive environment for students.

Acknowledging the diversity of the Canadian population, and the University’s obligation to remain open to all sectors of society, the University of Alberta encourages applications for admission from all qualified persons including Aboriginal peoples, persons with disabilities, visible minorities, and women. In this manner the University demonstrates its commitment to improving the representativeness of its communities.

The *Alberta Human Rights Act*, sections 3 and 11.1, requires that no individual be discriminated against on the basis of race, religious beliefs, color, gender, physical disability, mental disability, marital status, age, ancestry, or place of origin, family status, or source of income except where the discrimination can be shown to be reasonable and justifiable. The University of Alberta recognizes and accepts its responsibility to comply with the requirements of this Act in its consideration of students for admission, promotion, and graduation. Of its own volition the University of Alberta does not discriminate on the basis of sexual orientation or political belief.

Subject to the limits set out in the *Alberta Human Rights Act*, the University of Alberta affirms its right to determine the criteria by which applicants are accepted into the University community. Individuals seeking admission to or continuance in academic programs must meet the qualifications and performance standards set out by the University’s governing bodies.

## 20.3 Electronic Communication Policy for Students and Applicants

The University of Alberta uses and will use electronic communication with its students and applicants in lieu of many paper-based processes. “Electronic communication” includes anything that is created, recorded, transmitted or stored in digital form or in any other intangible form by electronic, magnetic or optical means or by any equivalent means. Currently, this most often includes information communicated by e-mail and via a website.

All references in the Calendar and in other University policies to any method of communication by the University by any media, shall be deemed to include the right of the University to make such communication by electronic means.

It is important to note that communication by electronic means between the University and its students and applicants remains at the option of the University. Some Faculties, Departments or other offices of the University may maintain policies to communicate by non-electronic means, in certain cases, or generally. The following determine what form of communication students and applicants should use in response to communications from the University:

1. if a specific method of response (such as by e-mail, a web-based form, or a paper form) is stated as being required in the communication from the University, use that method;
2. if an option to use different methods of communication is provided, any of the options may be used;
The University of Alberta creates and collects information for the purposes of admission, registration and other activities directly related to its education programs. All applicants for admission are advised that the information they provide, and any other information placed into the student record, will be protected and used in compliance with the *Freedom of Information and Protection of Privacy Act*.

### 20.5 University Bloodborne Pathogens Policy

The University of Alberta’s policy on bloodborne pathogens is designed to limit the possibility of transmission of bloodborne pathogens within the educational setting. The University recognizes, however, that it is not possible to completely eliminate the risk of infection. Concern about limiting the transmission of bloodborne pathogens must be balanced against the University’s duty to provide a work, study and living environment which is free from discrimination except where that discrimination can be shown to be reasonable and justifiable in the circumstances.

Students, Academic staff, Non-academic staff and other individuals at the University of Alberta shall observe *Universal Precautions* at all times within the educational setting to lessen their risk of acquiring or transmitting bloodborne pathogens from/to another person. These precautions entail the avoidance of direct contact with the blood, blood products, and other body fluids of another person.

All staff and students who have any exposure of blood and/or body fluids to non-intact skin, a mucous membrane or a needlestick injury during the course of their work or study are required to report that exposure to their supervisors and the Office of Environmental Health and Safety. These individuals are also required to seek medical attention as soon as possible at a medical facility or the University Health Centre.

For all information pertaining to the Health Canada, *Infection Control Guidelines: Preventing the Transmission of Bloodborne Pathogens in Health Care and Public Services Settings or Universal Precautions* may be obtained from the Office of Environmental Health and Safety.

For applicants to or students in health care programs where there is a greater potential for transmission of bloodborne pathogens to patients/clients as a result of clinical activities in practice settings, there may be requirements for testing for Hepatitis B and C. Testing may be either a condition of admission or a requirement during the course of a program. All testing will be done through the University Health Centre. Information on any requirements for and timing of testing for particular Faculties, appears in either the Undergraduate Admission section or Program Requirements outlines in the Faculties sections of this Calendar.

An unabridged copy of the Bloodborne Pathogens Policy may be obtained from University Governance (www.governance.ualberta.ca).

### 20.6 University Patent Policy

By accepting admission, students agree to abide by the provisions of the University of Alberta Patent Policy, as the same may be amended from time to time, with regard to any patentable discoveries or inventions in which students may participate. Acceptance of this policy is a condition of registration in any University program. Copies of the University of Alberta Patent Policy are available from the Office of the Vice-President, Research.

### 20.7 University Standards for the Protection of Human Research Participants

After extensive consultation with each Faculty, General Faculties Council, and the Board of Governors of the University of Alberta have adopted a uniform policy for the ethical treatment of human research participants. This policy applies to all research that involves human participants. The goal of the University Standards for the Protection of Human Research Participants is to ensure that the welfare of human participants is protected and that basic rights are observed. The guidelines included in the *University Standards* highlight the obligation of researchers: (1) to minimize risk of harm to participants, (2) to obtain informed consent and cooperation from participants, (3) to respect rights of confidentiality and anonymity, and (4) to conduct research competently. The University’s view is that the ethical conduct of research is not inherently in conflict with the free pursuit of research goals.
Each Faculty is charged with the responsibility of reviewing proposed research projects. Ethics Review Committees are not intended to have an adversarial relationship with researchers, but rather to provide consultation and support. The underlying assumption is that people who conduct research with human participants subscribe to ethical research values, but that oversights sometimes occur that can put participants at risk. The purpose of ethics review is to assist in the identification of unintended risk factors and to achieve a resolution that will permit the research to proceed. Experience demonstrates that this approach will result in research that is both productive and ethically acceptable. Questions about research ethics should be directed to the appropriate Faculty Ethics Review Committee.

20.7.1 Precis

All research using human participants comes under the purview of the University Standards for the Protection of Human Research Participants

(1) whether participants are drawn from University sources or from any other sources;
(2) whether participants are paid or unpaid;
(3) whether it is conducted on University property or at any other location;
(4) whether it is conducted in a laboratory or in the field;
(5) whether it is conducted in person or by some other means (e.g., mail, telephone, computer link);
(6) whether information is collected via direct observation, apparatus, questionnaire, interview, or review of records not normally available to the public;
(7) when it is conducted for teaching and demonstration purposes where students are either the subjects or the researchers.

The term researcher(s) in these Standards includes all members of the University, all other persons who advance research as being connected with the University in any way, and all other persons who intend to use University resources in their research (e.g., research space, materials, equipment, student/staff participants, personnel). For the purpose of these Standards, members of the University are all faculty, staff, sessional instructors, administrators, students, visiting or adjunct scholars, fellows and chairs, paid and unpaid research associates and assistants, and any other person in a like position. These Standards apply to all persons who meet the above-stated definition, whether they are principal investigators or junior collaborators.

Human participation in research includes the direct or indirect involvement of persons who are the focus of a researcher’s inquiry, the use of extant documents and other records and materials (e.g., blood and tissue samples) containing information about persons when the collection and the use of such information could deprive them of their dignity or jeopardize their physical or mental wellbeing. Persons studied on the basis of information contained in newspaper and journal articles, or other public materials, are not deemed to be research participants for the purposes of this policy.

20.7.2 Ethical Guidelines

In those situations where it is difficult to judge the obligation of good scientific enquiry and that of participant protection, formalized rules and regulations cannot be used to resolve the dilemma; instead it is necessary to weigh carefully the values and alternatives. In many cases, decisions reflect a judgement between the expected benefits of the research and the possible effects of the procedures on participants. The purpose of this section is to offer guidelines, rather than definitive rules, to assist in resolving dilemmas.

(1) If research procedures, material or equipment, or the dissemination of results could potentially produce physical or mental harm for the participant, the investigator must assess the magnitude and present justification for it to an appropriate Ethics Review Committee (ERC). Before approving the research, the committee must be satisfied that there is a reasonable expectation that the results will significantly increase understanding or will benefit human health/welfare. As the magnitude of the potential risk increases, it becomes increasingly important that benefits outweigh those risks.

Research may be viewed as being ethical when the benefits outweigh the risks and the participants’ welfare is safeguarded. In balancing the issues raised by these interrelated considerations, recognition should be given to variations in perceptions regarding ethics from community to community and over time.

An assessment must be made of the degree of risk, minimal or significant, to a participant. A minimal risk is defined as one that is no greater than the risks of everyday life or of routine medical or psychological examinations. A significant risk involves potential physical or psychological harm to the participant or, in some cases, to the groups of which they are members. If the risk is considered greater than minimal, the investigator must decide whether a participant should be exposed to the procedure. If the procedure is to be undertaken, the investigator must inform the participant of the risk before initiating the study. Should adverse effects result from research procedures, the researcher has an obligation to assist the participant in appreciably reducing or reversing those effects.

(2) Where possible, participants or their surrogates must give fully informed and voluntary consent to participation.

(3) Where possible, participants must be guaranteed anonymity and their responses treated with confidentiality. Where exceptions must be made, participants must be informed about the degree of anonymity and confidentiality prior to being asked for consent, and such guarantees must be respected.

The investigator must establish a fair agreement with the participant which clearly expresses the participant’s respective obligations and responsibilities before the participant decides whether or not to participate. Participants should be informed of the opportunity to withdraw at any time without penalty. The researcher must inform the participant of all aspects of the research that could reasonably be expected to influence the participant’s willingness to participate. Any incentive offered to participants must not be so large as to become an undue inducement that would undermine the voluntariness of participation. Captive populations, such as prisoners or patients, must not be offered inducements that would unduly improve their situation or influence their relation to others. If the participants are students and are involved in research as part of their education, they must be given an opportunity to obtain equivalent experiences through alternative procedures. In all cases, the participant should be informed of a person who may be contacted in case of concerns, complaints, or consequences.

Research with children or participants who have impairments that would limit understanding requires special safeguarding procedures. Normally, consent from these persons must be obtained and these persons must be informed that they are free at any time to withdraw from participation. In addition to assent from a child (if the child has the capacity to understand) consent must be obtained from parents or guardians of the child (under the age of 18 years). However, a child’s assent will always override a parent’s or guardian’s consent, while a child’s assent will never override a parent’s or guardian’s refusal to grant consent. Consent may not be required from participants when the research involves the use of documents, records, pathological or diagnostic specimens, or data already collected (i.e., secondary analysis) or public behavior. “Public” refers to behavior that occurs in a context in which an individual may expect to be observed, recorded or to provide information that may be released. If anonymity and confidentiality cannot be assured, participants must be made aware of this limitation and of the possible consequences before becoming involved. Any use of secondary data not in the public domain must be in compliance with these guidelines.

(4) Researchers must be competent in their area of inquiry, and they must be familiar with appropriate ethical guidelines and with participant risks and the possible uses to which the results may be put in order to make responsible decisions. The responsibility includes the awareness of and efforts to avoid discrimination and biases in research practices and in the interpretation of findings (for example, biases related to race and gender). When in doubt about the application of these guidelines, the investigator is encouraged to consult with informed colleagues and supervisors.

(5) The investigator must ensure that all individuals under the investigator’s supervision have the training and competence needed to carry out their respective responsibilities. Principal investigators must ensure that all research personnel are familiar with the University Standards for the Protection of Human Research Participants and with applicable professional guidelines. Adequate supervision of student research must be ensured, especially where risk or sensitive areas are present. Because the investigator is ultimately responsible, such supervision is imperative. Researchers will ensure that all research assistants and student investigators are familiar with the University Standards for the Protection of Human Research Participants and with applicable professional guidelines.
21. Classification of Students

21.1 Categories

21.1.1 Undergraduate and Graduate Students

(1) Undergraduate students are those who are registered at the University of Alberta in a Faculty other than the Faculty of Graduate Studies and Research or the Faculty of Extension. Undergraduate students may be registered as full- or part-time students.

- Full-time students are those who are registered for credit in $9$ or more in one term.
- Part-time students are those who are registered for credit in fewer than $9$ in one term.

(2) A detailed classification of graduate students will be found in §203.4 of the Graduate Studies and Research section of this Calendar.

21.1.2 Classification of Undergraduate Students

(1) Degree, Diploma, or Certificate Program Students are those who are registered in a GFC approved program leading to a degree, diploma, or certificate granted by the University of Alberta.

(2) Probationary Students are students who have been admitted (or permitted to continue) in a Faculty on a probationary basis, because their previous academic record is either deficient in some respect, below the standard ordinarily required, or difficult to assess. Normally, if such students fail to meet the conditions stipulated within the time limit imposed, they will not be allowed to proceed further in their program.

(3) Special Students are those who have been permitted to register in one or more courses which are not being taken for credit towards a degree or diploma at this or any other institution.

(4) Open Studies Students are students registered in selected credit courses but who are not following a specific degree or diploma program.

(5) Visiting Students are bona fide students of other universities or colleges who have been permitted to take one or more courses for transfer of credit to their own institutions which have agreed in advance to such an arrangement.

(6) Exchange Students: this term is used to describe students who are participating in a formal exchange program between the University of Alberta and another postsecondary institution. Incoming exchange students from other institutions are normally classified as Visiting Students for the period of the exchange. Outgoing University of Alberta exchange students remain classified in their ongoing program and register in an Exchange course (EXCH) for the period of the exchange.

(7) Audit Only Students (Auditors) are those registered in one or more courses, exclusively on a not-for-credit basis.

21.1.3 Students in the Faculty of Extension

Faculty of Extension students are those registered in any of that Faculty’s courses. These courses may or may not lead to degree, diploma, certificate or citation credit.

21.2 Off-Campus Credit Program

For students living outside the Edmonton area, there are courses offered in the September to April period through the Off-Campus Credit Program at a number of centres throughout Central and Northern Alberta. Included in these are full-time, general first- and second-year programs at Slave Lake, Grouard, St Paul, and Hobbema. These programs are offered in cooperation with Athabasca University.

Further information can be obtained by contacting the Special Registrations Office at 780–492–4601.

21.3 Spring/Summer Courses

The University of Alberta offers a wide selection of courses during the Spring Term and Summer Term for the convenience of students who are unable to attend Fall/Winter courses, and for continuing students who wish to supplement their regular programs. Information about Spring/Summer courses is available in mid-December.

Further information can be obtained by contacting the Special Registrations Office at 780–492–4601.
Students may not reregister for credit or audit more than once in any failed University course, except for reasons deemed sufficient by the Dean (or designate) of the Faculty in which they are enrolled.

Students may not reregister for credit or audit more than once in any University course in which they have received a final grade of W, except for reasons deemed sufficient by the Dean (or designate) of the Faculty in which they are enrolled.

In cases where a student contravenes regulations 1, 2, or 3 above, the Dean (or designate) may withhold credit or indicate the course as extra to the degree, on the course registration that contravenes the regulation.

Students may not register for audit more than once in any University course in which they have received a final grade of AU (Audit) or AW (Audit Withdrawal) except for reasons deemed sufficient by the Dean (or designate) of the Faculty in which they are enrolled.

Students may repeat a Fall Term course in the Winter Term if it is offered in the Winter Term as long as the student complies with regulations 1, 2, and 3 above.

An undergraduate student who, because of unsatisfactory academic performance, is either required to withdraw, and/or required to repeat a year, and/or put on probation, will retain credit for courses in which grades of D or higher have been attained during the period for which the student's performance was evaluated as unsatisfactory. Notwithstanding this credit, Faculties may require substitution of other courses in programs in which full course loads are required.

The Faculties of Engineering, Law, Medicine and Dentistry, and Pharmacy and Pharmaceutical Sciences were granted exemption from (7) above.

Prerequisite Course Requirements

Departments may cancel the registrations of students in courses offered by the departments who do not meet the prerequisite requirements as stated in the course descriptions in this Calendar. Degree credit may be withheld for courses with prerequisite requirements if the prerequisite requirements have not been met or waived in writing.

Where a prerequisite is stated, it is understood that equivalent courses may be used to satisfy the requirement. In addition, the prerequisite requirements may be waived with the written approval of the department that offers the course.

Students who are unsure that they meet the prerequisite requirements in a course, or who wish to obtain permission to have a prerequisite waived, should consult the department offering the course.

Corequisite Course Requirements

Students registering in courses for which a corequisite is listed must also register in the corequisite course or have previously passed the corequisite course. Departments may cancel the registrations of students in courses offered by the departments who do not meet the corequisite requirements as stated in the course description of this Calendar. Degree credit may be withheld for courses with corequisite requirements if the corequisite requirements have not been met or waived in writing.

Where a corequisite is stated, it is understood that equivalent courses may be used to satisfy the requirements. In addition, the corequisite requirements may be waived with the written approval of the Department that offers the course.

Students who are unsure that they meet the corequisite requirements in a course, or who wish to obtain permission to have a corequisite waived, should consult the Department offering the course.

Corequisite requirements may only be used for degree credit if the corequisite requirements have been met or waived in writing.

Confirmation of Registration

Undergraduate students registering in the Fall/Winter Terms are required to confirm their intention to attend by paying one nonrefundable Confirmation Deposit of $175 in accordance with the instructions in the Registration and Courses menu at www.registrar.ualberta.ca. Students with outstanding accounts must pay the balance of those accounts and an additional $175.

The Confirmation Deposit is applied to the student's tuition assessment. Students who pay a similar deposit to confirm attendance of admission to a quota program do not pay an additional Confirmation Deposit. The Registrar will acknowledge the Confirmation of Registration by e-mail and will advise the student to view their Class Timetable and their Fee Assessment in Bear Tracks (https://www.beartracks.ualberta.ca) for a Registration is Confirmed message. If an early admitted student pays a Confirmation Deposit and is subsequently denied admission, the University will refund the deposit. Otherwise, the deposit is nonrefundable.

Registrations of undergraduate students who fail to confirm their intent to attend by paying the Confirmation Deposit by the deadline (see §11) will be cancelled, and all courses will be deleted from their registrations. (Students who decide not to attend should delete courses immediately from their registrations to make class space available to other students.) After students pay the deposit, they must delete courses or formally withdraw in order to be eligible for any reduction in their fee assessment.

Students whose registrations are cancelled for nonpayment of the Confirmation Deposit may reregister.

Graduate students registering in any term and undergraduate students registering in Spring/Summer Terms are considered to confirm their intention to attend by maintaining a registration. A Confirmation Deposit is not required. These students are accountable for fees unless they withdraw by the appropriate deadline. The Registrar will acknowledge the registration by e-mail and will advise the student to view their Class Timetable and their Fee Assessment on Bear Tracks (https://www.beartracks.ualberta.ca) for a Registration is Confirmed message.

Late Registration

Students are normally required to complete their registration by the date specified in the Academic Schedule. After the end of the registration period, registration will be permitted only in exceptional circumstances and students may find that the course offerings are limited.

Adding and Dropping Courses before the Registration Deadline

Changes of registration may be made by students until the Registration Deadline (see §11). Normally students complete their own course adds, drops or swaps using Bear Tracks (https://www.beartracks.ualberta.ca). If a student decides not to attend they must delete their courses on Bear Tracks so that they are not assessed tuition fees and to release class space to other students. Instructors are not required to allow students to make up any class material, class time, or lab time they may have missed due to registering in a course after the commencement of classes.

Adding or Withdrawing from Courses after the Registration Deadline

After the Registration Deadline, students must first obtain permission from their Dean to add a course(s) late. The Courses to be Added/Deleted Form must be completed by the student and signed by the department(s) offering the course(s) and the student’s Dean and forwarded to the Registrar’s Office for processing (see §22.1.7 Late Registration).

After the Registration Deadline and until the Withdrawal Deadline (see §11), students may withdraw from courses in person at the Faculty or Department office. See §22.2.9 for the fees implications of withdrawals. A Withdrawal Form must be completed by the student and the appropriate signatures obtained. The sign confirmation the student’s Dean is required and the effective date of withdrawal is that on which the student’s Faculty receives and dates the form. Changes in registration will not normally be approved after the deadlines appearing in the Academic Schedule. A student who does not formally withdraw from a course will be assigned a grade based on term work completed if they abandon a course without Faculty permission and will still be responsible to pay the fees assessed to the registration.

Students contemplating withdrawal are invited to discuss with their Faculty Advisor and/or Student Counselling Services questions relating to their withdrawal decision, readmission, or future vocational plans.

Auditors

The policies outlined in §22 above will also apply to students who wish to audit a course, whether or not they are taking other courses for credit.

Audit Only Students (Auditors) are those registered in one or more courses, exclusively on a not-for-credit basis under the following conditions:

(1) Since final permission to audit a course cannot be given until it is known that all students registered for credit have been accommodated, registrations as auditors will not be accepted until the eleventh class day of the term and must be submitted prior to the fifteenth class day of the term.
(2) The Course Audit form can be obtained from the Registrar’s Office or at www.registrar.ualberta.ca.
(3) The permission of the course section instructor must be obtained and the form submitted to the Registrar’s Office.
(4) The Registrar’s Office will determine if space exists in the course section and, if space is available, process the registration.

Note: Obtaining the instructor’s permission does not guarantee registration in the course section if it is determined that the course section is full.

(5) Courses audited in this manner will not be considered as meeting prerequisite, admission, or course requirements for any University degree program.

(6) Individuals auditing courses shall limit their participation in the class to that deemed appropriate by the instructor.

(7) The imposition of attendance requirements for auditors is a matter of Faculty self-determination. Auditors should seek clarification of this information from the Faculty offering the course when they register.

(8) Withdrawal from an audited course will result in a grade of AW, as will failure to attend where attendance is a course requirement. Refer to §11 for withdrawal deadlines.

(9) Any person who is registered as a full-time or part-time student may also seek permission to audit a course by securing the approval of the instructor and the dean of the student’s Faculty.

(10) Exceptional Athletes in Open Studies and Fresh Start students are not permitted to register as auditors or to change from credit to audit status.

22.2 Fees Payment Guide

The Post-Secondary Learning Act of Alberta grants authority to approve tuition and fees for students to the Board of Governors. Fees are approved by the University’s Board of Governors and may change without notice. University policy regarding fee regulations, fee rates, and fee deadlines is established by the University’s Board of Governors and may change without notice. University §22.2.2 and www.gradstudies.ualberta.ca for 2011-2012 fees information. Changes in fees for Fall 2011/Winter 2012 were not available at time of printing. Refer to www.registrar.ualberta.ca/fees for 2011-2012 fees information, including Spring and Summer 2011. Effective Fall 2011/Winter 2012, certain programs at the University of Alberta will have an increase in their tuition fees. Refer to www.registrar.ualberta.ca for details. Students registered in the Faculty of Graduate Studies and Research should consult §22.2.2 and www.gradstudies.ualberta.ca for 2011-2012 fees information.

(1) Undergraduate fee assessment: Registrar’s Office (780) 492-3113
(2) Graduate fee assessment: Faculty of Graduate Studies and Research (780) 492-3499
(3) Fee payment: Financial Services, Student Receivables (780) 492-3000

Declarations of the terms used in this section can be found in §240 the Glossary.

22.2.1 Fall 2010/Winter 2011 Undergraduate Instructional and Noninstructional Fees

Changes in fees for Fall 2011/Winter 2012 were not available at time of printing. Refer to www.registrar.ualberta.ca/fees for 2011-2012 fees information, including Spring and Summer 2011. Effective Fall 2011/Winter 2012, certain programs at the University of Alberta will have an increase in their tuition fees. Refer to www.registrar.ualberta.ca/fees for details. Students registered in the Faculty of Graduate Studies and Research should consult §22.2.2 and www.gradstudies.ualberta.ca for 2011-2012 fees information.

(1) Fall 2010/Winter 2011 Undergraduate Instructional Fees: With few exceptions, tuition fees for undergraduate students are assessed by calculating the cost of each course in which the students are registered for credit, according to the following formula: fee index value x units of fee index. In §231, the units of fee index are shown following the title of each course, and are indicated by f. The fee index value is a dollar amount that is approved annually by the Board of Governors. The undergraduate fee index for 2010-2011 is $86.28. Students in Dental Hygiene programs will be assessed at a fee index of $106.48, which includes the regular Undergraduate fee index plus the Clinical Operations fee. Individual courses taken by students enrolled in the MD and DDS programs, and by some Special Students in the Faculty of Medicine and Dentistry, are assessed using a fee index value of $143.58.

Audited courses are assessed using the formula “fee index value x units of fee index x 1/2.”

Fees are assessed by term (see §240 Glossary). A two-term course counts for fee purposes as two single-term courses, one in each term.

**There is no maximum fee per term** with the following exceptions.

- **MD program, Years 1, 2 and 3:** $9,815.18/term
- **DDS program, Year 4:** $8,457.74/term

Advanced Placement students in Dentistry are required to pay a Clinical Operations Fee of $38,491.11 per annum.

**International Student Differential Fee:** Undergraduate students who are not Canadian Citizens or Permanent Residents (i.e., International students) are assessed tuition fees at a rate of $229.92 per unit of fee index. If you become a Permanent Resident before the end of term, the Differential Fee will not be assessed in that and subsequent terms. Please submit proof of your change of immigration status to the Registrar’s Office (main floor, Administration Building). Sample fee assessments for International Students are available at www.registrar.ualberta.ca/fees.

In courses or programs where the regular tuition rates do not apply, International Students will be assessed a rate of 248% above the tuition applied to these courses or programs.

**Program Differential Fees:** Students admitted to the following programs will be assessed a Program Differential Fee:

(2) Fall 2010/Winter 2011 Undergraduate Noninstructional Fee Schedule: Students are assessed Noninstructional Fees per term as shown below; the corresponding privileges conferred are explained in §22.2.13. Most of these fees are mandatory for most students; exceptions to Noninstructional Fee payment rules are listed following the table.

For fee purposes, a full-time student is registered for credit in courses with a combined weight of nine or more units of course weight in a term.

1 Denotes Mandatory Noninstructional Fee
2 Denotes Optional Noninstructional Fee (see Students’ Union Health and Dental Plan information below)

**Exceptions to Noninstructional Fee payment regulations:** Optional privileges must be selected prior to the Registration Deadline.

- Students registered only in courses designated as off-campus are not assessed the Athletics and Recreation Fee, the Health Services Fee, or the U-Pass Fee. If an off-campus student wishes to opt for Athletics and Recreation, Health Services or the U-Pass they must advise the Registrar’s Office by the term registration deadline and will be assessed the fees accordingly.
- Off-campus students pay the part-time/term rate for the Student’s Union Membership/Dedicated.
- Full-time, on-campus degree program students in the Faculty of Engineering are assessed an additional $4,000 Students’ Union Dedicated Fee towards the Engineering Faculty Association Membership.
- Full-time and part-time on-campus degree program students in the Faculty of Business are assessed an additional $7,50 Students’ Union Dedicated Fee towards the Business Faculty Association Membership.
- Full-time and part-time on-campus degree program students in the Faculty of Nursing are assessed an additional $3,75 Students’ Union Dedicated Fee towards the Nursing Faculty Association Membership.
- Augustana Faculty students are not assessed the Health Services Fee or the U-Pass Fee and are assessed different Students’ Union Fee rates.
- Auditing students who are not taking courses for credit do not pay Noninstructional Fees and are not granted the corresponding privileges.
Opting-Out of the plans:
The deadline to opt-out of the Students' Union Health and dental plan is the Fall add/delete deadline (see §11 Major Deadlines from the 2011-2012 Academic Schedule). Students can opt-out online at www.ihaveaplan.ca, or by calling the Member’s Services Centre at 1-866-795-4430 or in person at the Students’ Union Health and Dental Plan Office (0-26 SUB).

Changes in fees for Fall 2011/Winter 2012 were not available at the time of printing. Refer to www.gradstudies.ualberta.ca for 2011-2012 fees information and additional sample fees assessments.

(1) General Information: All graduate students are assessed two types of fees: Instructional Fees and Noninstructional Fees.

(2) How Fees are Assessed:

a. Course Instruction Fees: All graduate students are assessed individual course fees for all courses, projects, and thesis research. There is no maximum Instruction Fee. Fees for a course taken for credit are normally calculated according to the following formula: fee index value x units of fee index (except THES 919; see b.), The fee index value is a dollar amount that is approved annually by the Board of Governors. The graduate fee index value for Fall 2010/Winter 2011 is $101.72. Fees for an audited course are calculated according to the following formula: fee index value x units of fee index x 1/2. Therefore, the Instruction Fee for a course with 6 fee index units taken for credit is $607.20. The Instruction Fee for a course with 6 fee index units taken for audit is $303.60. (Special Graduate Students may not audit courses.) The units of fee index are shown following the title of each course in §231 Course Listings, and are indicated by fi.

b. Reduced Thesis-Only Fee: For 2010-2011, this Instruction Fee is assessed at a flat rate of $1,135.96 per term. To be assessed the Reduced Thesis-Only Fee for a full-time thesis registration, students must meet the following eligibility criteria:

Master’s Students: must be in a noncost-recovery program; must have been registered full-time (minimum of 9 course/thesis per term) in at least four Fall or Winter terms in their graduate program and have been assessed at least 18 fee index units in each of those terms; and must register in THES 919 instead of THES 909. (THES 919 and 909 are both equivalent to 9 in a term.)

Master’s Students: must be in a noncost-recovery program; must have been registered full-time (minimum of 9 course/thesis per term) in at least two Fall or Winter terms in their graduate program and have been assessed at least 18 fee index units in each of those terms; and must register in THES 919, instead of THES 909. (THES 919 and 909 are both equivalent to 9 in a term.)

c. Extra Course Fees: Fees for courses extra to a degree program are calculated in the same way as fees for courses that are part of a degree program.

d. Program Differential Fee: In addition to Course Instruction Fees, students registered in the following program are assessed a Program Differential Fee:

Master of Business Administration (MBA): Students admitted to this program in Fall 2008 or thereafter are assessed an MBA Program Differential Fee on a course-by-course basis. The 2010-2011 MBA Program Differential Fee is $581.64 per 9 course. This fee is subject to yearly Instructional Fee increases. There is no maximum MBA Program Differential Fee amount.

e. International Student Differential Fees: If you are a graduate student who is not a Canadian Citizen or Permanent Resident, you will be assessed an International Student Differential Fee calculated on and equal to the value of all Instructional Fees and Program Differential Fees assessed (100% Differential). If you become a Permanent Resident before the end of a term, the International Student Differential Fee will not be assessed in that and subsequent terms. Please submit original proof of your change of immigration status to the Faculty of Graduate Studies and Research (Killam Centre for Advanced Studies, 2-29 Triffo Hall).

f. Fall 2010/Winter 2011 Graduate Student Noninstructional Fee Schedule: In addition to Instructional Fees, all graduate students are assessed Noninstructional Fees. The Noninstructional Fees assessed are based upon whether a student is full-time or part-time, and upon whether a student is on-campus or off-campus. Noninstructional Fees differ between Fall/Winter and Spring/Summer.

Students are assessed Noninstructional Fees for each term in which they register. The Fall/Winter assessment rates are shown below. The corresponding privileges conferred are explained in §22.2.13.

22.2.2 Fall 2010/Winter 2011 Graduate Instructional and Noninstructional Fees

Changes in fees for Fall 2011/Winter 2012 were not available at the time of printing. Refer to www.gradstudies.ualberta.ca for 2011-2012 fees information and additional sample fees assessments.

(1) General Information: All graduate students are assessed two types of fees: Instructional Fees and Noninstructional Fees.

(2) How Fees are Assessed:
1. Off-campus students are not assessed this fee.
2. GSA Dental Plan Fee and GSA Health Plan Fee: these fees are assessed in Fall Term to all full-time graduate students, both on-campus and off-campus.
3. Maintaining Registration Fee: Graduate students who wish to keep their program active, but who are not working on courses, projects, or thesis research register in “Maintaining Registration” by registering in M REG 800. Such students are assessed a Maintaining Registration Fee, a Registration and Transcript Fee, a Student Services Fee, a GSA Fee, and a Graduate Student Assistance Program Fee for each term in which they are so registered.
4. Readmission Fee: Graduate students who do not keep their programs active as described in §203.3 must reapply and be readmitted before they can resume their program of studies. All readmitted students are assessed a Readmission Fee in addition to other applicable Instructional and Noninstructional fees.
5. Graduate Student Assistance Program Fee: assessed at $4.00 in Fall Term and $8.00 in Winter Term for both full-time and part-time and on-campus and off-campus graduate students. The higher Winter Term amount covers access to services provided by this fee for the subsequent Spring and Summer Terms.

Graduate students who change their registration from full-time to part-time may be eligible for a reassessment of Noninstructional Fees; see §22.2.9. Graduate students who change their registration from part-time to full-time are assessed full Noninstructional Fees.

*Thesis based students pay an additional $91.67 in Winter Term for the Spring/Summer U-Pass.

### 22.2.3 Student Instructional Support Fees 2010–2011

The University of Alberta complies with the Government of Alberta’s Tuition Fee Policy, which states that postsecondary institutions may charge mandatory student fees further to fees for instruction to support the provision of supplies, equipment, materials and services to students.

The Student Instructional Support Fee policy is located on the University of Alberta Policies and Procedures Online (UAPPOL) website at: www.uappol.ualberta.ca
22.2.4 Alternate Delivery Sections 2010-2011

Sections of certain approved courses, as noted below, may be offered in an Alternate Delivery format at an increased rate of fee assessment.

</table>

Instructors, Departments and/or Faculties may also charge students Mandatory Instructional Support Fees that are assessed and collected by the department directly from the student (cont’d):

For details on the deadlines for payment of the Confirmation Deposit, Instructional, and Noninstructional Fees, see §11.

To avoid instalment charges, all Fall/Winter fees must be paid by the last weekday in September (the Fall Term Fee Payment Deadline).

If students choose to pay by term:

- Fall Term fees must be paid by the last weekday in September; and
- Winter Term fees, plus a $40 instalment charge, must be paid by the last weekday in January (the Winter Term Fee Payment Deadline).

To avoid instalment charges, all Spring/Summer fees must be paid by the last day to add or delete courses (the Spring Term Fee Payment Deadline, see §11). If students choose to pay by term:

- Spring Term fees must be paid by the last day for paying Spring fees; and
22.2.8 Obtaining and Paying Your Fee Assessment

(1) Obtaining a Fee Assessment: Students enrolled in Fall/Winter or Spring/Summer are e-mailed a notification to view their Fee Assessment in Bear Tracks (https://www.beartracks.ualberta.ca). E-mail notifications are sent in August/September for students registered in Fall/Winter. Notifications are sent in December/January for students registered in Winter only; in April for students registered in Spring only and in June for Summer only. If students make registration changes they should check their Fee Assessment in Bear Tracks to determine if the change has affected their fee assessment.

(2) Obtaining a Current Account Balance: It is a student's responsibility to find out the correct amount of fees owing and to pay this amount on or before the fee payment deadline. Refer to §22.2.6 Deadlines for Fee Payment. The account balance can be checked at www.financial.ualberta.ca. Payments after the fee payment deadline may incur financial penalties (§22.2.7); information on refunds is given in §22.2.9. Registration deadlines are listed in §11.

(3) Tuition Payment Options
a. Internet Banking, Telephone Banking, or automated banking machine. These options are available through the Royal Bank (RBC), Bank of Montreal (BMO), CIBC, Scotiabank, TD/Canada Trust, HSBC, ATB Financial, Canadian Western Bank, Servus Credit Union, and other credit unions.

To set up Internet or Telephone banking, follow the procedures provided by your financial institution. The University of Alberta is set up in the same manner as all other bill payments. Your account number is the seven digit student ID number and the first four letters of the student’s last name (e.g., ONEcard: 01 1234567 equals an account number of 1234567/LAST).

b. Interac Online Payment (Debit Card)

Tuition and noninstructional fees can be paid by Interac Online at www.financial.ualberta.ca. This service is available to clients of Royal Bank (RBC), TD/Canada Trust, Bank of Montreal (BMO), and Scotiabank. Note: Please ensure that your debit card daily and transaction limits are sufficiently large enough to pay the tuition and noninstructional fees. Please contact your financial institution directly for any inquiries or changes to your daily and transaction limits.

Important Note: The University of Alberta accepts credit card for application fee, however credit cards are not accepted for confirmation deposit or tuition payments.

c. Payment In Person

Tuition and noninstructional fees may be paid at the Cashier’s counter located on the third floor of the University of Alberta Administration Building. The cashiers accept the following methods of payment: cash, cheque, or debit card. A dropbox/mailslot is located on the third floor of the Administration Building. Envelopes are provided. Cheques or money orders must be made payable to the University of Alberta (students are requested to provide their student ID numbers on their cheques).

Note: Please ensure that your debit card daily and transaction limits are sufficiently large enough to pay the tuition and noninstructional fees. Please contact your financial institution directly for any inquiries or changes to your daily and transaction limits.

Note: The University accepts Credit Card Cheques for tuition payment. Please contact your credit card provider for further details on credit card cheque interest rates, as these cheques may be considered a cash advance.

d. Mail

Tuition and noninstructional fees may be paid by campus mail by depositing a cheque with the student ID number noted on it; in the special drop box, available one week before the payment deadline date, on the main floor of the Administration Building. After hours, students can use the campus mailbox located at 114 Street and 89 Avenue. Payments may be mailed to Student Receivables, Financial Services, University of Alberta, Edmonton, Alberta T6G 2M7.

Note: Mail delays will not be accepted as a reason for late payment.

e. Student Loans

Tuition and noninstructional fees will be deducted from student loans at the time of institutional approval. See §22.2.8(4).

(4) Dishonored Cheques: Payment by dishonored cheque is treated as nonpayment of fees. Please refer to §22.2.7 for consequences. In addition to the penalties outlined there, a $26 charge is assessed for the dishonored cheque itself.

Students will be required to pay by certified cheque or guaranteed funds for any cheque returned due to lack of sufficient funds (NSF) in the account against which the cheque was written.

(5) Deposits: Students who have paid a deposit to confirm their admission to, or continuation in, a program should deduct this from their fee assessment total.

(6) Student Loans: Alberta students who need financial assistance apply online at Alberta Learning Information Services (www.alis.gov.ab.ca/studentfinance). Application forms for loan assistance from other provincial governments for students from those provinces are available from the Student Financial Aid and Information Centre.

Undergraduate students must be registered full-time for the period of their loan. If your loan covers both terms of Fall/Winter, you must be registered for credit in courses with a combined weight of 9 or more in each term in order to have your loan approved.

Undergraduate students receiving a student loan must pay a Confirmation Deposit by August 15.

How to Process an Alberta Loan: Students who receive loan assistance through the Students’ Finance Board of the Province of Alberta and who have received a Confirmed Certificate of Loan Eligibility may go directly to Edulinx or a participating Canada Post outlet. Students with an Unconfirmed Certificate of Loan Eligibility should bring this form with their Student ONEcard to Student Receivables, Financial Services on the third floor of the Administration Building. In early September or January students should check the Office of the Registrar and Student Awards website (www.registrar.ualberta.ca) for information on the location and hours of service for loan form signing.

Students with an Unconfirmed Certificate of Loan Eligibility wishing to pay only Fall tuition and fees must present a Student Finance Board Notice of Assessment indicating further loan disbursements. Without this document, the tuition and fees for the full year will be deducted.

The fees due to the University are the first charge against the loan. If the amount of assistance awarded is less than the full amount of fees, the balance of fees owing is subject to normal fee payment regulations and deadlines.

Once the certificate is signed, the loan can be processed by Edulinx or participating Canada Post outlets.

Students must maintain full-time status for the duration of their student loan period to remain eligible for their loan funding.

(7) How to Process a Loan from Another Provincial Government: Some governments send Disbursal documents directly to their students and in other instances to Student Receivables at Financial Services. When you receive notification, please report with your documents and your Student ONEcard to Student Receivables, Financial Services.

(8) Scholarships, Bursaries and Other Financial Assistance: Students whose fees are to be paid by scholarships or other assistance processed through the University, will have the award applied to the student tuition account balance prior to payment deadline. If the award does not cover the full installment of fees due, the balance must be paid by the normal deadline. Students whose fees are paid by bursaries should contact the Student Financial Aid and Information Centre. No late payment penalties will be exacted if the funds do not arrive by the fee payment deadline; however, if the award will not cover the full installment of fees due, the balance must be paid by the normal deadline.

Students who receive direct assistance that is not processed through the University (e.g., a grant from an employer) must follow normal fee payment
regulations and meet normal deadlines. Confirmation of enrolment will be provided by the Office of the Registrar and Student Awards on request.

(9) Receipts: The Tuition and Education Amounts Certificate (Form T2202A) is the students’ official receipt for income tax purposes. This form can be accessed on Bear Tracks (https://www.beartracks.ualberta.ca). Students who make payments after the production of the certificate will have a revised certificate posted on Bear Tracks. Please note that students are no longer required to present a printed copy of the tax form when filing their tax returns.

Students requiring proof of payment prior to February are encouraged to use their cancelled cheque if possible. Alternatively, a cashier’s receipt will be provided at time of payment when paying in person at the Cashier’s counter of Financial Services. At any other time, Student Receivables of Financial Services will provide proof of payment at the student’s request. Please allow up to three weeks for delivery.

22.2.9 Refunds and Withdrawals

(1) Refer to §11 for deadline details.

(2) The Confirmation Deposit is nonrefundable, except in cases where a student has paid the deposit and is subsequently denied admission or is deemed ineligible to continue prior to the start of the current term. See §22.1.6 for detailed information on confirmation of registration.

(3) If a student drops a course before the Registration Deadline, no Instructional Fees will be assessed. If the course change results in a registration status change (e.g., from full-time to part-time), Noninstructional Fees will also be reassessed accordingly. Course drops can only be processed on Bear Tracks (https://www.beartracks.ualberta.ca) until the registration deadline for the term.

(4) If a student withdraws from a course after the Registration Deadline and up to the Refund Deadline, course withdrawals will not be eligible for any refund of fees or will be exempt from paying assessed fees that are unpaid.

(5) Students who withdraw after the Refund Deadline will not receive any reduction in Instructional and Noninstructional fees assessed.

(6) Where students have a credit balance as a result of reassessment, Financial Services will issue a refund.

(7) For course withdrawals after the Registration Deadline the effective date of the withdrawal is the day the Faculty receives the withdrawal form. Students who register and then cease to attend, or never attend, without formally withdrawing will not be eligible for any refund of fees nor will they be exempt from paying assessed fees that are unpaid.

(8) Fees deadlines are firm and are strictly enforced. Students must ensure that they process and confirm any intended withdrawals by the required deadline since ignorance of the deadline or its consequences will not be accepted as an excuse. No specific financial consideration is given to students who must withdraw after the deadlines. Students should be aware that when they withdraw from a course at any time after the Registration Deadline, they have effectively occupied a place in the class for the entire term. Since space in classes is limited, an underlying principle of this policy is to ensure that as many opportunities as possible are left open for students seeking to register. The University treats all students in an equitable fashion by adhering strictly to the deadlines published.

(9) Students are responsible for the completeness and accuracy of their registrations. Students should validate course changes and any fee assessment changes, by reviewing their Class Timetable and Fee Assessment on Bear Tracks (https://www.beartracks.ualberta.ca).

(10) Changes from credit to audit: If the change is made during the audit registration period (see §11), the assessment for the course will be at the audit rate both for undergraduate students and graduate students.

(11) Partially Paid Accounts: If the full fee assessment for the term has not been paid upon withdrawal or a change from credit to audit, money may still be owed to the University. Account balances can be checked online at www.financial.ualberta.ca or Financial Services can be contacted at (780) 492-3000 for an up-to-date Statement of Account.

(12) Refund Cheques: Financial Services normally issues refund cheques by mail up to six weeks after the Refund Deadline. If the student account is overpaid, the student will receive the refund if the registration status remains at full-time. Registration status changes from full-time to part-time will result in student loan refunds being refunded to the National Student Loan Centre.

22.2.10 Staff Remissions

University of Alberta staff members are eligible for remission of fees under the terms outlined in their contracts. Remission covers Instructional, Athletics and Recreation fees, and University Health Services fees provided the Request for Remission of Fees form is received by Financial Services prior to the term payment deadline. Staff members are responsible for paying all other assessed fees by the payment deadline; otherwise penalties will apply. Books and supplies are the responsibility of the employee.

22.2.11 Third Party Billing

Any student whose fees are paid by another source is considered a third party-sponsored student.

In accordance with §§22.2.6, 22.2.7, 22.2.8 and 22.2.9, Third Party Sponsors will be expected to adhere to University policies with respect to payment deadlines, late payment penalties, instalment charges, withdrawals and so forth. Individual listing or group listings of sponsorship should be forwarded to Student Receivables, Financial Services, well in advance of the Registration and Confirmation Deposit deadlines. Students are responsible for advising the third party of any changes to the financial record after the initial billing.

If payment is not received by the Payment Deadline, academic and financial penalties will be imposed.

22.2.12 2010-2011 Schedule of Fees for Special Services

The following are fees for special services; the rates for 2011-2012 were not known at the time of printing and are subject to change without notice. Refer to www.registrar.ualberta.ca/fees for 2011-2012 fees.

Examination and examination-related fees (see §23.5):

Deferred examination ($23.3(2)] $48.53/paper
Reexamination ($23.5(5]) $145.65/paper
Examination conducted at an established centre other than Edmonton:

- In Canada $131 (additional)/paper
- Outside Canada $156 (additional)/paper
Final examination reappraisal ($23.5.4] $97.09/paper
Credit by special assessment ($14.2.4] $259.84/course

Other fees (payable in advance):

- Application for Undergraduate Admission ($12) $115/form
- Application for Undergraduate Readmission or Transfer ($12) $75/form
- Augustana Student Insurance Policy Fee $8
- Cooperative Education Program Application Fee $50
- Program Administration Fee $150
- Graduate Application for Admission $100
- Graduate Readmission ($22.2.2) $1,355.84
- Graduate thesis microfilming $44.10
- Health Care Coverage for International Students (UAHIP) $36/month
- Language Proficiency Exam or English Proficiency Exam $50/exam
- Placement Program Fee $50
- Replacement parchment $30
- Replacement StudentONEcard $20
- Respiratory Fit-Testing $30-540/test
- Security Clearance Check $30 - 50/check (variable)

1For students in the Faculty of Arts to meet the second language requirement.
2Applies to students who are commencing a placement in a facility under Alberta Health Services administration in one of the designated patient care areas and/or in one of the identified disciplines.
3Students across various Faculties (health science Faculties, Arts, Business and Education) may require a security clearance check as part of their placement or practicum experience with external agencies.

22.2.13 Privileges Conferred by Payment of Noninstructional Fees

Additional information and 2010-2011 rates for these fees are given in §§22.2.1 and 22.2.2.

(1) Registration and Transcript Fee: Confers to all students the privilege of receiving ongoing services for admission, student records management, academic certification including official transcripts (see §23.9.2), convocation, and the like from the Office of the Registrar and Student Awards, Financial Services, and Faculty offices. This fee is assessed to all students, graduate and undergraduate, full-time and part-time, on-campus and off-campus.

(2) Program Administration Fee: Assists in program administration, including co-op and academic certification, assessments, and transcript issuance.

(3) Cooperative Education Program Application for Undergraduate Readmission or Transfer ($12) $75/form
- Augustana Student Insurance Policy Fee $8
- Cooperative Education Program Application Fee $50
- Program Administration Fee $150
- Graduate Application for Admission $100
- Graduate Readmission ($22.2.2) $1,355.84
- Graduate thesis microfilming $44.10
- Health Care Coverage for International Students (UAHIP) $36/month
- Language Proficiency Exam or English Proficiency Exam $50/exam
- Placement Program Fee $50
- Replacement parchment $30
- Replacement StudentONEcard $20
- Respiratory Fit-Testing $30-540/test
- Security Clearance Check $30 - 50/check (variable)

1For students in the Faculty of Arts to meet the second language requirement.
2Applies to students who are commencing a placement in a facility under Alberta Health Services administration in one of the designated patient care areas and/or in one of the identified disciplines.
3Students across various Faculties (health science Faculties, Arts, Business and Education) may require a security clearance check as part of their placement or practicum experience with external agencies.

22.2.13 Privileges Conferred by Payment of Noninstructional Fees

Additional information and 2010-2011 rates for these fees are given in §§22.2.1 and 22.2.2.

(1) Registration and Transcript Fee: Confers to all students the privilege of receiving ongoing services for admission, student records management, academic certification including official transcripts (see §23.9.2), convocation, and the like from the Office of the Registrar and Student Awards, Financial Services, and Faculty offices. This fee is assessed to all students, graduate and undergraduate, full-time and part-time, on-campus and off-campus.
Students' Union Membership Fees: This fee confers membership in the Students' Union to all undergraduate students. Membership entitles a student to use all Students' Union facilities and services. These funds are used by the organization to operate various student services (see §24.12), run annual elections, undertake political advocacy initiatives and run a host of programming activities for the students at the University of Alberta. Part of this fee is used to purchase capital equipment for upgrades to the Students' Union Building and the various businesses operated by the Students' Union.

Students' Union Dedicated Fees: Dedicated Fees are composed of individual fees created through student votes in campus-wide referenda; each of which is designated for a specific purpose. Some of these are administered internally by the Students' Union, whereas the majority are controlled by independent groups on campus. For further information on all SU fees, contact the Vice President (Operations and Finance), 2-900 SUB (780) 492-4236.

Students' Union Health Plan: Covers the cost of enrolment in the Students’ Union Health plan for a 12 month period from September 1 to August 31 of the following year. More information, including how to change coverage including opting out of the plan by the Fall Term deadline, or how to enrol if you are a new Winter Term student, is available at www.ihaveaplan.ca or call the Member's Services Centre at 1-866-795-4430. Or in-person at the Students’ Union Health and Dental Plan Office (0-26 SUB).

Students’ Union Dental Plan: Covers the cost of enrolment in the Students’ Union Dental plan for a 12 month period from September 1 to August 31 of the following year. More information, including how to change coverage including opting out of the plan by the Fall Term deadline, or how to enrol if you are a new Winter Term student, is available at www.ihaveaplan.ca or call the Member's Services Centre at 1-866-795-4430. Or in-person at the Students’ Union Health and Dental Plan Office (0-26 SUB).

Graduate Students’ Association Fee: Confers the privilege of using services provided to graduate students by the Graduate Students’ Association. These include access to lecture grants and travel grants, help with academic appeals, access to inexpensive photocopying and faxing, free OmbudService, a copy of the GSA Handbook, monthly socials, emergency student loans, and many other services. The Graduate Students’ Association represents graduate students on University committees and negotiates assistantship regulations on behalf of graduate assistantship holders.

Graduate Students’ Association Dental Plan Fee: covers the cost of enrolment in the GSA Dental Plan for a 12-month period from September 1 through August 31 of the following year. More information, including how to opt in or out of the Plan by the Fall Term registration deadline, or how to enrol if you are a new Winter Term student, is available at www.studentcare.net.

Graduate Students’ Association Health Plan Fee: covers the cost of enrolment in the GSA Health Plan for a 12-month period from September 1 through August 31 of the following year. More information, including how to opt in or out of the Plan by the Fall Term registration deadline, or how to enrol if you are a new Winter Term student, is available at www.studentcare.net.

Graduate Students’ Assistant Program Fee: Confers to graduate students the privilege of receiving advice and counselling from Human Solutions in such areas as mental health, finances, nutrition, legal and immigration services/counselling, and other issues relevant to student life. This fee is assessed to all graduate students—full-time and part-time, and on-campus and off-campus. Further information is available on the Graduate Students’ Association website at www.gsa.ualberta.ca.

Athletics and Recreation Fee: Confers the privileges of using the facilities of the Physical Education and Recreation Centre and of participating in all Athletic Services Programs. This fee is assessed to all students registered in on-campus courses. See also §24.5.

Health Services Fee: Confers the privilege of using the University Health Centre, which offers a wide range of convenient medical services, including drop-in medical consultations, immunizations, an on-site pharmacy, and reduced costs on prescriptions. This fee is assessed to all students registered in on-campus courses. See also §24.16.

Universal Transit Pass (U-Pass): provides eligible students unlimited access to regular Edmonton, St Albert and Strathcona County Transit services for Fall (September-December) and Winter (January-April) academic terms. This fee is assessed to all students registered in on-campus courses in the Fall and Winter Terms (with the exception of Augustana Faculty). More information is available at www.ualberta.ca/u-pass.

Common Student Space, Sustainability and Services (CoSSS): The University provides an extensive range of noninstructional services that benefit students. This fee contributes to sustaining these services. Examples include a range of risk management programs, support for common circulation space, and sustainability initiatives.

22.2.14 Estimates of Future Fees

At the time of printing there are proposed 2011-2012 fee increases calculated in compliance with the Government of Alberta’s Tuition Fee Policy. The proposed fees, shown below, have not yet been approved by the University’s Board of Governors. As per the Government of Alberta Tuition Policy, future increases to tuition fees will be indexed to the Annual Average Alberta Consumer Price Index (July to June).

2011-2012 Proposed Fee Estimate

<table>
<thead>
<tr>
<th>Fee Description</th>
<th>Increase in instructional fee</th>
<th>Undergraduate fee index value</th>
<th>Cost of 13 courses in Arts or Science</th>
</tr>
</thead>
<tbody>
<tr>
<td>Differential Fee</td>
<td>0.35%</td>
<td>$865.58</td>
<td>$819.48</td>
</tr>
</tbody>
</table>

1Undergraduate International student fees include an International Student Differential Fee.

The Student Services, Registration and Transcript, Athletics and Recreation, and Health Services fees are indexed to the Annual Average Alberta Consumer Price Index (September to August).

Other noninstructional fees are reviewed and adjusted as required on an annual basis by the Board of Governors taking into account changes to the costs of delivering the services associated with the fees.

Students’ Union and Graduate Students’ Association fees are adjusted as determined by each of the two student associations in accordance with their bylaws.

The University of Alberta reserves the right to increase student fees over and above the estimates noted above provided such increases comply with the Government of Alberta’s Tuition Fee Policy. Also note that International student fees may be subject to increases throughout the duration of a student’s program.

23 Academic Regulations

23.1 Changes in Regulations

The University reserves the right to make changes in regulations governing degree programs from time to time.

General Faculties Council (GFC) is the University’s senior academic governing body and it is GFC which has approved all the academic regulations which appear in this and other sections of the Calendar. No changes to these regulations may be made without GFC’s approval.

23.1.1 Academic Standing Regulations

Changes regarding “academic standing” regulations such as the eligibility to continue in a program, promotion, and graduation requirements, apply to both new and continuing students. All students should annually refer to the current Calendar for appropriate Faculty academic standing regulations.

Any and all grade averages used in making decisions regarding academic standing should be clearly described in the Faculty section of the Calendar; this description is to include the computational rules and the way in which the average will be used in the decision process.

23.1.2 Degree Program Regulations

Unless stated otherwise, changes in degree program requirements (i.e., the required courses specified for a particular program of studies, or the units of course weight required in specified subject areas, or the total units of course weight required in the degree program) apply only to new students and those
readmitted to a Faculty. Continuing students should refer to the Calendar in effect at the time they were admitted or readmitted for the regulations governing their degree program requirements.

Where a required course for a degree program is no longer offered, the Faculty may specify an alternate. **Students who interrupt their program and who must apply for readmission to the program will be required to comply with any new regulations upon resumption of their studies.**

### 23.2 Residence Requirements

A student proceeding towards a first (bachelor’s) degree is expected to complete at least half of the credits required through courses offered by the University of Alberta (either “on” or “off” campus in Fall/Winter or Spring/Summer). Normally, at least half of these “University of Alberta” courses will be taken as the final courses in the program. Credits obtained by special assessment at the University of Alberta may be included in the count of courses used to satisfy the residency requirements. (See §14.2.4 Credit by Special Assessment.)

#### 23.2.1 Transfer of Credit

Transfer of credit for students being considered for admission to the University of Alberta is discussed in §14.2.2. Under certain circumstances, students registered in a degree program at the University of Alberta may be permitted to take courses at another recognized postsecondary institution for application to their program at the University of Alberta. Normally, this is accomplished by participating in a formal exchange program or by registering as a Visiting Student at the other institution. To be considered for such transfer credit, students must

1. Receive permission in advance from their home Faculty;
2. Be in good standing in their ongoing degree program;
3. Not have exceeded the maximum amount of transfer credit allowed by the Faculty.

Transfer credit is normally awarded only for approved courses in which a grade of C− (or its equivalent) is achieved. Credit for such courses will be considered on a credit/no credit basis only and will not normally be included in any grade point average calculation; Faculties may have other requirements. Students should consult their Faculty section of this Calendar.

### 23.3 Attendance

Since presence at lectures, participation in classroom discussions and projects, and the completion of assignments are important components of most courses, students will serve their interests best by regular attendance. Those who choose not to attend must assume whatever risks are involved. In connection to this students should review the following sections.

The University recognizes that occasionally life events occur that require a student to miss term work, term examinations, or final examinations. However, excused absences are not granted automatically and will be considered only for acceptable reasons such as incapacitating illness, severe domestic affliction, or religious convictions.

Unacceptable reasons include, but are not limited to personal events such as vacations, weddings, or travel arrangements. When a student is absent without acceptable excuse, a final grade will be computed using a raw score of zero for the work missed. Any student who applies for or obtains an excused absence by making false statements will be liable under the Code of Student Behaviour. Students should consult their Faculty for detailed information and requirements.

1. **Absence from Term Work or Term Examinations**
   - Approval for an excused absence from term work (e.g., classes, labs, assignments, quizzes, term papers, reports, etc.) or term exams is at the discretion of the instructor.
   - To apply for an excused absence, a student must present supporting documentation pertaining to the absence to the instructor within two working days following the scheduled date of the term work or term exam missed, or as soon as the student is able, having regard to the circumstances underlying the absence.
   1. Where the cause is incapacitating illness:
      i. a medical note cannot be required.
      ii. if a student chooses to provide a medical note, the University of Alberta Medical Statement Form may be downloaded from the Online Services section of www.registrar.ualberta.ca

### 23.4 Evaluation Procedures and Grading System

**Important Notification:** Effective September 1, 2003, the University of Alberta implemented a letter grading system with a four-point scale of numerical equivalents for calculating grade point averages. Letter grading scales are more commonly applied throughout North America.

1. **Weighting of Term Work and Final Examinations:** In each course in which a final examination is held, a weight of not less than 30 percent and not more than 70 percent will be assigned to the final examination, except where a departure from this arrangement has been authorized by the council of the Faculty in which the department offering the course is situated. The remaining weight for the course will be assigned to term work.
2. **Course Requirements, Evaluation Procedures and Grading:** The policies set out below are intended to provide instructors and their students with general course information. GFC, in approving these guidelines, expected that there would be a common sense approach to their application
and understood that circumstances might develop, during a term, where a change to the course outline, as set out in §23.4(2)A., made sense to all concerned. Such changes shall only occur with fair warning or general consent.

Students concerned about the application of these guidelines should consult, in turn, the instructor, the chair of the department by which the course is offered, and the dean of the faculty in which the course is offered.

a. At the beginning of each course, instructors are required by GFC to provide a course outline which must include the following:

i. a statement of the course objectives and general content
ii. a list of the required textbooks and other major course materials
iii. a list of any other course fees as described in the "Student Instructional Support Fees Policy" and their associated costs
iv. an indication of how and when students have access to the instructor
v. the distribution of weight between term work and final examination
vi. identification of all course activities worth 10% or more of the overall course mark
vii. whether marks are given for class participation and other in-class activities as well as the weight of such participation
viii. dates of any examination and course assignments with a weight of 10% or more of the overall course mark
ix. the manner in which the official University grading system is to be implemented in that particular course or section, i.e., whether a particular distribution is to be used to determine grades, or whether there are absolute measures or marks which will determine them, or whether a combination of the two will be used. Instructors should refer to the University of Alberta Marking and Grading Guidelines.

b. Every course outline should contain the following statement: "Policy about course outlines can be found in §23.4(2) of the University Calendar."

c. Every course outline should contain the following statement: "The University of Alberta is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect. Students are particularly urged to familiarize themselves with the provisions of the Code of Student Behaviour [online at www.governance.ualberta.ca] and avoid any behaviour which could potentially result in suspicions of cheating, plagiarism, misrepresentation of facts and/or participation in an offence. Academic dishonesty is a serious offence and can result in suspension or expulsion from the University."

d. Nothing in any course outline, syllabus or course web-site may override or contravene any Calendar regulation or GFC policy. In resolving any discrepancy, GFC policy and Calendar regulations will take precedence.

e. Instructors may indicate in the course outline the date, time and place on which the deferred examination for the course will occur, should one be required. See §23.5.6.

f. Instructors should discuss with the class their expectations with respect to academic honesty issues and outline both permitted and prohibited behaviour.

g. Instructors must follow copyright regulations as established by the University from time to time in the duplication of course material.

h. Instructors should allow students a reasonable time in which to complete an assignment, bearing in mind its weight.

i. Instructors should mark and return to students with reasonable dispatch all term examinations and, provided the students submit them by the due date, all course projects, assignments, essays, etc.

j. All projects, assignments, essays, etc., should be returned on or by the last day of classes in the course, with the exception of a final major assignment (which may be due on the last day of classes), which should be returned by the due date of the scheduled final examination or, in non-examination courses, by the last day of the examination period.

k. Upon request, instructors are required to provide the method which was used to translate final and, where appropriate, term marks into grades.

(3) Procedures for Registering Complaints about Marking, Grading, and Related Issues:

a. Where the above guidelines have not been followed or where students have concerns about the instructor’s teaching, the student should make the concern known to the appropriate individual in the following sequence:

i. Instructor
ii. Chair of the department in which the course is taught
iii. Dean of the Faculty in which the course is taught (some Faculties have delegated this authority to departments)

b. A student needing advice on these matters should see the student advisors in the Office of the Dean of Students.

c. These procedures do not constitute a mechanism for appeals and grievances regarding the academic standing or individual grades of a student. Appeals and grievances of that nature are dealt with in §23.8 of the Calendar.

(4) Assigning Grades: Grades reflect judgement of student achievement made by instructors. These judgements are based on a combination of absolute achievement and relative performance in a class. The instructor should mark in terms of raw scores, rank the assignments in order of merit, and, with due attention to the verbal descriptions of the various grades, assign an appropriate letter grade to each assignment.

Course Grades Obtained by Undergraduate Students:

<table>
<thead>
<tr>
<th>Descriptor</th>
<th>Letter Grade</th>
<th>Grade Point Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Excellent</td>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>Good</td>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>Satisfactory</td>
<td>C+</td>
<td>2.3</td>
</tr>
<tr>
<td>Poor</td>
<td>D+</td>
<td>1.3</td>
</tr>
<tr>
<td>Minimal Pass</td>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>Failure</td>
<td>F or F+</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Note: F4 denotes eligibility of a student to apply for a reexamination of a course.

Course Grades Obtained by Graduate Students:

<table>
<thead>
<tr>
<th>Descriptor</th>
<th>Letter Grade</th>
<th>Grade Point Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Excellent</td>
<td>A</td>
<td>4.0</td>
</tr>
<tr>

</tbody>
</table>

(5) In addition to the grades described above, the University of Alberta currently records the following grades and remarks:

Final Grades

AE: aegrotat standing
AU: registered as an auditor
AW: registered as an auditor and withdrew
CR: completed requirements, no grade point value assigned
EX: exempt
IN: incomplete
IP: course in progress
IP*: withdrew from or failed course in progress
NC: failure, no grade point value assigned
W: withdrew with permission

Remarks

1. grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both
2. grade includes a mark of ‘0’ for final examination missed, or for term work missed, or both, and deferred final examination granted
3. credit withheld
4. reexamination granted
5. failure (assigned to failing Graduate Student grades only)
6. failure, grade includes a mark of ‘0’ for final examination missed, or for
term work missed, or both (assigned to failing Graduate Student grades
only)
7. failure, grade includes a mark of ‘0’ for final examination missed, or
for term work missed, or both, and deferred final examination granted
(assigned to failing Graduate Student grades only)
8. disciplinary sanction for serious instances of inappropriate academic
behavior
9. failure, disciplinary sanction for serious instances of inappropriate academic
behavior (assigned in the same circumstances as the remark
of it but to failing Graduate Student grades only)

(6) Grade Point Average (GPA): All courses have been assigned an
appropriate weighting factor, which along with a student’s grade point
values, enables the Registrar’s Office or the Dean’s office to compute the
Grade Point Average.

The Grade Point Average (GPA) is a measure of a student’s weighted
average, obtained by dividing the total number of grade points earned by
the total units of course weight attempted.

Rules for Computing the GPA

a. The GPA for any period is based on the final grades, including failing
grades in all courses taken during a specified period.

b. GPAs are calculated according to the following formula: GPA = sum of
   [grade point value x units of course weight] / sum of units of course weight

   
   GPA = sum of [grade point value x units of course weight]
   
   sum of units of course weight

c. A reexamination mark or a deferred examination mark replaces the
   original final examination mark. The revised final grade is included in
   the computation of the GPA.

d. When a student has a deferred, incomplete or a missing grade, the GPA
   is not computed until a final grade is reported.

e. Grades of IN are counted as numeric grades of 0.00 in the computation
   of any GPA.

f. Grades of W (withdraw) are excluded from the computation of the GPA.

g. Grades of CR and NC are not included in the computation of any GPA.

h. Any GPA is rounded to the nearest decimal place using standard
   rounding rules – that is it is rounded up with a value of 5 or greater in
   the first nonsignificant place and rounded down with a value of 4 or less
   in the first nonsignificant place.

Types of Grade Point Averages: Faculties may use different averages
for various decisions regarding academic standing, promotions, and
graduation, as long as these have been approved by General Faculties
Council. Such averages are descriptively labelled.

a. Admission Grade Point Averages (AGPA) see §14.2.1.

b. Fall/Winter and/or Spring/Summer Grade Point Averages are
   reported on transcripts and is used by most Faculties to determine
   academic standing.

c. Term Grade Point Average may be calculated at the end of Fall,
   Winter, Spring or Summer, and used to determine eligibility for
   reexamination (see §23.5.5).

d. Promotion and Graduation Grade Point Averages are Faculty
   specific and are defined in the Faculty sections of the Calendar.

e. Faculty Grade Point Average (FGPA): The Faculty Grade Point
   Average (FGPA) is a cumulative measure of a student’s grade points
   obtained while registered in a Faculty in all years and terms, including
   Spring/Summer. FGPA is a weighted average obtained by dividing the
   total grade points earned by the total units of course weight attempted.
   The FGPA is currently used by the Faculty of Arts.

Rules for Computing the FGPA

i. The rules related to calculation of GPA (see §23.4(6)) also apply to
   the calculation of FGPA.

ii. The initial assessment and any subsequent reassessment of
    academic standing using FGPA is based on a student’s performance
    in a minimum of nine units of course weight (**) If, at the time
    of review, the student has attempted less than 9 since the last
    assessment while registered in the Faculty, the assessment will be
    deferred until the next assessment period.

iii. Assessments are performed at the end of a student’s registration
    in Fall/Winter (or at the end of a student’s program) and are based
    upon the final grades in all courses taken in that and prior periods

   while registered in the Faculty. At the discretion of the faculty
   an assessment may also be performed at the end of a student’s
   registration in Spring/Summer.

iv. If a student is required to withdraw and subsequently allowed to
    continue (after a successful appeal or after successfully completing
    required work at another institution) the FGPA will be calculated
    from the term in which readmission or continuation is granted, not
    from the time of first admission into the Faculty. Such a restart of
    FGPA will be allowed only once for any student in a Faculty.

v. Students continuing in a Faculty following a restarted FGPA as
    described above must thereafter maintain a minimum FGPA of 2.0.

(7) Aegrotat Standing: Aegrotat standing may be granted, in special
circumstances, on the grounds of illness to deserving students who have
completed at least one year at the University of Alberta in the Faculty in
which they are currently registered. Any student wishing to take advantage
of this privilege should apply without delay to the dean of the Faculty
concerned. Any other student absent from a final examination because of
illness may apply for permission to write the regular deferred examination.

(8) Competence in Written Work: General Faculties Council urges all
instructors of University undergraduate courses to provide that suitable
portions of course testing or other course work should be in the form of
written essay responses and to emphasize to students that competence in
written work is integral to competence in a subject and will constitute part
of the basis on which the student’s course grade is determined.

All instructors should make clear at the outset of each course their
expectations in regard to the standard and importance of writing in
assignments and examinations. Refer to §24.16 for information on Effective
Writing Resources.

(9) Official Grades: Student grades are unofficial until they have been
approved by the appropriate Faculty Council at the end of Fall/Winter or
Spring/Summer. Prior to approval by Faculty Council, unofficial grades
are reported on transcripts and so noted. Students can generally expect
that official grades will be available in early June for Fall/Winter, and early
September for Spring/Summer. Students obtain their Statement of Results
on Bear Tracks (https://www.beartracks.ualberta.ca) following the approval
of grades.

23.5 Examinations (Exams)

23.5.1 Conduct of Exams

Note: Conduct which violates the rules of conduct for exams may also
violate the Code of Student Behaviour, Appendix A of the University of Alberta
Calendar.

In this section, “term exam” is used to refer to any written or oral exam, test
or quiz (other than a final exam) which is scheduled as part of the term work
of a course.

1. Student Identification: Students writing exams are required to confirm
their identities by providing their student ID numbers and signatures and
by presenting their student ID cards (ONeCard) or other acceptable photo
identification. Students who are unable to present satisfactory identification
at the time of the exam will be permitted to write the exam, but will be
required to present themselves with acceptable photo identification to the
instructor of the course within two working days of the exam and may be
required to provide a sample of their handwriting. Failure to provide proper
identification will result in a mark of zero for the exam. Instructors are
advised to circulate an attendance sheet at all exams.

2. Permitted References and Aids: Only those items specifically authorized
by the instructor may be brought into the exam facility. The use of
unauthorized personal listening, communication, recording, photographic
and/or computational devices is strictly prohibited.

3. Registration: Students may not be present in an exam or write an exam in
a course section in which they are not registered.

4. Arriving and Leaving: Students may not enter the exam area after the first
half-hour has elapsed, and they may not leave the exam area until one half-
hour has elapsed.

5. Communications: During the exam, all communications should be
addressed to a supervisor. Students should not, under any circumstances,
speak to or communicate with other candidates or leave their answer papers
exposed to view.
(6) **Brief Absence from an Exam:** Students who need to visit the washroom during an exam must leave their papers in the custody of a supervisor and retrieve it upon return.

(7) **Cancellation of Paper During Exam:** If a student becomes incapacitated because of illness or receives word of domestic affliction during the course of an exam, he or she should report at once to the Supervisor, hand in the unfinished paper, and request that it be cancelled. Thereafter, if illness is the cause, the student may go directly to the University Health Centre or other medical practitioner so that any subsequent application for a deferred exam may be supported by a medical note. If a student chooses to provide a medical note, the University of Alberta **Medical Statement Form** may be downloaded from the Online Services section of www.registrar.ualberta.ca. Medical notes cannot be required. Alternatively, students may provide supporting documentation by way of a form from the student’s Faculty or a statutory declaration. In cases other than illness, adequate documentation must be provided.

a. For final exams, the student must provide documentation and apply to their Faculty for a deferred exam within two working days following the cancelled final exam or as soon as the student is able, having regard to the circumstances underlying the cancellation. Students should consult their Faculty for detailed information on requirements. Also see §23.3(2) for details.

b. For other exams, instructors may use their discretion to request supporting documentation. The student must contact the instructor within two working days of the exam or as soon as the student is able, having regard to the circumstances underlying the cancellation and present supporting documentation to the instructor if requested.

Should a student write an exam, hand in the paper for marking, and later report extenuating circumstances to support a request for cancellation of the paper and for another exam, such request will not be entertained. Any student who requests a cancellation of their paper and subsequently applies for or obtains an excused absence by making false statements will be liable under the Code of Student Behaviour.

(8) **End of Exam:** When the signal is given to end the exam, students must promptly cease writing. If a student does not stop at the signal, the instructor has the discretion either not to grade the exam paper or to lower the grade on the examination.

### 23.5.2 Term Examinations

(1) **Term Examinations Optional:** The holding of term examinations is optional within each department.

(2) Instructors may schedule term examinations during any regularly scheduled class period. In certain cases an instructor may schedule a term examination outside or beyond the regularly scheduled class period. Instructors should be aware that by doing so, conflicts may result for some students that have another class at the time of the scheduled term examinations. Students have the right to attend regularly scheduled class activities. Therefore, if a student has a conflict between a regularly scheduled class and a scheduled term examination, the instructor of the class in which there was a scheduled term examination will be required to make an accommodation for the student.

### 23.5.3 Final Examinations

There is no requirement by General Faculties Council that the final examination must be written in order to obtain credit; Faculties are permitted to make their own regulations in this regard.

(1) **Final Examinations:** A final examination is held in each course except where departure from this arrangement has been authorized by the Faculty council governing the department offering the course. Final examinations for Fall courses shall be held in December. Final examinations for Winter or two-term Fall/Winter courses shall be held in April. Final examinations for Spring courses shall be held in June. Final examinations for Summer or two-term Spring/Summer courses shall be held in August. Examinations for evening credit program and late afternoon and evening courses are to be held during the last regular class period, excluding Augustana Faculty. Final examinations in Augustana Faculty evening courses are to be held in the evening during the regular examination period.

(2) **Examination Schedule:** The schedule of Fall and Winter Terms final examinations (and mid-term examinations in two-term courses) shall be related directly to the basic University timetable.

Where possible, the final examination schedule for Augustana Faculty courses shall be related directly to the basic University timetable. Some dates may vary. Students should also see §§4.4.

In the Faculty of Education, for those Faculty courses which form part of a professional term and hence do not conform to the standard timetable, the scheduling of the final examinations shall become the responsibility of the Faculty.

In the MBA program final examinations in all evening courses shall be scheduled into the week immediately following the last week of classes in each term in order to allow for equal instructional hours in the full- and part-time programs.

Final examinations or mid-term examinations in two-term courses shall not exceed three hours in length.

The Examination Schedule shall be adhered to and no attempt made to adjust examination schedules to accommodate students who have failed a course and are repeating without attendance.

Normally there shall be no departure from the official Final Examination Schedule. Instructors and students may, however, petition the Faculty Council concerned for permission to depart from the Schedule if justified reasons can be established. No departures shall be considered for approval unless the instructor of the class concerned and every student registered for credit in the class have given their written consent. Such consent shall take the form of either written letters or signed and dated forms made available from the Dean’s office. These notices of consent shall be conveyed to the Dean of the Faculty **offering the course** on an individual basis at least one month prior to the new dates being requested. If and when unanimous consent is received from the class, this fact shall be communicated to both the instructor involved and the Faculty Council. All such notices of consent shall be received by the Dean, in confidence, and it will not be the Dean’s responsibility to insure that all members of the class have been informed of the need to submit such written consents. This will be the responsibility of the Instructor or of those members of the class who have initiated the request for a change in the examination date.

The requirement that notices of consent for departures from the official Final Examination Schedule shall be conveyed to the Dean at least one month prior to the new date being requested, shall be rigidly enforced.

The rescheduling of examinations or tests in the final week of classes is not permitted.

(3) Where a final examination has been scheduled, students registered in the course may not be debarred from writing that final examination.

(4) **Marking of Papers:** Departments and instructors shall be informed that the marking of examinations be given first priority in order to expedite the submission of Grade Report Forms to the Registrar.

No member of a Department shall be permitted to go away taking the original examinations papers with him or her for marking without permission of the unit head. In a case where a member of a Department applies for leave before the end of term, this will only be granted on condition that the head of the Department arranges for the papers to be read here in the usual way.

All examinations and assignments shall be marked only by the instructor(s) or by persons expressly authorized by the Department Chair (or by the Dean in non-departmentalized Faculties) to mark them.

(5) The following discretionary policy on student access to final examination papers was approved by General Faculties Council:

Departments subscribing to the belief that there is educational value in permitting students to see their final examination papers after they have been marked are not only at liberty, but are encouraged, to make the papers available on request, and to allow for discussion where possible; that the objective here is an educational end: i.e., it is not a substitute for existing reappraisal procedures for the reconciliation of grades; that where the department is prepared to grant outright release of the paper it must not do so until the deadline for applications for reappraisal has passed, since an appeal cannot be entertained after the custody of the paper has been relinquished to the student.

(6) **Grades of Incomplete:** The grade of “incomplete” (IN) is normally awarded when an undergraduate student is prevented by illness, domestic affliction, or other extreme circumstance from submitting an assignment by the end of term. When a grade of IN is awarded, the student is required to submit the assignment within 10 days after the end of the final examination period of the term for the course. At the request of the Department Chair concerned, the student’s Dean may grant an extension of time to a maximum of four months after the end of the term. If the assignment is not submitted by the prescribed deadline, the Registrar will record a grade of “NC” or a grade of “F” plus a remark of “1”, as appropriate. Before finalizing the student’s grade
the Office of the Registrar and Student Awards will give 30 days written notice to the student’s Faculty and to the Department in which the course is offered.

23.5.4 Notification of Results

(1) **Release of Grades:** Only the Registrar’s Office is authorized to issue official statements of results or transcripts. An official statement of final grades in courses for each Fall/Winter and Spring/Summer period is available on Bear Tracks (https://www.beartracks.ualberta.ca). Official statements are provided at the following times:

<table>
<thead>
<tr>
<th>Students registered in</th>
<th>statement available</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term only</td>
<td>early February</td>
</tr>
<tr>
<td>Fall/Winter Terms</td>
<td>late May</td>
</tr>
<tr>
<td>Spring Term only</td>
<td>early July</td>
</tr>
<tr>
<td>Spring/Summer Terms</td>
<td>late August/early September</td>
</tr>
</tbody>
</table>

Departments shall forward grades to the Office of the Registrar and Student Awards within five working days of the final exam, or (for courses with no final exam) within five working days of the due date for the final assignment. For courses with consolidated examinations, Departments shall forward grades to the Registrar’s Office within ten working days of the final exam. (For the Faculty of Law grades should be reported to the Registrar no later than the third day of classes in the Winter Term for Fall Term courses, or May 31 for Winter Term or Fall/Winter courses.) Allowing for processing time in the Registrar’s Office, grades should be available to students within eight working days. For courses with consolidated examinations, grades should be available to students within twelve working days. For the Faculty of Medicine and Dentistry’s DDS, Dental Hygiene and MD programs, grades will be released within 10 working days of the end of the exam period for the program.

**Unofficial** final course grades are available to students on Bear Tracks (https://www.beartracks.ualberta.ca) after the approved Grade Report Form is received by the Office of the Registrar and Student Awards. Grades for courses that are completed in the first half of the term are available mid-term.

Students should consult the Registrar’s website at www.registrar.ualberta.ca for information on how to obtain their grades on Bear Tracks.

Departments may, but are not required to, post unofficial results in alternate formats, provided the confidentiality of the students’ records is preserved in accordance with the Freedom of Information and Protection of Privacy Act. This precludes incorporating names or, potentially, information such as Faculty, degree, or year in program if the identity of the student can be deduced from this information. Because it is very difficult to protect student confidentiality in small classes (less than 25 students), departments should refrain from posting grades for these courses.

(2) **Reappraisals:** Since great care is taken in marking final examination papers, a student should apply for reappraisal of a paper only if he or she has good reason to believe that a mistake has been made. Reappraisals are dealt with by the Chair of the department in consultation with members of the staff. A request for reappraisal must be made in writing to the Faculty or Department Office responsible for the course by February 1 in the case of Fall courses, by June 22 for other Fall/Winter courses, and within thirty days of the publication of results for courses offered in Spring/Summer. The request must include a statement of whether the intent of the appeal is to raise or lower the grade. If a student fails to include such a statement it will be assumed that the intent is to have the grade raised. Refer to §22.2.8 for details on where to pay fees and to §22.2.12 for fees for special services. Payment of the required fee will normally be made at the time of the request but must be made no later than two weeks after submission of the request; the fee will be refunded if the appeal is successful.

The privilege of having papers reappraised applies only to final examinations. A student may apply for reappraisal of no more than two final examination papers in each term of the Fall/Winter. A student enrolled in the Spring/Summer will be limited to two reappraisals. It should be understood that if the grade is changed, the new grade, whether higher or lower than the original, replaces it as the student’s official grade in the course.

23.5.5 Reexaminations

(1) Undergraduate students who have written and submitted a final examination may be considered for a reexamination provided the following conditions are met. Students in Medicine and Dentistry should consult §113.2 and the Faculty Office for these regulations. Students in Business should consult §63.5(7). Students in Science should consult §192.5.9. Reexaminations are not permitted for graduate students.

a. The course was failed.

b. The final examination is 40 percent or greater, as originally scheduled for the class as a whole.

c. For a Fall-Term course, the student achieved a Term Grade Point Average of 2.0 inclusive of the failed course. For Winter-Term and Fall/Winter courses, a Fall/Winter GPA of 2.0 inclusive of the failed course.

d. Students are advised that it may not be possible to make a ruling until all grades for a term or two-term period are recorded. Students for whom a term GPA cannot be computed at the end of the Fall Term will have to wait for the computation of a GPA following the Winter Term. In this case, the Application for Reexamination form should be left with the Faculty office for a later ruling. Faculty of Law students in the first and second year and all Faculty of Pharmacy and Pharmaceutical Sciences students will be considered for a reexamination on the basis of the computation of their Fall/Winter GPA.

(2) **Reexaminations are Not Permitted:**

a. For students who were granted a deferred final examination in accordance with §23.3(2) but did not write.

b. Dentistry and Dental Hygiene students; In clinical and laboratory courses and for students repeating a year.

c. Faculty of Nursing: For students who have failed the clinical/labatory component of a Nursing course and for students repeating a year.

d. Faculty of Rehabilitation Medicine: In clinical courses and for students repeating a year.

e. Faculty of Graduate Studies and Research.

f. Medical Students: For students repeating a year.

g. Faculty of Pharmacy and Pharmaceutical Sciences: A student on probation is not allowed reexamination privileges.

(3) **Reexamination Mark:** The mark received for the reexamination replaces the original final examination mark and is used in computing the final grade in the course.

(4) **Weight of Reexamination:** The percentage of the final grade allotted to the reexamination shall be the same as the percentage of the final grade allotted to the student’s final examination in the course.

(5) **Number of Reexaminations that May be Granted:** Reexamination may be granted in one course only, regardless of the units of course weight, in a Fall/Winter or Spring/Summer period. Reexaminations may be granted in courses to a total of 12 while the student is enrolled in a Faculty (Dentistry and Dental Hygiene students see Note 2).

(6) **Reexamination Deadlines:**

a. Fall Term Courses:

   Apply: Within 10 days of the posting of the results.

   Exam to be held by: End of Reading Week (see §11)

b. Winter Term and Fall/Winter Courses:

   Apply: Within 10 days of the posting of the results.

   Exam to be held by: June 30 (see §11)

c. Spring/Summer Courses:

   Apply: Within 10 days of the posting of the results.

   Exam to be held by: August 31*

   *Exam to be held by October 20 for students taking 13-week classes in Engineering programs.

d. **Special Faculty Provisions:**

   Faculty of Law: See Note (3) below

   Dentistry and Dental Hygiene: See Note (2) below and consult the Department.

   Medicine: Consult the Faculty Office.

   Pharmacy and Pharmaceutical Sciences: See §143.3.1(2)e.

(7) **Procedures to Apply for a Reexamination:** Students who wish to apply for a reexamination should:

a. ensure that they meet the eligibility criteria for application noted above.

b. complete an application form (available at the Faculty or Department responsible for the course).

c. have the application for reexamination approved by the Faculty or Department offering the course.

d. the Dean or delegate of the student’s Faculty must also give final approval of the application.
23.5.6 Deferred Final Exams

The following information is for students who have received approval for deferred final examination(s) in accordance with $23.3(2).

(1) Fall/Winter Deferred Final Exams: Within the timelines described below, the time and place of the deferred final exam will be determined by the instructor. Instructors are encouraged to include the date, time and place of the deferred exam in the course outline.

a. Fall Term Deferred Final Exams: Fall Term deferred final exams must be held by the end of Reading Week in accordance with the following provisions:
   i. If the date and time of the deferred exam are included in the course outline given to students, the exam may be scheduled at any time prior to the end of Reading Week.
   ii. Otherwise, mutually agreeable arrangements must be made with all students eligible for the deferred exam if it is to be held prior to January 19.
   iii. In the absence of either of the above two arrangements, the instructor will submit the time and place of the exam to the department office as early as possible and no later than January 12. It is important that students come to the department to obtain this information on January 15 or as soon as possible thereafter. The exam must be scheduled between January 19 and the end of Reading Week.

b. Winter Term and Fall/Winter Deferred Final Exams: Winter Term and Fall/Winter deferred final exams must be held by June 30 in accordance with the following provisions:
   i. If the date and time of the deferred exam are included in the course outline given to students, the exam may be scheduled at any time prior to June 29.
   ii. Otherwise, mutually agreeable arrangements must be made with all students eligible for deferred exam if it is to be held prior to May 18.
   iii. In the absence of either of the above two arrangements, the instructor will submit the time and place of the exam to the department office as early as possible and no later than May 8 (exception: students in the MD program should consult the undergraduate office for information on deadlines). It is important that students come to the department to obtain this information on May 15 or as soon as possible thereafter. The exam must be scheduled between May 20 and June 30.

(2) Spring/Summer Deferred Final Exams: The time and place of the deferred final exam will be determined by the instructor who will make this information available to all students in the course.

The exam must be held within two weeks of the date of the final examination missed and not later than August 31. In the case of 13-week classes in Engineering programs, the exam must be scheduled by September 14 and held prior to October 21.

(3) Exams Scheduled at the Same Time: If a student discovers that he or she has two (or more) deferred exams scheduled at the same time, the student shall inform both instructors as quickly as possible and at least five days before the exam date. The instructors will consult with one another and make appropriate arrangements for the student.

(4) Fall/Winter Deferred Exams Not Written: Students who have applied for a deferred final exam in accordance with $23.3(2), but who have, for justifiable cause, not written the deferred exam on the scheduled date must reapply for a second and final opportunity to write the deferred exam. Application deadlines are noted below. Students must apply at their Faculty Undergraduate (Graduate) Office. The department will determine the date, time and place of the second deferred final exam and will notify the student. The date scheduled must be no later than the end of July. Once set, the date for a second deferral is final and applications for further deferrals will not be considered or accepted.

Absence from Deferred Exam Without Justifiable Cause: When a student is absent from a deferred final exam without acceptable reason, a final grade will be computed using a raw score of zero for the final exam.

Deadline for Application: The application and the documentation pertaining to the absence must be presented to the Faculty within two working days following the scheduled date of the deferred exam missed or as soon as the student is able, having regard to the circumstances underlying the absence.

If the student receiving the privilege of writing a deferred exam does not write the exam by the scheduled deferred exam date, the privilege will be withdrawn and a final grade in the course will be recorded by the Office of the Registrar and Student Awards according to the grade/remark combination achieved by the student before the deferred final exam was granted. Prior to finalizing the student’s grade, the Office of the Registrar and Student Awards will give 30 days written notice to the student’s Faculty.

23.6 Academic Standing

The term “academic standing” comprises such matters as continuation in a program, promotion, graduation, and the requirement for a student to withdraw. Unless stated otherwise, changes to academic standing regulations affect new students, continuing students, and students readmitted to a program or Faculty.

Students should refer annually to the Calendar for the academic standing regulations governing their degree programs.

General Faculties Council has provided the following common academic standing categories and graduation standards for students registered in general (not honors or specialization) programs. Academic standing regulations for individual programs are given in the Faculty’s description of that program – all students should consult the listing for their own program. Individual Faculties may determine the frequency and timing of academic standing reviews.

23.6.1 Common Academic Standing Categories for General Undergraduate Programs

The records of all students are reviewed at the end of each term or two-term period depending on the Faculty. Academic standing is determined by a student’s performance over the period under review.

(1) First-Class Standing: Awarded to a student who obtains a grade point average of 3.5 or above while enrolled in a full, normal, academic course load in that year; the definition of a full normal academic course load shall be left to the Faculty concerned.

(2) Satisfactory Standing: Awarded to a student who obtains a grade point average of 2.0 or above and normally indicates that the student is eligible to continue. The GPA requirements for specialization and honors programs are higher.

(3) Marginal Standing: Given to a student who obtains a grade point average of 1.7 to 1.9. Students with marginal standing may be permitted to continue...
under academic warning. Students in some programs may be required to withdraw and/or repeat the entire year if their standing is marginal.

4 Unsatisfactory Standing: Normally given to a student who obtains a grade point average of 1.6 or below. Students whose records are found to be unsatisfactory will be notified by their dean and they are normally required to withdraw.

Note: Averages in this section may be calculated as a Fall/Winter grade point average or as a cumulative grade point average depending upon Faculty regulations. Students must consult the appropriate individual Faculty sections of the Calendar for specific requirements. Rounding rules will apply (see §23.4).

23.6.2 Academic Warning, Academic Probation, Required to Withdraw

1 Academic Warning: A Faculty decision that a student with marginal standing must meet specified course and performance standards within a set time or credit frame to maintain eligibility in the program.

2 Academic Probation: A Faculty may allow a student whose previous academic record is either deficient in some respect or below the standard ordinarily required to continue on academic probation. The Faculty may require the student to meet specified course, program and performance standards to maintain eligibility in the program.

3 Required to Withdraw: A Faculty decision that a student with Unsatisfactory or Marginal Standing may not continue in a program.

a. Depending on the Faculty and on a student's GPA for the period under review, students who have been required to withdraw from a Faculty:
   i. may be required to discontinue their studies for a year, after which they may apply for readmission to the Faculty; or
   ii. if their GPA is between 1.3 and 1.6 and they have less than ★60 in participating Faculties (see §220.5) may be allowed, on the recommendation of the Faculty, to establish satisfactory standing subsequent to having been required to withdraw by enrolling in the Fresh Start Program in Open Studies. After completing ★18 with a GPA of at least 2.7 or ★24 with a GPA of 2.0 on work done after being required to withdraw and meeting all other admission or readmission criteria, they may apply for readmission to a Faculty; or
   iii. subsequent to having been required to withdraw, may be required to successfully complete ★18 transferable to the University with an AGPA of 2.7 or ★24 transferable to the University with an AGPA of 2.0 at another postsecondary institution, after which they may apply for readmission to a Faculty.

b. Students who have previously been required to withdraw from another postsecondary institution and who wish to apply to the University of Alberta must satisfy the requirements set out in §14.2.1(6).

23.6.3 University Graduating Standards

1 Common Graduation GPA: For students in general programs (i.e., other than honors or specialization) the normal minimum graduation grade point average is 2.0.

2 Degrees with Honors: A student in the Faculty of Arts or Faculty of Science with approved qualifications may be admitted to the degree of Bachelor of Arts or Bachelor of Science with Honors by following a more concentrated course of study in a special field under the supervision of one or more of the departments. The time required for an honors degree is normally four consecutive years. Degrees with Honors are awarded in two classes: First Class Honors, and Honors, in accordance with the requirements of the Faculty and department concerned.

3 Degrees with Distinction: At the discretion of the faculty concerned, the notation “With Distinction” is inscribed on the permanent record and graduation parchment of a candidate for any degree, except an honors or graduate degree, if the candidate has obtained a grade point average of 3.5 or higher over the last two years of the program.

23.6.4 Scholastic Standing and Extracurricular Activities

Every student, prior to accepting nomination for any position on the Executive Committee of the Students' Union or as the Board of Governors representative, shall be required to obtain a statement of academic eligibility from the dean of his or her faculty. This statement shall be filed with his or her nomination papers.

To be eligible (1) to represent the University in any competition with outside organizations, (2) to participate in noncompetitive University activities which are open to the general public, or (3) to be eligible to hold office in a recognized student organization, a student must be a registered student taking at least one course for credit during each term and must meet the requirements of satisfactory scholastic standing as defined by the faculty.

23.7 Graduation

On the recommendation of the faculty councils, degrees are conferred by the Chancellor of the University at a Convocation of the faculty, alumni, graduands, and their guests. Convocations for the conferring of degrees are normally held in early June and mid-November of each year.

Upon completion of all requirements in the program, undergraduate students wishing to receive a University of Alberta degree must apply for graduation on Bear Tracks (https://www.beartracks.ualberta.ca) not later than February 1 of the year in which they wish to have their degree conferred. The Spring Convocation ceremonies are held in June, or not later than September 1 if they wish to have their degree conferred at the Fall Convocation ceremonies in November. Students registered in programs in the Faculty of Graduate Studies and Research must also apply for graduation on Bear Tracks (https://www.beartracks.ualberta.ca) by the deadline dates specified in the Academic Schedule and should consult §203.13 regarding convocation requirements in graduate programs.

23.8 Appeals and Grievances

General Faculties Council (GFC) is the University governing body which has statutory authority over academic matters and student affairs.

23.8.1 Academic Appeals

General Faculties Council (GFC) has established an Academic Appeals Committee (GFC AAC). GFC has delegated to GFC AAC the authority to hear appeals from students against Faculty decisions which affect their academic standing.

Students are required to exhaust the provisions for appeal at the Faculty level before taking an appeal to GFC AAC.

The GFC AAC is not authorized to hear an academic standing appeal arising from a Practicum Intervention. There are other instances where GFC AAC is not authorized to hear an appeal; these instances are articulated in the Academic Appeals Policy, Jurisdiction of the Committee.

The GFC Academic Appeals Policy is available electronically on the University Governance website at www.governance.ualberta.ca.

Students who wish to appeal to the GFC AAC should consult with the Appeals Coordinator in order to learn procedures to be followed and deadlines to be met.

23.8.2 Practicum Intervention Policy

The University has an obligation to protect the public interest, public safety, and public health by ensuring that students in practicums conform to accepted standards of professional, competent and safe practice in their work with patients, clients, and co-workers. The Practicum Intervention Policy provides Deans with the authority to intervene in the practicum of a student and/or an associated professional program because of such concerns. The Dean's authority is balanced by the granting of appeal rights to a Student who is the subject of a Practicum Intervention.

The Practicum Intervention Policy is available electronically on the University Governance website at www.governance.ualberta.ca.

Students who wish to appeal to the GFC Practice Review Board (PRB) should consult with the Appeals Coordinator in order to learn procedures to be followed and deadlines to be met.
23.8.3 Requirement for Criminal Record Checks

The Protection for Persons in Care Act (proclaimed January 1998) includes a requirement that persons working or volunteering in designated agencies (hospitals, nursing homes, lodges, group homes, etc.) must provide results of current criminal record check (also known as a security clearance check). Accordingly, students serving work experience placements in the form of internships, clinical practica, academic practica, cooperative program work placements, etc., in any of these designated agencies may be required to obtain a criminal record check from the appropriate law enforcement agency and/or the Solicitor General’s office. A fee to obtain this check may be charged (see §22.2.3 Miscellaneous Fees). This fee will be determined by the law enforcement agency or Solicitor General’s office. Details on whether or not a criminal record check is needed and the process to obtain this check are available from the Faculty or department which sponsors the placement.

Students who are entering a program which requires this type of placement and who have concerns related to their ability to satisfy a criminal record check should consult with their Faculty or department program office immediately upon being admitted to the program. Although faculties and departments will attempt to assist students seeking placements, the ultimate responsibility for ensuring that required placements can be made lies with the student.

23.8.4 Grievances Concerning Grades

The assignment of marks and grades is the initial responsibility of a course instructor. Any grievances concerning grades should first be discussed with the instructor. If the problem is not resolved, the student is encouraged to talk with the chair of the department where the course is taught, and then with the dean of the Faculty where the course is taught.

This informal process is meant to precede and to avoid formal appeal, but does not preclude formal appeal to the faculty council. Students should contact their Faculty office for complete grade appeal procedures and deadlines in order to learn the procedures which must be followed and the deadlines to be met. Students who are unsure of the validity of their grievance should contact the Student OmbudService.

23.9 Student Records

Definitions

In §23.9,

1. “collect” refers to the collection of a student’s personal information by or for the University, whether the information is collected directly from the individual or from another source (e.g. a person or organization internal or external to the University);

2. “confidential” refers to materials which have been solicited in confidence with the student’s consent;

3. “consent” is written permission from a student for the collection, use or disclosure of personal information, including confidential materials. Such permission is generally based on the student’s awareness of the type of material maintained in a record bearing the student’s name;

4. “personal information” is recorded information about an identifiable individual who is a student, including: name, home or business addresses or telephone numbers; age, sex, national or ethnic origin, religious or political beliefs, marital status or family status, sexual orientation; identifying number, symbol or other particular assigned to the student; information about the student’s health and health care history including information about a mental or physical disability; information about the student’s educational, financial, employment or criminal history; someone else’s opinions about the student; the student’s personal views or opinions, except if they are about someone else;

5. “student” means anyone who has interaction with the University related to a personal potential or actual course of studies, credit or non-credit, and includes
   - prospective students who inquire about studies at the University or who are approached through recruitment efforts;
   - applicants who apply for admission to a program or course of studies, whether admitted or not;
   - registrants who register in a program, course, or other course of studies, credit or non-credit;
   - those who have previously interacted with the University as prospective students, applicants, or registrants and who still have records at the University related to these interactions.

6. “student record” means a record of information relating to an individual’s activity in or interaction with the University as a student. Such records may contain personal information related to the student’s interactions with the University. The information may be maintained in any format, including printed, audio, visual, electronic, magnetic and may be stored on any medium including paper, fiche, tape, disk or other electronic or magnetic medium. Student records are normally of three types: files, transactions, and listings, as follows:
   - files include academic files maintained by the Registrar (including transcripts), a dean or a chair; academic files maintained by academic advisors and other offices; financial records; disciplinary records; files used to document activities related to University business (athletics, housing, parking, committees and other governance bodies, ONEcard, University of Alberta Protective Services, counselling and medical services, etc.); files used to document processes initiated pursuant to University policy (appeals, grievances, reappraisal, etc.);
   - transactions involve documents, messages and the like, transient or permanent, which pertain to a student including e-mail messages, voice mail messages, memos, letters, notes, minutes or transaction records of meetings, hearings, selection proceedings, Internet sites;
   - listings are lists or compendiums involving students’ information including mailing or membership lists of committees, councils boards or groups, examination postings, scholarship, bursary or award lists, lists of convocants, degree recipients and the like including photographic displays, alumni lists, statistics compiled for disciplinary and appeal procedures.

7. “Unit” means a basic organizational unit of the University responsible for academic or research functions (e.g., department, Faculty) or administrative or financial functions (e.g., Office of the Registrar and Student Awards, Financial Services) or service functions (e.g., Health Centre, Dean of Students’ Office).

23.9.1 Collection of Personal Information

Information that forms part of the student record is collected under the authority of the Universities Act of the Province of Alberta and in accordance with section 33(c) of the Freedom of Information and Protection of Privacy Act (FOIPP Act). It is used to determine eligibility for admission and financial assistance, to advise students about academic programs and to provide university services.

The student record is disclosed to academic and administrative units. Specific information is disclosed to the federal and provincial governments to meet reporting requirements and to the Students’ Union/Graduate Students’ Association in accordance with FOIPP Information Sharing Agreements.

23.9.2 Academic History (Transcript) Records

1. Students should be aware that their academic record (transcript) is a continuing one and that all matters relating to courses, grades, academic standing, and probation will permanently appear on the academic record.

2. Students are responsible for ensuring the accuracy and completeness of their official record by verifying their unofficial transcript on Bear Tracks (https://www.beartracks.ualberta.ca). Students should be aware that only the official academic history (transcript) is retained permanently and that source information from the student file is destroyed seven years after the last registration. Queries regarding errors or omissions in the official academic history (transcript) must be made as soon as possible, and will not be considered after the source information has been destroyed.

3. Official academic history records, called “transcripts” are issued by the Office of the Registrar and Student Awards only upon the request of the student. They are issued to the student personally or to whomever the student designates. An official transcript bears the signature of the Registrar and is printed on security paper.

Students and alumni may request transcripts in person at the Student Access Centre, main floor Administration Building. Requests via mail, fax or designate can be completed using the Official Transcript Request form located on the Office of the Registrar and Student Awards website (www.registrar.ualberta.ca) or by signed letter. Students or alumni with Bear Tracks access can request their official transcript online at https://www.beartracks.ualberta.ca.

4. The University of Alberta transcript includes the following information for each student record:
   a. student name
   b. student previous name(s)
   c. student ID number
d. student’s birth month and day
e. date of issue of transcript
f. degrees and awards granted
g. admission status and basis of admission
h. credit granted from other institutions or programs
i. Faculty and degree program of registration
j. course information, including for each course: term, course name, number, title, grade, units of course weight, grade points, class average and class enrolment
k. total units of course weight and grade points used to calculate GPA
l. grade point average calculation
m. comments pertaining to academic standing in the program
n. withdrawal date, if appropriate
o. disciplinary record of suspension or expulsion or rescission/suspension of a degree, if appropriate.

(5) For further information regarding grades or GPA, refer to §23.4, Evaluation Procedures and Grading System

(6) Units of Course Weight: Course weight is assigned for the purpose of calculating a weighted (grade point) average. A normal course carries a weight of 3.0 and includes three hours of lecture per week for one term. A course weight of 3.0 may be considered as equal to three semester-hours or 4.5 quarter hours. [This information is captured and stored on a database on a per course basis but is not printed on the transcript.]

(7) Grade Points: Grade points for undergraduate students are calculated by multiplying the course grade point value by the units of course weight.

(8) An unofficial copy of a student’s academic history (unofficial transcript) does not bear the Registrar’s signature, nor is it printed on security paper. Unofficial copies of a student’s academic history are issued in the form of:
   a. Statements of results issued to students at the end of the Fall/Winter or Spring/Summer terms;
   b. Student’s unofficial transcript available on Bear Tracks (https://www.beartracks.ualberta.ca);
   c. Copies of students’ academic history issued to Faculties, departments, or academic advisors as appropriate for consideration for admission, academic standing and promotion and for the academic advisement of students;
   d. Copies of students’ academic history issued at the students’ request to other offices or individuals in the University;
   e. Copies of students’ academic history issued to the appropriate administrative office where the adjudication or processing of an award or bursary made through a University scholarship or bursary committee is involved. Administrative offices include the Office of the Registrar and Student Awards, the Scholarship Office of the Faculty of Graduate Studies and Research, and the Student Financial Aid Information Centre.

23.9.3 Registration Deadlines Implication for Records

(1) In Fall/Winter students have ten class days following the commencement of that term’s classes in which to make changes to their registration without penalty. Courses dropped during this period are deleted entirely from a student’s record. Course withdrawals following this period and up to the last day for withdrawing from courses for that term result in a grade of W (withdraw) being recorded on the student’s record. Grades of W are not included in the calculation of the Grade Point Average.

(2) Students may not officially withdraw from a course after the Withdrawal Deadline. All students registered in a course after the Withdrawal Deadline will be assigned a final grade by the instructor based on course work completed.

(3) Credit/No Credit courses which are dropped following the deadline for the last day for withdrawing from courses for that term result in a grade of NC (fail) being assigned for the course(s) by the student’s Faculty. Grades of NC are not included in the calculation of GPA.

(4) When a student withdraws from one or more courses after the first week of classes, fees will be reassessed on a per course basis according to the regulations noted in §22.2.9 of this Calendar. Students who register and then cease to attend, or never attend, without submitting an approved Withdrawal Form will not be eligible for any refund of fees nor will they be exempt from paying assessed fees that are unpaid.

(5) §11 (Academic Schedule) of this Calendar contains the specific dates for the change of registration and course withdrawal dates noted above.

23.9.4 Access to Student Information

(1) Access by the Student: A student shall have access to records maintained by any University Unit which bears the student name or other personal identifier in accordance with the policies and protocols of the University as provided for by the Alberta Freedom of Information and Protection of Privacy Act.

(2) Access by University of Alberta Employees: Employees may access only that personal information in students’ records if access to the information is necessary to fulfill their employment duties.

(3) Access by Others:
   a. Except as noted in §23.9.4(3)b. below, personal information will not be disclosed to others without the express consent of the student unless in accordance with the provisions of the Alberta Freedom of Information and Protection of Privacy Act or an Information Sharing agreement or Research agreement or Common Program or Service Agreement of the University.
   b. In accordance with the Freedom of Information and Protection of Privacy Act, the University can confirm to a third party that a student is registered in a program at the University unless the student has requested in writing that this information not be disclosed. The University can also disclose to an inquiry information that has been made publicly available such as name, date of convocation, and degree, diploma or certificate awarded unless the student has requested that this information not be disclosed.

23.9.5 Records of Disciplinary Action

See §30.2.16 of the Code of Student Behaviour, Appendix A of the University of Alberta Calendar.

23.9.6 Correction of Records

Students should request correction to their own records if they believe that there are errors or omissions. The head of the Unit maintaining the record will respond by either making the correction or annotating in the record that the correction was requested but not made.

When an error or omission is detected in a student record and that error or omission is subsequently corrected, a copy of the corrected record shall be provided to the student and to each individual or agency to which the university had directly issued an incorrect record.

23.9.7 Use of Student Records for Research

Information on use of student records for research can be found in the Access to Personal Information for Research/Studies Procedure, located on the University of Alberta Policy and Procedures Online (UAPPOL) website at www.uappol.ualberta.ca.

23.9.8 Letters of Reference and Assessments of Students

(1) Letters of Reference

The contents of letters of reference collected implicitly or explicitly in confidence with the consent of the student, for the purposes of determining admission to a program or for the granting of an award, may be revealed to the student in accordance with the Freedom of Information and Protection of Privacy Act. Letters of reference will be used only for the express purpose(s) for which they have been supplied.

Letters of reference will be retained for at least one year.

(2) Assessments of Students

Assessment information contained in a student’s record may only be divulged by an administrative officer of the University to third parties (such as institutions, agencies or prospective employers) with the student’s consent.

When asked by such institutions, agencies or prospective employers to express an opinion concerning a student’s academic ability, character and personality, a faculty member may do so only with the consent of the student, in which case, a record of the opinion so expressed will be retained for a minimum of one year by the faculty member.
(3) Reports from University Health Centre and Student Counselling Services
a. Where students have gone on their own initiative or have been referred by an authorized officer of the University to either University Health Centre (as patients) or to Student Counselling Services (as clients), the contents of the students’ files are private, and will be protected under the FOIPP Act and in accordance with professional ethics or codes of behaviour.

b. The diagnosis, assessment, or findings contained in any reports or files written by professional consultants at the University Health Centre or Student Counselling Services will normally be reported to an authorized officer of the University or to a specified authority outside the University only if the student gives written consent to do so. It is recognized that the nature and content of any report provided by the consultant will be determined by the ethics and codes of behaviour of the consultant’s profession, or as otherwise required by law and will be protected by the FOIPP Act.

c. Exceptions to the restricted reporting guidelines outlined in b. above will only occur in situations where, in the opinion of the professional in question, failure to disclose relevant information could reasonably be expected to threaten the health or safety of the student or a third party.

(4) Reports From Other University Units

In addition to the counselling services provided by the University Health Centre and Student Counselling Services, a large number and variety of other University Units offer counselling to students as part of their operating practice. Any student records created or maintained by these Units must be in compliance with the regulations set out in GFC policy and in the Freedom of Information and Protection of Privacy Act.

23.9.9 Objections to Release of Information

Students who object to the release of information regarding their records in accordance with the policies stated in 23.9 should notify the Registrar in writing, giving the specific objection. Appropriate action will be taken by the Registrar who will so advise the student.

The Freedom of Information and Protection of Privacy Act provides for disclosure of personal information for the purposes of complying with an enactment of Alberta or Canada. It also allows for an appeal to the Information and Privacy Commissioner of any decision relating to the release of personal information.

23.9.10 Overdue Accounts: Withholding of University documents and Denial of Registration

In any case where a student has neglected or refused to pay amounts owed to the University, the Registrar has been empowered and directed by the Board of Governors to deny or terminate registration and withhold their official transcript and/or degree parchment, until the student has settled the account with the University or has made arrangements satisfactory to the University to do so. For example, the degree parchment, or official transcript, may be withheld or registration denied if the student owes the University for library penalties or fines; for purchases at the University Bookstore; for parking or traffic violations; for breakage or damage to laboratory facilities or supplies; for student fees and University of Alberta Emergency Student Loans; for room and board fees; for fees for reexamination or deferred final examinations; or for fines imposed by the Discipline Officer or the University Appeal Board.

For overdue accounts a penalty of 18% per annum will be applied to the outstanding balance at the end of each month. Delinquent accounts will be reported to the Credit Bureau and referred to a collection agency for recovery.

24 Student Services

24.1 Academic Information and Communication Technologies

Academic Information and Communication Technologies (AICT) provides information technology support and solutions for teaching and learning, research and administration. This includes services such as: classroom technology and computer labs, campus telephones and cell service, central help desk, computer and electronic repair, large format (poster) and 3D printing, research computing, email, CCID and vide conferencing. AICT staffs a Help Desk in 302 of the General Services Building. For more information see www.ualberta.ca/aict for call the AICT Help Desk at (780) 492-9400.

24.2 Augustana Campus Student Services

The following student services are offered on the Augustana Campus in Camrose. For detailed information, see www.augustana.ca/students/student_life/ or contact the office below:

Student and Residence Services Office
Room F220, Faith and Life Centre; phone: (780) 679-1163; e-mail: studentservices@augustana.ca

This office also coordinates with University Student Services located in Edmonton to provide resources such as Career and Placement Services (CAPs) and Specialized Support and Disability Services (SSDS) at Augustana.

Aboriginal Students’ Office
www.augustana.ca/students/student_life/studentservices/aso/

Located in room F213 of the Faith and Life Centre, the Aboriginal Students’ Office provides Augustana’s First Nation, Métis and Inuit students with access to a variety of culturally-sensitive services.

Campus Chaplaincy

The campus chaplaincy is an integral part of the Augustana community. Rooted in the Lutheran tradition, it is ecumenical in scope as it accompanies the community on a pilgrimage of educating the whole community - body, mind and spirit.

Health Service

- Offered by the staff of a medical clinic and St Mary’s Hospital, both near campus

Pastoral Counselling

- The Campus Chaplain is available to all students, faculty and staff to provide emotional, spiritual and relational direction and counsel.
- Campus Chaplain’s Office: second floor, Faith and Life Centre, Room 219

Personal Counselling

The Personal Counselling Centre services include:
- individual and group counselling to work through issues
- support through difficult experiences and transitions
- help integrating intellect, emotions and spirit

Specialized Support and Disability Services

Augustana’s SSDS Program provides assistance to qualified students in several areas including exam accommodation and academic strategies. Working closely with colleagues on the Edmonton Campus, students are able to access a wide variety of services.

Augustana Students’ Association

- provides social and educational events through its programming.
- represents and advocates on behalf of students to the Augustana Faculty administration, and
- ensures a wide range of value-based services, including used books.

Augustana Athletics

Augustana Vikings teams comprise student athletes from many disciplines and compete in:
- the Alberta Colleges Athletic Conference (ACAC) in Basketball (M/W), Cross-Country Running (M/W), Cross-Country Skiing (M/W), Curling (M/W/Mixed), Ice Hockey (M) and Volleyball (M/W/Mixed). numerous provincial and national competitions in Biathlon (M/W).

24.3 Bookstores

The University maintains a large Bookstore in the Students’ Union Building. The Bookstore offers new and used textbooks, course materials and supplies. It has a comprehensive selection of current best sellers, reference books and nonfiction books, including one of the largest medical and technical book selections in Western Canada. The Bookstore also offers an extensive selection of crested clothing, gifts, and home accessories. The MicroStore, found on the Main Floor, offers educationally-priced computer hardware, software, and accessories. See www.bookstore.ualberta.ca or phone (780) 492-4215 or toll free 1-888-933-9133.

There is a full service Bookstore for the Augustana Faculty, located on the Camrose Campus, (780) 679-1139. We also offer a full service Bookstore at the Campus Saint-Jean, Librairie LeCarrefour, 8627-91e Rue, Edmonton, Alberta, T6C 3N1, (780) 486-1566.
24.4 Bursary Information

University of Alberta students may apply for bursaries based on demonstrated financial need. Bursary funding is intended to provide financial aid to students experiencing a financial shortfall in the current academic year. They are designed to supplement students’ existing funds and are not intended to fully fund students’ education. Bursaries are normally issued after a student has exhausted all other funding options.

Supplementary Bursaries
Available for undergraduate and graduate students. Applications available online each year from December 1 to January 15 at the University Bursaries and Emergency Funding (UBEF) website www.uofaweb.ualberta.ca/ubef.

Access Fund Bursaries
Available for undergraduate students. Applications available year round with six assessment periods per academic year. www.su.ualberta.ca/accessfund

Graduate Students’ Association Emergency Bursaries
Available for graduate students. Applications available year round http://gsa.whitematter.ca/index.php/funding/

International Student Emergency Bursary Funds
Available for international undergraduate and graduate students. Applications available year round. www.uofaweb.ualberta.ca/uis_current/loans.cfm

International Undergraduate Student Bursary (IUSB)
Available for international undergraduate students. Applications deadline mid August each year and applications can be accessed on the website www.international.ualberta.ca/current/iusb.cfm

Differential Fee Bursaries
Available to undergraduate students in the Faculty of Law, Department of Medicine and to graduate students in the MBA program. www.uofaweb.ualberta.ca/ubef/nav01.cfm?nav01=82794&

Bursaries through Faculties and Departments
Bursaries are also available through many Faculties and Departments. Contact the administrative offices of Faculties and Departments for further information.

24.5 Campus Recreation and Athletics

24.5.1 Campus Recreation Program

Students and staff in the University of Alberta community have the opportunity to participate in a diverse offering of recreational and sport activities.

These include intramural sports (recreational, competitive, individual and team) group fitness (aerobics, Pilates, yoga, etc.); personal training and nutrition counselling; instructional recreational classes (sport, martial arts, first aid, dance, curling, tennis, etc.); indoor climbing (instructional and recreational); sport and recreation clubs (recreational and competitive) and aquatics (instructional and recreational).

The Faculty of Physical Education and Recreation offers access to the Van Saville Sports Centre, outdoor fields including the new artificial turf Lister Field, two swimming pools, a fitness centre, indoor track, gymnasiums, racquetball and squash courts, an indoor climbing wall, and dance studios. Other facilities include the Clare Drake Arena, South Campus - home to Foote Field and the Saville Sports Centre, outdoor fields including the new artificial turf at Lister Field and the availability of equipment for many activities. Visit www.campusrec.ualberta.ca to be active for life.

24.5.2 Varsity Athletics Program

The interuniversity athletic program at the University of Alberta provides diversified competitive opportunities, skilled and qualified coaching, and outstanding facilities for students with superior athletic abilities. The program develops and uses these talents in high-calibre organized competition with student-athletes of similar ability across Canada and internationally.

Varsity athletic programs include: basketball (M/W), cross-country (M/W), curling (M/W), field hockey (W), football (M), golf (M/W), ice hockey (M/W), rugby (W), soccer (M/W), swimming (M/W), tennis (M/W), track and field (M/W), volleyball (M/W), wrestling (M/W). For more information on the Golden Bears and Pandas Athletics Program, see www.bears.ualberta.ca or www.pandas.ualberta.ca.

24.6 Childcare Facilities

There are six University affiliated day care centres:

- University Infant Toddler Centre
- Hospitals and Community Day Care Centre
- Students’ Union and Community Day Care Centre
- University and Community Day Care Centre
- Garneau/University Child Care Centre
- McKernan Child Development Centre

These quality, nonprofit day care centres are accredited by the Alberta Association for the Accreditation of Early Learning and Care Services and are governed by individual volunteer Board of Directors comprised of parents and community members. For more information, see www.uofaweb.ualberta.ca/ca/childcare/

24.7 Information and Privacy Office

Ring House 4; phone (780) 492-9419; www.ipo.ualberta.ca
The Information and Privacy Office (IPO) ensures compliance with provincial Freedom of Information and Protection of Privacy Act (the Act) at the University of Alberta by providing access to recorded information that is under the custody and control of the University in balance with ensuring the protection of the personal privacy of all individuals associated with the University. The IPO will:

- Assist people who are looking for information;
- Respond to formal requests for information;
- Ensure the safeguard of personal information records and;
- Ensure the collection, use and disclosure of personal information according to the Act provisions.

24.8 Library Services

For detailed information on the University of Alberta Library Services see www.library.ualberta.ca/services/.

24.9 Office of the Dean of Students

5-02 SUB; phone (780) 492-4145
www.uofaweb.ualberta.ca/studentservices
The Vice-Provost and Dean of Students plays an important role in defining and maintaining a supportive and respectful environment at the University of Alberta. In fulfilling this mandate, the Office of the Dean of Students:

- Provides campus leadership in the development, delivery, and assessment of cocurricular experiences for students
- Provides overall support and administration for University Student Services
- Offers assistance to students who are experiencing challenges with University life
- Supplies information on appeals, grievances, and University policies regarding students
- Registers and regulates student groups and associations on campus in conjunction with the Students’ Union Student Group Services and
- Administers the Fresh Start, and Student Engagement Grant (SEG) programs
24.10 Office of Safe Disclosure & Human Rights

The Office of Safe Disclosure & Human Rights (OSDHR) is available to students and staff of the University of Alberta who wish to come forward with concerns or questions regarding how University policies, procedures or ethical standards are being applied. Individuals who disclose information to the OSDHR can expect a safe, neutral and confidential experience. The OSDHR focuses on issue resolution by referring matters to the most appropriate service provider at the University. The office is also responsible for Human Rights education awareness and reporting for the University of Alberta. The OSDHR is committed to honoring the principles of confidentiality, due process and adherence to applicable privacy legislation.

24.11 Printing and Duplicating Services

McCallum Printing Group Inc.

McCallum Printing operates a printing and duplicating service for the University community. Students may access McCallum’s services, including printing, and binding. The McCallum Printing Group office on campus is at 562-F Cameron Library. Satellite copy centres are located at B-08 Cameron Library, TB29 Tory and B-105 Education South. For information on printing, duplicating, and thesis binding, call (780) 492-9491.

Student’s Union Print Centre

0-21 SUB; phone (780) 492-9113
www.su.ualberta.ca/su/businesses_and_services/print_centre

The Students’ Union Print Centre offers a full range of printing and to suit your needs. With full-service digital printers, the Print Centre can produce just about any document that you require, in both small and large quantities. Services available include photocopying, digital printing, binding, and custom-designed course packs.

Print Centre is open from 9:00 am to 5:00 pm, Monday to Friday.

24.12 Residence Services

Residence Services at the University of Alberta provides both academic and personal support and strives to create and maintain a sense of community in each residence. Residence Services offers a variety of residence options for different student types and preferences. Lister Centre, Augustana Campus residences, Résidence Saint-Jean and International House are furnished, dormitory style residences. Michener Park, HUB, Newton Place, Graduate Residence and East Campus Village feature unfurnished and furnished apartments, townhouses and houses. For complete information on residence assignment preferences, rates and to apply online to live in residence, see www.ualberta.ca/residences or e-mail housing@ualberta.ca.

24.13 Students’ Union Student Services

Campus Food Bank

0-40J SUB; phone (780) 492-8677
www.su.ualberta.ca/~foodbank

The Campus Food Bank is a registered charity that distributes food hampers, toiletries and poverty reduction/advocacy referrals to any member of the University of Alberta community in financial distress. The Campus Food Bank is governed by a Board of Directors representing our community and is funded in large by the SU and GSA. 80% or more of monetary donations go directly to food relief.

Centre for Student Development

0-26 SUB; phone (780) 492-4086
www.su.ualberta.ca/csd

The Centre for Student Development offers a number of programs designed to provide students with the tools they require to be successful in their transition to, through, and beyond the University of Alberta. These include: Orientation, Campus Ambassadors, The First Year Initiative (FYI), and From Backpack to Briefcase.

ECOS: Environmental Coordination Office of Students

0-30S SUB; (780) 492-7134
www.su.ualberta.ca/ecos

ECOS is a service of the Students’ Union that provides awareness, support, and volunteer opportunities for students and other members of the campus community to learn about and improve the sustainability of campus. ECOS further strives to facilitate collaboration between diverse individuals and groups who are working for campus sustainability.

24.14 Transportation and Parking

A limited amount of space is available for student parking, which is reserved on a first come first served basis. Due to limited parking availability on campus and in the surrounding residential areas, and to increasing environmental concerns, all members of the University community are encouraged to use public transit wherever possible.
Transportation
The University of Alberta is served by three public transit providers:

Student Parking
See the Parking Services website for detailed information about parking regulations and availability at www.uofaweb.ualberta.ca/parking
Additional information may be obtained from Parking Services by phone 492-PARK (7275) or in person at 1-051 Lister Centre (116 St and 87 Ave).

24.15 University of Alberta ONEcard
B12 Cameron Library, Phone 492-7924, www.onecard.ualberta.ca
The University of Alberta ONEcard is the official personal identification card of the University of Alberta, and is used to identify individual(s), to manage access to University services and facilities, and to make purchases on campus. Official personal identification is required by the University for students and employees for a variety of reasons including (but not limited to) writing exams, accessing library materials, obtaining personal documents, and gaining access to University services and facilities. The ONEcard is also the student Universal Bus Pass (U-Pass) when a validation sticker is applied to the card for the corresponding term. U-Pass validation stickers can be obtained at InfoLink locations across campus. The ONEcard office is open Monday to Friday 8:30 am – 4:30 pm; closed on statutory holidays and University Furlough days. For more information or to make a deposit contact the office or visit the website.

25 Code of Student Behaviour
It is the student’s responsibility to be familiar with, and adhere to, the terms of the University of Alberta’s Code of Student Behaviour. Included in this Code are descriptions of unacceptable behaviour for students in the University, the sanctions for commission of the offences, and explanations of the complete discipline and appeal processes.

The term Student is defined in the Code of Student Behaviour. Students who have committed offence(s) as defined in the Code of Student Behaviour will be charged under the Code of Student Behaviour.

The Code of Student Behaviour is provided in its entirety in Appendix A of the print Calendar. Amendments to the Code of Student Behaviour occur throughout the year. For the most current version of this Code, visit the University Governance website at www.governance.ualberta.ca.
26 Code of Applicant Behaviour

It is the responsibility of those applying for admission or readmission to the University of Alberta to be familiar with the terms of the University of Alberta’s Code of Applicant Behaviour.

The term Applicant is defined in the Code of Applicant Behaviour. Applicants who have committed offence(s) as defined in the Code of Applicant Behaviour will be charged under the Code of Applicant Behaviour.

The Code of Applicant Behaviour is provided in its entirety in Appendix B of the print Calendar. Amendments to the Code of Applicant Behaviour occur throughout the year. For the most current version of this Code, visit the University Governance website at www.governance.ualberta.ca.
