The Faculty of Physical Education and Recreation at the University of Alberta is the oldest faculty of its kind in the Commonwealth and offers high-calibre academic programs at the undergraduate and graduate level as well as a wide variety of services to students and staff at the University through our Campus Recreation and Interuniversity athletic programs.

The vision of the Faculty of Physical Education and Recreation is to be recognized nationally and internationally as a leader in the pursuit and achievement of excellence in sport, leisure, and physical activity.

In striving to achieve this vision, our mission is to develop, disseminate and apply knowledge of sport, leisure and physical activity through teaching, coaching, research, and service. As the Faculty commits its resources to this mission, we affirm the following values:

- Pursuit of Excellence,
- Collegiality,
- Diversity,
- Critical Thinking,
- Equity and Respect,
- Ethical Behaviour,
- Participative Governance,
- Contribution to Community.

Graduates of the Faculty gain the requisite preparation to be:

- Professionals in fields related to physical education, kinesiology, recreation and sport science
- Scholars who can advance the frontiers of knowledge pertaining to physical activity, leisure, active living, and their relationships to personal and societal health and well-being, and to environmental conservation and preservation.

Undergraduate degree programs include:

- Bachelor of Arts in Recreation, Sport and Tourism (BARST),
- Bachelor of Physical Education (BPE),
- Bachelor of Physical Education/Bachelor of Education combined degrees (BPE/BEd) in both Elementary and Secondary Education (five-year program),
- Bachelor of Science in Kinesiology (BScKIN).

Our degree programs attract students from all over the world but the majority of our undergraduate students are from Alberta.

We offer opportunities for study internationally and continue to develop a wide range of exchange programs in Canada and internationally.

An important element of all of our undergraduate programs is the requirement for a practicum experience which places students in supervised work settings for extended learning experiences. Play Around the World is a unique practicum
opportunity we offer. Students travel to Thailand to work with underprivileged populations in developing sustainable play and recreation programs.

Job opportunities for our graduates abound in diverse work settings, including recreation and sport facilities and organizations, fitness centres, extended-care facilities, hospices and other health-related environments.

Our graduate program has a long tradition of excellence and our graduates are well-represented in research and academic settings throughout the world. The MA, MSc, and PhD programs attract talented students from many countries and there is strong competition for admission. Our Faculty members, many of them world-renowned, have developed well-established research programs in all of the basic disciplines of the social, behavioural and biological sciences as well as in the area of recreation and leisure.

The Campus Recreation program at the University of Alberta is proud of its tremendous record of student and staff participation in a wide variety of intramural, club, and instructional programs, serving over 30,000 students in over 500 programs.

The Pandas and Golden Bears interuniversity teams compete and individual student-athletes and teams in the 19 CIS sports. One of the proudest achievements, however, is the number of Academic All-Canadians that play on Pandas and Golden Bears teams. The University of Alberta has produced the highest number of Academic All-Canadians in Canada for eight of the past ten years.

The Faculty is linked to the other health sciences Faculties on the U of A campus through the Coordinating Council of the Faculty. Members of the Faculty are linked to the other health sciences Faculties and the Centre for Gerontology are three such joint ventures involving the Faculty.

If you have any questions about any aspect of our programs or activities, please contact us.

152 General Information

The first credit courses in Physical Education were offered by the Faculty of Education in 1948. This led to a Bachelor of Education degree in Physical Education first offered in 1948.

The School of Physical Education was established in 1954, and the Bachelor of Physical Education degree was accredited on April 1, 1964. The School of Physical Education became the Faculty of Physical Education in 1964, and in 1976 the name was changed to the Faculty of Physical Education and Recreation.

Undergraduate Programs

The Faculty currently offers the following undergraduate degrees:

- Bachelor of Arts in Recreation, Sport and Tourism - 4 Years
- Bachelor of Physical Education - 4 Years
- Bachelor of Science in Kinesiology - 4 Years

153.3 Undergraduate Program Bloodborne Pathogen Policy

The University of Alberta recognizes its duty to minimize the risk of transmission of bloodborne pathogens to/by individuals studying or working at this University. The Bloodborne Pathogen Policy limits the possibility of transmission of bloodborne pathogens within the educational setting. The University recognizes, however, that it is not possible to completely eliminate the risk of infection (see §20.5 University Bloodborne Pathogens Policy).

The Faculty of Physical Education and Recreation, in accordance with University of Alberta policies and other available guidelines, has developed the following policies concerning bloodborne pathogens. These policies are to be reviewed and adapted as further information on bloodborne pathogens becomes available.

For applicants who are accepted into the BPE, BSc Kinesiology or combined BPE/BEd Programs, immunization against Hepatitis B is strongly recommended, though not mandatory at this time. However, for undergraduate students who become involved as research project assistants in the biological sciences areas, Hepatitis B surface antigen testing will be performed by the University Health Centre at the University of Alberta. For students who test negative for the Hepatitis B surface antigen (HbsAg), Hepatitis B vaccination will be required.

(2) Normal Course Load: A normal full academic course load is ★30 taken during Fall/Winter.
   a. Fall/Winter: A normal full course load in the Fall and Winter Terms is ★15 taken each term, for a total of ★30.
   b. Spring/Summer: A normal full course load in the Spring and Summer Terms is ★15 taken each term, for a total of ★30.

153.5 Academic Standing

Academic Standing

Academic Standing is assessed based on a student’s GPA. [Rules for computing the GPA are listed in §23.4(7)] Students are expected to maintain a 2.0 minimum GPA.

Initial assessment and subsequent reassessment are conducted after Fall/Winter if a minimum of ★9 have been completed. If, at the time of the review, students have completed less than ★9 during Fall/Winter, the review is deferred and the academic standing assigned at the last review remains in effect until the next review. Any courses completed during Spring/Summer Terms will not be considered as part of the Academic Standing decision.

Note: Academic standing is assessed at the end of a student’s program even if less than ★9 have been taken since the last review.

(1) Dean’s List: This designation is given to undergraduate students who achieve a GPA of at least 3.7. Students must take a minimum of ★24 in Fall/Winter.

Students who attend in only one term of Fall/Winter are eligible if they complete at least ★12 with a minimum GPA of 3.7.

(2) First-Class Standing: First-class standing in a given year is awarded to any undergraduate student who obtains a GPA of not less than 3.5, the GPA to be computed on a minimum of ★24 taken during that year, the year to consist of Fall and Winter terms. Students who attend in only one term of the Fall/Winter are eligible if they complete at least ★12 with a minimum GPA of 3.5.

(3) Satisfactory Standing: Satisfactory Standing is given to a student who achieves a GPA of 2.0 or above and normally indicates that the student is eligible to continue in the program.

(4) Marginal Standing - Academic Warning: Marginal Standing is given to a student who achieves a GPA of 1.7 to 1.9. A student who is assigned Marginal Standing will be placed on Academic Warning and must meet the following conditions:
   a. Must achieve a GPA of 2.0 or greater on a minimum of ★9 during Fall/Winter. Students are strongly advised to meet with their Undergraduate Programs Advisor prior to Fall/Winter to discuss their course load and options available for academic support and/or counselling.
   b. Complete specific course requirements as dictated by the Faculty, such requirements to be communicated to the student in writing prior to registration.

Students on Academic Warning as a result of acquiring Marginal Standing will clear their Academic Warning upon successful completion of these requirements.

Notes
(1) Students who do not complete the conditions of their Academic Warning will be Required to Withdraw from the University. See §14.2.1(5).
(2) Students assigned Marginal Standing on two separate occasions (not necessarily consecutively) will be assigned Unsatisfactory Standing and will be Required to Withdraw from the University. See §163.5(5).
Unsatisfactory Standing - Required to Withdraw: Unsatisfactory Standing is given to a student who achieves a GPA of 1.6 or below, or to a student who has been assigned Marginal Standing on two occasions (not necessarily consecutively) while registered in the Faculty. A student who is assigned Unsatisfactory Standing must normally withdraw from the University. Any registration in the Summer Term and in the subsequent Fall/Winter will be cancelled.

Students who have been assigned unsatisfactory standing on two occasions (not necessarily consecutively) while registered in the faculty, will be required to withdraw from the University and will not be readmitted to the Faculty.

Fresh Start Program

Note: Year 1 and 2 students who have achieved a GPA of between 1.3 and 1.6 may be eligible for admission to the Fresh Start program. Students must be recommended by the Faculty for participation in the Fresh Start program. Students who have been found to have committed an offence under the University of Alberta Code of Student Behavior will not normally be recommended for Fresh Start. Further, detailed information can be found in #220.5, 14.5 and 23.6.2.

Readmitted Students: A student who has previously been required to withdraw from any postsecondary institution and is admitted or readmitted to the Faculty will be assigned Academic Probation. A student who subsequently fails to meet the conditions of academic probation will be required to withdraw, and will not be readmitted to the Faculty.

Academic Probation: A status assigned by a Faculty to those who have been admitted (or permitted to continue) on a probationary basis, because their previous academic record is deficient in some respect or below the standard ordinarily required. This status may also be assigned to students whose previous educational attainment may be difficult to assess (e.g., refugees lacking academic records). Academic probation sometimes involves a recommended reduction of student load and interviews for diagnosis of difficulties and for review of progress. Usually the student is required to make specific improvement in his or her record or incur academic dismissal. Normally, if any such students fail to meet the conditions stipulated within the time limit imposed, they will not be allowed to proceed further in the program.

Students who have been admitted to the University with a weak matriculation record may be warned of the fact at the beginning of their first session.

If there is still no satisfactory resolution of the issue, the student may then appeal to the Faculty’s Undergraduate Student Academic Appeals Committee by submitting an appeal in writing to the Chair of the Undergraduate Student Academic Appeals Committee within 14 calendar days of notification of the decision to be appealed. Delivery of notification is deemed to have been effected on the date of pick up, personal receipt of hand or courier delivery, or seven calendar days following regular or registered mail. Further details of the Faculty’s appeal procedure are available from the Office of the Associate Dean (Undergraduate Programs). Certain decisions of this Faculty Undergraduate Student Academic Appeals Committee may be appealed to the Academic Appeal Committee of General Faculties Council. For further information, contact the secretary of General Faculties Council. See §23.8.

153.8 Attendance in Faculty of Physical Education and Recreation Courses

(1) Physical Participation: Students enrolled in courses offered by the Faculty of Physical Education and Recreation must take responsibility for ensuring that they are physically and medically fit to be taking such courses. If a student has a physical or medical condition that may compromise his/her participation in a course, it is the student’s responsibility to inform the instructor of that course. Students may contact the Faculty for further information on physical activity requirements and are encouraged to seek medical advice if necessary.

(2) Attendance in courses: Attendance at lectures and class participation are important components of courses. Students serve their interests best by regular attendance. Those who choose not to attend must assume whatever risks are involved.
