20 General University Policies

20.1 Mission Statement

The mission of the University of Alberta is to serve our community by the dissemination of knowledge through teaching and the discovery of knowledge through research. The mission will be carried out in a select number of fields and professions, to be determined within the context of a province-wide educational system and based upon the highest national and international standards.

20.2 Statement on Equity in Student Affairs

The University of Alberta strives to provide a fair, open and supportive environment for students.

Acknowledging the diversity of the Canadian population, and the University’s obligation to remain open to all sectors of society, the University of Alberta encourages applications for admission from all qualified persons including aboriginal peoples, persons with disabilities, visible minorities, and women. In this manner the University demonstrates its commitment to improving the representativeness of its communities.

The Alberta Human Rights, Citizenship and Multiculturalism Act Sections 3 and 11.1 requires that no individual be discriminated against on the basis of race, religious beliefs, color, gender, physical disability, mental disability, marital status, age, ancestry, or place of origin, family status, or source of income except where the discrimination can be shown to be reasonable and justifiable. The University of Alberta recognizes and accepts its responsibility to comply with the requirements of this Act in its consideration of students for admission, promotion, and graduation. Of its own volition the University of Alberta does not discriminate on the basis of sexual orientation or political belief.

Subject to the limits set out in the Alberta Human Rights, Citizenship and Multiculturalism Act, the University of Alberta affirms its right to determine the criteria by which applicants are accepted into the University community. Individuals seeking admission to or continuance in academic programs must meet the qualifications and performance standards set out by the University’s governing bodies.

20.3 University Patent Policy

By accepting admission, students agree to abide by the provisions of the University of Alberta Patent Policy, as the same may be amended from time to time, with regard to any patentable discoveries or inventions in which students may participate. Acceptance of this policy is a condition of registration in any University program. Copies of the University of Alberta Patent Policy are available from the Intellectual Property and Contracts Office.

20.4 University Standards for the Protection of Human Research Participants

After extensive consultation with each Faculty, General Faculties Council, and the Board of Governors of the University of Alberta have adopted a uniform policy for the ethical treatment of human research participants. This policy applies to all research that involves human participants. The goal of the University Standards for the Protection of Human Research Participants is to ensure that the welfare of human participants is protected and that basic rights are observed. The guidelines included in the University Standards highlight the obligation of researchers: (1) to minimize risk of harm to participants, (2) to obtain informed consent and cooperation from participants, (3) to respect rights of confidentiality and anonymity, and (4) to conduct research competently. The University’s view is that the ethical conduct of research is not inherently in conflict with the free pursuit of research goals.

Each Faculty is charged with the responsibility of reviewing proposed research projects. Ethics Review Committees are not intended to have an adversarial relationship with researchers, but rather to provide consultation and support. The underlying assumption is that people who conduct research with human participants subscribe to ethical research values, but that oversights sometimes occur that can put participants at risk. The purpose of ethics review is to assist in the identification of unintended risk factors and to achieve a resolution that will permit the research to proceed. Experience demonstrates that this approach will result in research that is both productive and ethically acceptable. Questions about research ethics should be directed to the appropriate Faculty Ethics Review Committee.

20.4.1 Precis

All research using human participants comes under the purview of the University Standards for the Protection of Human Research Participants

(1) whether participants are drawn from University sources or from any other sources;

(2) whether participants are paid or unpaid;

(3) whether it is conducted on University property or at any other location;

(4) whether it is conducted in a laboratory or in the field;

(5) whether it is conducted in person or by some other means (e.g. mail, telephone, computer link);

(6) whether information is collected via direct observation, apparatus, questionnaire, interview, or review of records not normally available to the public;

(7) when it is conducted for teaching and demonstration purposes where students are either the subjects or the researchers.

The term researcher(s) in these Standards includes all members of the University, all other persons who advance research as being connected with the University in any way, and all other persons who intend to use University resources in their research (e.g. research space, materials, equipment, student/staff participants, personnel). For the purpose of these Standards, members of the University are all faculty, staff, sessional instructors, administrators, students, visiting or adjunct scholars, fellows and chairs, paid and unpaid research associates and assistants, and any other person in a like position. These Standards apply to all persons who meet the above-stated definition, whether they are principal investigators or junior collaborators.

Human participation in research includes the direct or indirect involvement of persons who are the focus of a researcher’s inquiry, the use of extant documents and other records and materials (e.g. blood and tissue samples) containing information about persons when the collection and the use of such information could deprive them of their dignity or jeopardize their physical or mental wellbeing. Persons studied on the basis of information contained in newspaper and journal articles, or other public materials, are not deemed to be research participants for the purposes of this policy.

20.4.2 Ethical Guidelines

In those situations where it is difficult to judge the obligation of good scientific enquiry and that of participant protection, formalized rules and regulations cannot be used to resolve the dilemma; instead it is necessary to weigh carefully the values and alternatives. In many cases, decisions reflect a judgement between the expected benefits of the research and the possible effects of the procedures on participants. The purpose of this section is to offer guidelines, rather than definitive rules, to assist in resolving dilemmas.

(1) If research procedures, material or equipment, or the dissemination of results could potentially produce physical or mental harm for the participant, the investigator must assess the magnitude and present justification for it to an appropriate Ethics Review Committee (ERC). Before approving the research, the committee must be satisfied that there is a reasonable expectation that the results will significantly increase understanding or will benefit human health/welfare. As the magnitude of the potential risk increases, it becomes increasingly important that benefits outweigh those risks.

Research may be viewed as being ethical when the benefits outweigh the risks and the participants’ welfare is safeguarded. In balancing the issues raised by these interrelated considerations,
recognition should be given to variations in perceptions regarding ethics from community to community and over time.

The magnitude of the potential benefit of the proposed research must be appraised by an ERC. The evaluation should be based on a global assessment of the degree to which the research might further our understanding of a phenomenon. Researchers are encouraged to make sure that subjects benefit from participation in the research by such means as educational post-briefing.

Where possible, participants or their surrogates must give fully informed and voluntary consent to participation.

Where possible, participants must be guaranteed anonymity and their responses treated with confidentiality. Where exceptions must be made, participants must be informed about the degree of anonymity and confidentiality prior to being asked for consent, and such guarantees must be respected.

The investigator must establish a fair agreement with the participant which clearly expresses the participant’s respective obligations and responsibilities before the participant decides whether or not to participate. Participants should be informed of the opportunity to withdraw at any time without penalty. The researcher must inform the participant of all aspects of the research that could reasonably be expected to influence the participant’s willingness to participate. Any incentive offered to participants must not be so large as to become an undue inducement that would undermine the voluntariness of participation. Captive populations, such as prisoners or patients, must not be offered inducements that would unduly improve their situation or influence their relation to others. If the participants are students and are involved in research as part of their education, they must be given an opportunity to obtain equivalent experiences through alternative procedures. In all cases, the participant should be informed of a person who may be contacted in case of concerns, complaints, or consequences. Research with children or participants who have impairments that would limit understanding requires special safeguarding procedures. Normally, consent from these persons must be obtained and these persons must be informed that they are free at any time to withdraw from participation. In addition to assent from a child (if the child has the capacity to understand) consent must be obtained from parents or guardians of the child (under age of 18 years). However, a child’s dissent will always override a parent’s or guardian’s consent, while a child’s assent will never override a parent’s or guardian’s refusal to consent. Consent may not be required from participants when the research involves the use of documents, records, pathological or diagnostic specimens, or data already collected (i.e., secondary analysis) or public behavior. “Public” refers to behavior that occurs in a context in which an individual may expect to be observed, recorded or to provide information that may be released. If anonymity and confidentiality cannot be assured, participants must be made aware of this limitation and of the possible consequences before becoming involved. Any use of secondary data not in the public domain must be in compliance with these guidelines.

Researchers must be competent in their area of inquiry, and they must be familiar with appropriate ethical guidelines and with participant risks and the possible uses to which the results may be put in order to make responsible decisions. The responsibility includes the awareness of efforts to avoid discrimination and biases in research practices and in the interpretation of findings (for example, biases related to race and gender). When in doubt about the application of these guidelines, the investigator is encouraged to consult with informed colleagues and supervisors.

The investigator must ensure that all individuals under the investigator’s supervision have the training and competence needed to carry out their responsibilities. Principal investigators must ensure that all research personnel are familiar with the University Standards for the Protection of Human Research Participants and with applicable professional guidelines.

Adequate supervision of student research must be ensured, especially where risk or sensitive areas are present. Because the investigator is ultimately responsible, such supervision is imperative.

Researchers will ensure that all research assistants and student investigators are familiar with the University Standards for the Protection of Human Research Participants and with applicable professional guidelines.

(6) Participants have the following rights: to consent to participate without coercion; to be fully informed about the project, except in special circumstances noted earlier under concealment; to be provided with opportunity to assess risk, including individual risks and individual and societal benefits; to withdraw from the research without penalty or risk of any kind (including loss of agreed-upon monetary reimbursement or other incentives); to be fully informed of the degree of anonymity; to be fully informed during post-briefing when concealment has been used.

21 Classification of Students

21.1 Categories

21.1.1 Undergraduate and Graduate Students

(1) Undergraduate students are those who are registered in a program leading to a bachelor’s degree or first professional degree (or equivalent). A student’s registration status can fall into one of two categories:

a. Full-time students: those who are registered for credit in 9 or more in one term.

b. Part-time students: those who are registered for credit in fewer than 9 in one term.

(2) Graduate students are those who hold the bachelor’s degree or first professional degree (or equivalent) and are enrolled in a program leading to a graduate degree such as a Master’s or PhD. These students are designated as “Full-time” or “Part-time” by the Faculty of Graduate Studies and Research according to their workload of courses and/or research. A more detailed classification of graduate students will be found in §182.4 of the Graduate Studies and Research section of this Calendar.

21.1.2 Classification of Undergraduate Students

(1) Degree, Diploma, or Certificate Program Students are those who are registered in a program leading to a degree, diploma, or certificate granted by the University of Alberta.

(2) Probationary Students are students who have been admitted (or permitted to continue) in a Faculty on a probationary basis, because their previous academic record is either deficient in some respect, below the standard ordinarily required, or difficult to assess. Normally, if such students fail to meet the conditions stipulated within the time limit imposed, they will not be allowed to proceed further in their program.

(3) Special Students are those who have been permitted to register in one or more courses which are not being taken for credit towards a degree or diploma at this or any other institution.

(4) Open Studies Students are students registered in selected credit courses but who are not committed or admitted to a degree or diploma program.

(5) Visiting Students are bona fide students of other universities or colleges who have been permitted to take one or more courses for transfer of credit to their own institutions which have agreed in advance to such an arrangement.

21.1.3 Auditors

Auditors are not necessarily admitted students and are not registered for credit, but are attending one or more courses under the following conditions:

(1) Since final permission to audit a course cannot be given until it is known that all students registered for credit have been accommodated, registrations as auditors will not be accepted until the sixth class day of the term and must be submitted prior to the ninth class day of the term.

(2) The auditor registration form can be obtained from the Registrar’s Office or Faculty office.

(3) The permission of the course section instructor must be obtained and the form submitted to the Registrar’s Office.
The Registrar's Office will determine if space exists in the course section and, if space is available, process the registration.

Note: Obtaining the instructor's permission does not guarantee registration in the course section if it is determined that the course section is full.

Courses audited in this manner will not be considered as meeting prerequisite, admission, or course requirements for any University degree program.

 Individuals auditing courses shall limit their participation in the class to that deemed appropriate by the instructor.

Any person who is registered as a full-time or part-time student may also seek permission to audit a course by securing the approval of the instructor and the dean of the student's Faculty.

The imposition of attendance requirements for auditors is a matter of Faculty self-determination. Auditors should seek clarification of this information from the Faculty offering the course when they register.

Withdrawal from an audited course will result in a grade of 'AW,' as will failure to attend where attendance is a course requirement.

21.1.4 Intramural and Extramural Students

(1) Intramural Students are those who are attending the University of Alberta at Edmonton or any of its off-campus centres.

(2) Extramural Students are those who, although not attending the University of Alberta at Edmonton or any of its off-campus centres, are permitted to take one or more courses by correspondence or directed study. This privilege may be granted by a Faculty in special circumstances.

21.1.5 Students in the Faculty of Extension

Faculty of Extension students are those registered in any of that Faculty's courses which may or may not lead to certificate credit.

21.2 Intersession

During its Intersession in Edmonton, the University of Alberta offers a wide selection of courses during the Spring-Term and Summer-Term for the convenience of students who are unable to attend the regular Winter Session, and for continuing students who wish to supplement their regular programs. Intersession calendars are available in mid-December.

Further information can be obtained by contacting the Special Sessions Office at 492-3752.

21.3 Off-Campus Credit Program

For students living outside the Edmonton area, there are courses offered in the September to April period through the Off-Campus Credit Program at a number of centres throughout Central and Northern Alberta. Included in these are full-time, general first- and second-year programs at Slave Lake, Spruce Grove, St. Paul, and Hobbema. These programs are offered in cooperation with Athabasca University.

Further information can be obtained by contacting the Special Sessions Office at 492-3752.

22 Registration and Fees

22.1 Registration

22.1.1 Responsibility for Registration

Students are responsible for familiarizing themselves with the requirements and limitations of their programs as specified in each Faculty section of the Calendar, for ensuring that their programs are properly planned and in accordance with degree specifications, and for the completeness and accuracy of their registration. They are also responsible for adjustments in registration made necessary by changes to their academic status.

22.1.2 Registration Procedure

The registration period for the 1997/98 Winter Session will begin in mid-March for continuing students and in the beginning of May for conditionally admitted students and confirmed admissions. Please refer to the Registration Procedures publication for details.

The program in which a student seeks to register is in every case subject to the approval of the Faculty concerned. Students should note that they are required to register in courses in which they are deficient before registering in any other courses. The Faculty councils reserve the right to adjust courses to meet the needs of timetables of lecture and examinations. Registration in courses which directly conflict on the timetable will only be allowed where the express permission of the Faculty council concerned has been secured.

22.1.3 Reregistration in Courses

(1) Students may not repeat any University course passed or courses for which they have received transfer credit except for reasons deemed sufficient, and verified in writing, by the dean (or designate) of the Faculty in which they are enrolled.

(2) Students may not reregister for credit or audit more than once in any failed University course, except for reasons deemed sufficient by the dean (or designate) of the Faculty in which they are enrolled.

(3) Students may not reregister for credit or audit more than once in any University course in which they have received a final grade of W, except for reasons deemed sufficient by the dean (or designate) of the Faculty in which they are enrolled.

(4) In cases where a student contravenes regulations 1, 2, or 3 above, the dean (or designate) may withhold credit or indicate the course as extra to the degree, on the course registration that contravenes the regulation.

(5) Students may repeat a first-term course in the second term if it is offered in the second term as long as the student complies with regulations 1, 2, and 3 above.

(6) An undergraduate student who, because of unsatisfactory academic performance, is either required to withdraw, and/or required to repeat a year, and/or put on probation, will retain credit for courses in which grades of 4.0 or higher have been attained during the period for which the student's performance was evaluated as unsatisfactory.

Notwithstanding this credit, Faculties may require substitution of other courses in programs in which full course loads are required.

(7) The Faculties of Law, Medicine and Oral Health Sciences, and Pharmacy and Pharmaceutical Sciences were granted exemption from (6) above.

22.1.4 Prerequisite Course Requirements

Students registering in courses for which a prerequisite is listed must meet the prerequisite requirements. A grade of 4.0 is the minimum grade acceptable in a course which is to be used as a prerequisite. Departments may cancel the registrations of students in courses offered by the departments who do not meet the prerequisite requirements as stated in the course descriptions in this Calendar.

Degree credit may be withheld for courses with prerequisite requirements if the prerequisite requirements have not been met or waived in writing.

Where a prerequisite is stated, it is understood that equivalent courses may be used to satisfy the requirement. In addition, the prerequisite requirements may be waived with the written approval of the department that offers the course.

Students who are unsure that they meet the prerequisite requirements in a course, or who wish to obtain permission to have a prerequisite waived, should consult the department offering the course.

22.1.5 Corequisite Course Requirements

Students registering in courses for which a corequisite is listed must also register in the corequisite course or have previously passed the corequisite course with a minimum grade of 4.0. Departments may cancel the registrations of students in courses offered by the departments who do not meet the corequisite requirements as stated in the course description of this Calendar. Degree credit may be withheld for courses with corequisite requirements if the corequisite requirements have not been met or waived in writing.

Where a corequisite is stated, it is understood that equivalent courses may be used to satisfy the requirements. In addition, the corequisite requirements may be waived with the written approval of the department that offers the course.

Students who are unsure that they meet the corequisite requirements in a course, or who wish to obtain permission to have a corequisite waived, should consult the department offering the course.

Courses with corequisite requirements may only be used for degree credit if the corequisite requirements have been met or waived in writing. A grade of 4.0 is the minimum grade acceptable in a course used as a corequisite.
22.1.6 Confirmation of Registration

Students are required to confirm their registration by picking up their timetable according to the schedule published in the Registration Procedures publication. Registrations of students who fail to confirm their intent to attend by picking up their timetables will be cancelled.

22.1.7 Late Registration

Students are normally required to complete their registration by the date specified in the academic schedule. After the end of the registration period, registration will be permitted only in exceptional circumstances and students may find that the course offerings are limited.

22.1.8 Changes in Registration

Changes of registration may be made by students until the end of the registration period. After the end of the registration period, students must obtain permission from their dean. This permission, in the form of a “Courses to be Added/Deleted Form” signed by the department(s) offering the course(s) and the student’s dean, must be presented to the Registrar before the change becomes official. Changes in registration will not normally be approved after the deadline appearing in the Academic Schedule. Students may not abandon a course. In some Faculties, students will be assigned a failing grade if they abandon a course after the dates specified for withdrawal in the Academic Schedule or the Faculty Regulations section of the Calendar.

22.1.9 Cancellation of Registration or Withdrawals

After the end of the registration period, students who wish to withdraw from courses or from the University must complete a “Withdrawal” form. Students in the BFA Drama, BMus, and Graduate Studies programs must first obtain the signatures of their Department Chair. All forms must be submitted to the student’s dean for approval. The approved form must then be submitted to the Office of the Registrar and Student Awards. Students contemplating withdrawal are invited to visit Student Counselling Services to discuss with a counsellor questions relating to their withdrawal decision, readmission, or future vocational plans.

22.1.10 Graduate Student Registration for the May—August Period

Graduate students who are working full-time on their graduate program during part or all of the period from May to August are encouraged to record their presence on campus at their department office. Those holding University awards during this period must so record their presence.

22.1.11 Registration to Audit a Course

Students who wish to audit a course will follow the same procedures as above whether or not they are taking other courses for credit. See §211.3 for details.

22.2 Fees Payment Guide

Fees are approved by the University’s Board of Governors and may change without notice. University policy regarding fee regulations, fee rates, and fee deadlines is established by the Board of Governors and is final. Changes in registration will not normally be approved after the deadline appearing in the Academic Schedule. Students may not abandon a course. In some Faculties, students will be assigned a failing grade if they abandon a course after the dates specified for withdrawal in the Academic Schedule or the Faculty Regulations section of the Calendar.

22.2.1 1996/97 Undergraduate Instructional and Noninstructional Fees

(1) How Instructional Fees are Assessed: With few exceptions, tuition fees for undergraduate students are assessed by calculating the cost of each course in which the students are registered for credit, according to the following formula: fee index value \times \text{units of fee index}.

Individual courses taken by students enrolled in the MD and DDS programs, and by some Special Students in the Faculty of Medicine, and Oral Health Sciences, are assessed using a fee index value of $77.30.

Engineering Undergraduate Equipment Fund: All students registered in the Faculty of Engineering will be assessed an additional $25.00 per term in Winter Session only for the Engineering Undergraduate Equipment fund.

(3) 1996/97 Noninstructional Fee Schedule: Students are assessed noninstructional fees per term as shown below; the corresponding privileges conferred are explained in §22.2.10. All of these fees are mandatory for most students; exceptions to noninstructional fee payment rules are listed at the end of this section.

For fee purposes, a full-time student is registered for credit in courses with a combined weight of nine or more units of course weight in a term.

• For students taking all their courses off campus, Athletic Services and Health Services Fees and privileges are optional; other fees are mandatory.

(4) Fees for Special Programs:

a. Postgraduate Medical Education Program: Students in the Postgraduate Medical Education Program pay a Program Fee of $507.36 per year.

b. Work Experience Courses (Co-op and Internships): Students registered in cooperative work experience programs or work internships will register in courses entitled “Work Experience” (WKEXP). The fees for the work experience program are assessed as instructional fees for the WKEXP courses. For the terms of registration in WKEXP alone, students are also assessed the Registration and Transcript Fee and Student Services Fee; Athletic Services and Health Services Fees are optional. If a student registers in other courses additional to WKEXP in a term, normal tuition fee calculations will apply for the total registration.

c. Faculty of Education and Faculté Saint-Jean Students in Field Experience Courses: Students registered in certain Practicum courses will pay a Placement Fee of one unit of fee index ($46.48) per course which is assessed and collected with the course fee.

d. Coordinated Dietetics Program: The Registration Fee for each work term is $150.

(5) Sample Fee Assessment 1996/97 Rates:

22.2.2 1996/97 Graduate Instructional and Noninstructional Fees

(1) General Information: All graduate students are assessed two types of fees: instructional fees and noninstructional fees.

(2) How Fees are Assessed:

a. Course Instruction Fees: All graduate students in these categories are assessed individual course fees for all courses, projects, and thesis research. Fees for a course taken for credit are normally calculated according to the following formula: fee index value x units of fee index. The fee index value is a dollar amount that is approved annually by the Board of Governors. The graduate fee index value for Intersession 1996 and Winter Session 1996/97 is $54.52. The units of fee index are shown following the title of each course in §211 (Course Listings), and are indicated by fi. Fees for an audited course are calculated according to the following formula: fee index value x units of fee index x 1/2. Therefore, the assessment for a normal half course with a fee index of six taken for credit is $327.12. The assessment for a normal half course with a fee index of six taken for audit is $163.56. (Special Graduate Students may not audit courses.)

b. Extra Course Fees: Students who are registered in courses which are designated as extra to their degree program are assessed Extra Course Fees in addition to any other Course Instruction Fees they have been assessed. Extra Course Fees are calculated in the same manner as Course Instruction Fees.

c. 1996/97 Graduate Student Noninstructional Fee Schedule: In addition to instructional fees, all graduate students are assessed noninstructional fees. The noninstructional fees assessed are based upon whether a student is full-time or part-time, and upon whether a student is an on-campus or extramural student. Noninstructional fees differ between Intersession and Winter Session.

Students are assessed noninstructional fees for each term in which they register. The assessment rates are shown below. The corresponding privileges conferred are explained in §22.2.10.

1 Extramural students are not assessed this fee.
2 Continuous Registration Fee: Students who wish to keep their program active, but who are not working on courses, projects, or thesis research, register in “Continuous Registration.” Such students are assessed a Continuous Registration Fee for each term in which they are so registered. This fee is also assessed to students in doctoral and thesis-based master’s programs for each term during which they are not registered in their program but register in one or more courses extra to the program.

3 Readmission Fee: Students who do not keep their programs active as described in §202.3 must reapply and be readmitted before they can resume their program of studies. All readmitted students are assessed a Readmission Fee in addition to other applicable fees.

Full-time graduate students are eligible to become members of the Students’ Union by paying the applicable fee ($39.32 per term in 1996/97). Consult the Faculty of Graduate Studies and Research.

Graduate students who change their registration from full-time to part-time may be eligible for a reassessment of noninstructional fees; see §22.2.7.

Graduate students who change their registration from part-time to full-time are assessed full noninstructional fees.

d. Foreign Student Differential Fees: If you are a student who is not a Canadian Citizen or Permanent Resident, you will be assessed a Differential Fee calculated as an additional 100% of all instructional fees assessed. If you become a Permanent Resident (landed immigrant) before the end of a term, the Differential Fee will not be assessed in that and subsequent terms. Please submit proof of your change of immigration status to the Fees Coordinator, Faculty of Graduate Studies and Research (2-8 University Hall).

(3) Fees Inquiries: The Faculty of Graduate Studies and Research is responsible for the assessment of graduate student fees. Inquiries concerning graduate student fee assessments, changes in fees related
to program or registration changes, and so on, should be directed to the Faculty of Graduate Studies and Research.

The Fees Section, Office of the Comptroller is responsible for fee collection. Inquiries concerning your Statement of Account, method of payment, late payment penalties, and so on, should be addressed to the Fees Section, Office of the Comptroller. Inquiries about payroll deductions of fees from assistantships should also be directed to the Fees Section, Office of the Comptroller.

Inquiries about payment of monthly stipends to holders of graduate assistantships should be addressed to the Payroll Office, Human Resources.

### 22.2.3 Miscellaneous Fees

In addition to normal instructional and noninstructional fees discussed previously, certain courses (or programs) also contain the requirement for the payment of additional miscellaneous fees to recover costs for required elements of the course or program which are not directly related to the delivery of instruction. Some examples of mandatory miscellaneous fees are: costs of food, lodging, and transportation for required field trips; supply of certain specialized professional tools which the student will retain; and fees for arranging professional placements such as practicums, internships, and work experience. All mandatory miscellaneous fees are approved by the Board of Governors and are listed below. Miscellaneous fees are normally assessed and collected by the department or program office which sponsors the course or program.

In some courses, certain laboratory or lecture services (e.g. lecture handouts) are made available to students on an elective basis for a cost-recovery charge. These are not miscellaneous fees because purchase is voluntary and not a requirement of registration.

### 22.2.4 Deadlines for Instructional and Noninstructional Fee Payment

#### Winter Session:

- Full Session and First Term: Last weekday in September.
- Second term: Last weekday in January.

It is the responsibility of the student to obtain a revised fee assessment when making course changes to ensure that the appropriate payment is made prior to the deadline. See §22.2.6 (2).

In those rare instances where a student is permitted to register late, the deadline for payment of fees is 15 calendar days after the date of assessment.

### 22.2.5 Penalties for Late Payment of Fees

#### Nonpayment of fees does not constitute withdrawal from courses:

Please refer to §22.1.9 for instructions on withdrawing from courses.

If fees owing are not paid by the relevant deadline, all certification of your student record (degree parchement, transcript, etc.) is withheld. You will also not be able to register in any future sessions, or make changes to your current registration, until your account has been settled. A late payment penalty of $15 per month is assessed for each month in which your account is outstanding, to the end of the term. Further information on this topic can be found in §23.9.6.

### 22.2.6 Obtaining and Paying Your Fee Assessment

#### (1) Obtaining a Fee Assessment:

- Students enrolled in Winter Session pick up their fee assessment at Timetable Distribution at the beginning of each term; the assessment is printed on the class timetable notice, and is based on the course registrations shown on the timetable.
- Intersession fee assessments are mailed to the most recent mailing address provided.

#### (2) Obtaining a Revised Fee Assessment:

- **a. Undergraduate students:** If, after collecting your Class Timetable Notice, you change the number of courses in which you are enrolled, you must obtain a revised fee assessment. Visit the Registrar's Office desk in the Universiade Pavilion for changes made before the term registration deadline, and the Comptroller’s Office (3rd floor Administration Building) about changes made after the registration deadline. Please take your Student ID card with you. If you delay getting a new assessment, you may incur financial penalties (§22.2.5); information on refunds is given in §22.2.7.
- **b. Graduate students:** If you make any fee-affecting changes to your Winter Session or intersession registrations on or before the Term 1 registration deadline of the applicable session, the Faculty of Graduate Studies and Research will mail you a Reassessment of Fees. No further reassessments of fees are mailed by the Faculty for the applicable session. If you make any Department and Faculty approved fee-affecting changes to your registration after the Term 1 registration deadline, you must obtain a revised fees assessment in order to ensure that you make the appropriate payment prior to the deadline. Please consult with the Faculty of Graduate Studies and Research, 2-8 University Hall.

#### (3) Method of Payment:

Students are encouraged to pay fees by cheque or money order, or at any branch of Bank of Montreal.

Cheques or money orders should be made payable to the University of Alberta; please write your Student ID number on the cheque.

Your fee assessment notice must be presented with payment.

The last date for payment of fees without penalty for full-session and first-term-only students is as noted in §22.2.4. However, students registered for a full session may choose to pay fees in two installments, one for each term. First-term fees must be paid by the first-term deadline, and second-term fees by the second-term deadline. A $25 installment charge is payable with the second installment.

#### (4) Where to Pay Fees:

- **a. During Winter Session Timetable pickup in early September for those students beginning classes in September, or early January for those students beginning classes in January, fees can be paid in the Universiade Pavilion by cheque or money order only. (See Fee payment deadlines for deadlines.)**
- **b. Once the first term of Winter Session has begun, fees can be paid:**
  - 1) in person, at the cashier's wicket of the Comptroller’s Office, third floor, Administration Building (hours for September–April, 0900–1600, and for May–August, 0830–1530);
  - 2) by campus mail, by depositing your cheque and fee assessment in the special deposit box available one week prior to payment deadline date on the main floor of the Administration Building, or in the mail slot on the 3rd floor. After hours, you can use the campus mail box located at the bus entrance to campus beside University Hall.
  - 3) by regular mail, to the Fees Section, Comptroller’s Office, University of Alberta, Edmonton, Alberta T6G 2M7.

Fees must be received in the Comptroller’s Office by the payment deadline, if late payment penalties are to be avoided (see §22.2.5). Mail delays will not be accepted as a reason for late payment.
University Regulations and Information for Students

4) at any branch of the Bank of Montreal by using the fee payment form found at the back of the Registration Procedures publication.

5) Dishonored Cheques: Payment by dishonored cheque is treated as nonpayment of fees. Please refer to §22.2.5 for consequences. In addition to the penalties outlined there, a $15 charge is assessed for the dishonored cheque itself.

Students will be required to pay by certified cheque or guaranteed funds for any cheque returned due to lack of sufficient funds (NSF) in the account against which the cheque was written.

6) Quota Program Deposits: Students who have paid a deposit to confirm their admission to a quota program should deduct this from their fee assessment total. The amount of the deposit is specified by the students' Faculty.

7) Student Loans: Alberta students who need financial assistance are advised to apply to the Students' Finance Board as early as possible, preferably from May onward. Application forms are available from the Registrar's Office. Application forms for loan assistance from other provincial governments for students from those provinces are available from the Student Financial Aid and Information Centre.

Students must be registered full-time for the period of their loan. If your loan covers both terms of Winter Session, you must be registered for credit in courses with a combined weight of 9 or more in each term in order to have your loan approved.

How to Process an Alberta loan: Students who receive loan assistance through the Students' Finance Board of the Province of Alberta should submit all copies of their Certificate of Eligibility with their Student ID card to the Comptroller's Office fees wicket on the third floor of the Administration Building or, during Timetable pickup, to the loans area of the Universiade Pavilion.

Students wishing to pay only first-term tuition and fees must present a Student Finance Board Notice of Assessment indicating further loan disbursements. Without this document, the tuition and fees for the full year will be deducted.

The fees due to the University are the first charge against the loan. If the amount of assistance awarded is less than the full amount of fees, the balance of fees owing is subject to normal fee payment regulations and deadlines.

If you process a loan certificate after the September fee payment deadline, you will not be assessed a late payment penalty for September provided you applied to the Board by mid-September, and that the assistance you receive covers the balance owing on your first-term fees.

8) How to Process a Loan from Another Provincial Government: Disbursal documents are sent by some governments directly to their students and in other instances to the Fees Section of the Comptroller's Office. When you receive notification, please report with the documents you receive and your Student ID card to the Comptroller's fees wicket as described in the preceding paragraph.

9) Scholarships, Bursaries and Other Financial Assistance: Students whose fees are to be paid by scholarships, bursaries, or other assistance processed through the University, or by Alberta Heritage, Rutherford, or McKinney scholarship funds, should advise the Comptroller's Office well before the fee payment deadline of the amount and source of the award. No late payment penalties will be excused if the funds do not arrive by the fee payment deadline; however, if the award will not cover the full installment of fees due, the balance must be paid by the normal deadline.

Students who receive direct assistance that is not processed through the University (e.g. a grant from an employer) must follow normal fee payment regulations and meet normal deadlines. Confirmation of enrolment will be provided by the Registrar's Office on request.

10) Receipts: The Tuition and Education Credit Certificate (Form T2202A) is the students' official receipt for income tax purposes. This form is mailed annually in February. Students who make payments after the production of the certificate will be mailed a revised certificate.

Students requiring proof of payment prior to February are encouraged to use their cancelled cheque if possible. Alternatively, a cashier's receipt will be provided at time of payment when paying in person at the cashier's wicket of the Comptroller's Office. At any other time, the Fees Section of the Comptroller's Office will provide proof of payment at the student's request. Please allow up to three weeks for delivery.

Students who formally withdraw from one or more Winter Session or Intersession courses will receive a 50% refund of instructional fees. There are no further refunds after the Refund Deadline.

(2) If the change to the registration occurs by the Refund Deadline and results in a change from full- to part-time status (see Glossary), noninstructional fees will also be reassessed, and the difference refunded.

(3) Students withdrawing from all of their courses after the Registration Deadline will forfeit the Registration and Transcript Fee. If the withdrawal occurs by the Refund Deadline, they will receive a refund of 50% of other noninstructional fees.

(4) The effective date of your withdrawal is that on which your Faculty Office receives the required form (this date cannot be later than the first day of the term of withdrawal). Students who register and then cease to attend, or never attend, without submitting an approved Withdrawal Form will not be eligible for any refund of fees nor will they be exempt from paying assessed fees that are unpaid.

(5) Fees deadlines are firm and are strictly enforced. There is no appeal process within the University in cases where a student has missed a deadline. Students should ensure that they process and confirm any intended withdrawals well in advance of the required deadline since ignorance of the deadline or similar extenuating circumstances will not be accepted as an excuse. Students should be aware that when they withdraw from a course at any time after the Registration Deadline, they have effectively occupied a place in the class for the entire term. The policy of the University is to treat all students in an equitable fashion by adhering strictly to the deadlines published. Students are responsible for the completeness and accuracy of their registrations.

Changes from credit to audit: If the change is made during the audit registration period (see §11), the assessment for the course will be at the audit rate both for undergraduate students and graduate students.

Unpaid Accounts: If you have not paid your full fee assessment for the session when you withdraw or change from credit to audit, you may still owe money to the University. Contact the Comptroller's Office (492-3389) for an up-to-date Statement of Account.

Refund Cheques: Please allow six weeks for your cheque to be processed and mailed to you.

22.2.8 Fee Remission Program for Senior Citizens

Residents of Alberta who are aged 65 or over are eligible for complete remission of both instructional and noninstructional fees. You must meet normal admission criteria and application deadlines for your chosen program, and must have reached your 65th birthday before the start of the session in which you are registering. Application for Remission forms are available from the fees wicket of the Comptroller’s Office, third floor, Administration Building, and must be completed and submitted with your Senior Citizens’ identification card, or other proof of age and residency, by the fee payment deadline (see §22.2.4).

22.2.9 Staff Remissions

Processing of staff remissions must be received at the fees section, Office of the Comptroller by September 12, 1997 to avoid late payment penalty.

22.2.10 Third Party Billing

In accordance with §22.2.5 of the University Calendar, Third Party Sponsors will be expected to adhere to University policies with respect to payment deadlines, late payment penalties, installment charges, withdrawals, etc. Individual listing or group listings should be forwarded to the Fees section, Office of the Comptroller well in advance of the registration deadline. Students are responsible for advising the third party of any changes to the financial record after the initial billing.

Additional information and current (1996/97) rates for these fees are given in §§22.2.1 and 22.2.2.

(1) Registration and Transcript Fee: Confers to all students the privilege of receiving ongoing services for admission, student records management, academic certification including official transcripts (see §23.9.2), convocation, and the like from the Office of the Registrar and Student Awards, Office of the Comptroller, and Faculty offices. This fee is assessed to all students, graduate and undergraduate, full-time and part-time, on-campus and off-campus.

(2) Student Services Fee: Confers to all students the privilege of receiving ongoing services from the Office of the Dean of Students and associated offices such as: Academic Support Centre, Career and Placement Services, International Centre, Native Student Services, Services for Students with Disabilities, Sexual Assault Centre, Student Advisor, Student Counselling Services, and Student Financial Aid and Information Centre. This fee is assessed to all students, undergraduate and graduate, full- and part-time, on-campus and off-campus.

(3) Students’ Union Fee: Full membership entitles a student to use all Students’ Union facilities and services, and grants a student the right to vote and stand for office in Students’ Union elections. Associate members may not stand for office, but are entitled to all other privileges. For further information see §22.2.1, or contact the Students’ Union Vice-President (Finance & Administration) in Room 259 SUB (492-4236).

(4) Graduate Students’ Association Fee: Confers the privilege of using services provided to graduate students by the Graduate Student’s Association. These include use of the Power Plant Graduate Students’ Lounge (Back Room Bar), Dental Plan (only applies to students who are full-time on-campus in Term 1 of Winter Session), Insurance Plan, access to lecture grants professional development grants, help with academic appeals, and access to inexpensive photocopying and faxing. The Graduate Students’ Association represents graduate students on university committees, and negotiates assistantships regulations on behalf of graduate assistantship holders.

(5) Athletic Services Fee: Confers the privileges of using the facilities of the Physical Education and Recreation Centre and of participating in all Athletic Services Programs. This fee is assessed to all on-campus students. See also §25.9.

(6) Health Services Fee: Confers the privilege of using University Health Services, which offers a wide range of convenient medical services, including drop-in medical consultation, immunizations, an on-site pharmacy, and reduced costs on prescriptions. This fee is assessed to all on-campus students. See also §25.1.11.

23 Academic Regulations

23.1 Changes in Regulations

The University reserves the right to make changes in regulations governing degree programs from time to time.

23.1.1 Academic Standing Regulations

Changes regarding “academic standing” regulations such as the eligibility to continue in a program, promotion, and graduation requirements, apply to both new and continuing students. All students should annually refer to the current Calendar for appropriate Faculty academic standing regulations.

General Faculties Council (GFC) is the University’s senior academic governing body and it is GFC which has approved all the academic regulations which appear in this and other sections of the Calendar. No changes to these regulations may be made without GFC’s approval.

Any and all grade averages used in making decisions regarding academic standing should be clearly described in the Faculty section of the Calendar; this description is to include the computational rules and the way in which the average will be used in the decision process.

23.1.2 Degree Program Regulations

Unless stated otherwise, changes in degree program requirements (i.e., the required courses specified for a particular program of studies, or the units of course weight required in specified subject areas, or the total units of course weight required in the degree program) apply only to new students and those readmitted to a Faculty. Continuing students should refer to the Calendar in effect at the time they were admitted or readmitted for the regulations governing their degree program requirements.

Where a required course for a degree program is no longer offered, the Faculty may specify an alternate. Students who interrupt their program and who must apply for readmission to the program will be required to comply with any new regulations upon resumption of their studies.

23.2 Residence Requirements

A student proceeding towards a first (bachelor’s) degree is expected to complete at least half of the credits required through courses offered by the University of Alberta (either “on” or “off” campus in Winter Session or Intersession). Normally, at least half of these “University of Alberta” courses will be taken as the final courses in the program. Credits obtained by special assessment at the University of Alberta may be included in the count of courses used to satisfy the residency requirements. (See §14.2.6 Credit by Special Assessment).

Students should consult their Faculty’s section of the Calendar in order to become familiar with time limits for completion of degrees. (See also §14.2.3 Transfer of Credit).

23.3 Attendance

Since presence at lectures, participation in classroom discussions and projects, and the completion of assignments are important components of most courses, students will serve their interests best by regular attendance. Those who choose not to attend must assume whatever risks are involved. In this connection the attention of students is directed to §§23.5.2(3) and 23.5.3(5).

23.4 Evaluation Procedures and Grading System

(1) Weighting of Term Work and Final Examinations: In each course in which a final examination is held, a weight of not less than 30 percent and not more than 70 percent will be assigned to the final examination, except where a departure from this arrangement has been authorized by the council of the Faculty in which the department offering the course is situated. The remaining weight for the course will be assigned to term work.

(2) Guidelines Regarding Term Work: The following guidelines should normally be followed.

a. Instructors are required by GFC to announce at the beginning of each course the distribution of weight between term work and final examination. In particular, they should provide a course outline and inform students during the first week of classes of any assignment, examination, or other course activity (e.g. class participation) to which 20% or more of the final term mark will be allotted.

b. Instructors are also required to inform students at the beginning of the session that information on reexamination policies may be obtained from individual Faculty Offices.

c. Instructors are encouraged to include in the course outline the date, time and place of a deferred final examination should one be required.

d. Instructors are required to announce at the beginning of a course the manner in which the official University grading system is to be implemented in that particular course or section, i.e., whether a particular distribution is to be used to determine grades, or whether there are absolute measures or marks which will determine them, or whether a combination of the two will be used.

e. Upon request, instructors are required to provide the method which was used to translate final and, where appropriate, term marks into grades.

f. In addition, instructors should announce the weight given to each assignment, examination or other course activity well before the
assumption, examination or other course activity is to be completed by the student.

f. Instructors should allow students a reasonable time in which to complete an assignment, bearing in mind its weight.

g. Instructors should mark and return to students with reasonable dispatch all term examinations and, provided the students submit them by the due date, all course projects, papers, essays, etc.

h. All projects, papers, essays, etc. should be returned on or by the last day of classes in the course, with the exception of a final major project or paper (which may be due on the last day of classes), which should be returned by the date of the scheduled final examination or, in non-examination courses, by the last day of the examination period.

(3) Procedures for Registering Complaints about Marking, Grading, and Related Issues:

a. Where the above guidelines have not been followed or where students have concerns about the instructor’s teaching, the student should make the concern known to the appropriate individual in the following sequence:
   1) Instructor
   2) Chair of the Department in which the course is taught
   3) Dean of the Faculty in which the course is taught (some Faculties have delegated this authority to departments)

b. A student needing advice on these matters should see the student advisors in the Office of the Dean of Students.

c. These procedures do not constitute a mechanism for appeals and grievances regarding the academic standing or individual grades of a student. Appeals and grievances of that nature are dealt with in §23.8 of the Calendar.

(4) The Nine Point Grading System: An important feature of the nine point grading system is that the marking and grading are done separately. For a large class, examiners should mark the papers and record the raw scores, sort the papers in order of merit, and decide whether the class as a whole is average, above average or below average. They should then determine what percentage of the class should fall into each of the nine possible grades and assign grades accordingly. In small classes, the honors or senior courses, instructors should mark in terms of raw score, rank the papers in order of merit, and with due attention to the verbal descriptions of the various grades, assign an appropriate grade to each paper.

The process of ranking and grading students may be carried out as each assignment and examination is marked, or it may be deferred until all assignments, including the final examination, have been marked.

In the first case, at the end of the term instructors will have a record of each student’s grades for all assignments and examinations with the percentage weight assigned to each. They should then assign a term results summary mark based on the student’s term mark and final examination. Having computed this for each student, they should then rank the students in order of merit and assign final grades by the process described in the first paragraph of this section. Since the distribution of grades is not standard, the system should not be referred to as a stanine system, nor should the various grades be called “stanines.”

(5) Assigning Grade Points: Grade points reflect judgements of student achievement made by instructors. These judgements are based on a combination of absolute achievement and relative performance in a class. The instructor should mark in terms of raw scores, rank the papers in order of merit, and, with due attention to the verbal descriptions of the various grade points, assign an appropriate grade to each paper.

(7) Grade Point Average (GPA): All courses have been assigned an appropriate weighting factor, which along with a student’s grades, enables the Registrar’s Office or the Dean’s Office to compute the Grade Point Average. The Grade Point Average is common to all Faculties. This is a sessional GPA only and is reported on transcripts and year-end Statements of Results.

The Grade Point Average (GPA) is a measure of a student’s weighted average, obtained by dividing the total number of grade points earned by the total units of course weight attempted.

Rules for Computing the GPA:

a. The GPA for any session is based on the final grades in all courses taken during that session including half-courses repeated in the second term and courses extra to the degree program.

b. A reexamination mark or a deferred examination mark replaces the original final examination mark. The revised final grade is included in the computation of the GPA.

c. When a student has an Absent-Deferred, Incomplete or a missing grade, the GPA is not computed until a final grade is reported.

d. Alphabetical grades of AF,WF, INF, and DB are counted as numeric grades of 1.0 in the computation of the common GPA. Faculties are, however, strongly encouraged to compute a numerical grade based on the student’s total work even when the student misses the final examination.

e. Alphabetical grades of W (withdraw) are excluded from the computation of the GPA on the transcript.

e. Alphabetical grades of W (withdraw) are excluded from the computation of the GPA on the transcript.

Grades of Credit-No Credit and Pass-Fail are not included in the computation of the common GPA.

g. The common GPA is rounded to one decimal place using standard rounding rules – that is it is rounded up with a value of 5.0 or greater in the first nonsignificant place.

Other Averages: Faculties may use a variety of different averages for various decisions regarding academic standing, promotions, and graduation, as long as these have been approved by General Faculties Council. Each average is descriptively labelled with a title other than Grade Point Average, for example, Admission Grade Point Average (AGPA) see §142.1(4), Cumulative Grade Point Average, Promotion Average, Graduation Average.

(8) Aegrotat Standing: Aegrotat standing may be granted, in special circumstances, on the grounds of illness to deserving students who have completed at least one year at the University of Alberta in the Faculty in which they are currently registered. Any student wishing to take advantage of this privilege should apply without delay to the dean of the Faculty concerned. Any other student absent from a final examination because of illness may apply for permission to write the regular deferred examination.

(9) Competence in Written Work: General Faculties Council urges all instructors of University undergraduate courses to provide that suitable portions of course testing or other course work should be in the form
of written essay responses and to emphasize to students that competence in written work is integral to competence in a subject and will constitute part of the basis on which the student's course grade is determined.

All instructors should make clear at the outset of each course their expectations in regard to the standard and importance of writing in assignments and examinations. Refer to §25.1.6(1) for information on Effective Writing Resources.

(10) Official Grades: Student grades are unofficial until they have been approved by the appropriate Faculty Council at the end of the session. Prior to approval by Faculty Council, unofficial grades are reported on transcripts and so noted. Students can generally expect that official grades will be available in early June for the Winter Session, and early September for Intersession. A Statement of Results is mailed to students following the approval of grades for each session.

23.5 Examinations

23.5.1 Conduct of Examinations

Student Identification: Students writing examinations are required to confirm their identity by presenting their student ID card or other acceptable photo identification. Students who are unable to present satisfactory identification at the time of the examination will be permitted to write the examination, but will be required to present themselves with acceptable photo identification to the instructor of the course within 5 working days of the examination, and may be required to provide a sample of their handwriting. Instructors are authorized to grade those students who do not satisfactorily prove their identity in this manner as absent from the examination. This portion of the coursework will receive a mark of zero towards the student's final grade in the course.

Permitted references: Only those aids, calculators, references, etc. specifically authorized by the instructor may be brought into the examination facility. The use of unauthorized personal listening, recording, photographic and/or computational devices is strictly prohibited. Students who bring unauthorized devices into an examination will be charged with cheating under the provisions of the Code of Student Behavior.

23.5.2 Term Examinations

(1) Term Examinations Optional: The holding of term examinations is optional within each department.

(2) Test Week: Although instructors may give tests during any regular lecture or laboratory period at their discretion, one week in the middle of each of the First Term and the Second Term has been set aside as test week. During these weeks, off-campus, extracurricular activities will not normally be organized by the University.

(3) Absence from Term Examination, Test or Quiz: In this section the term “examination” shall be used to refer to any examination, test, quiz or equivalent testing process (other than final examination) which is scheduled as part of the term work of a course. If a student misses an examination, the instructor will decide whether the absence will be excused or not. If the absence is not excused the raw score assigned will be zero. The reason for applying for an excused absence will be illness or other extreme circumstances. Students must present to their instructor a University of Alberta Medical Statement form (available from University Health Services) where the cause is illness, or an absence slip signed by the Records Division, Examinations and Timetabling, Office of the Registrar and Student Awards where the cause is other than illness, within two working days of the missed term examination or test, or as soon as the student is able having regard to the circumstances underlying the absence.

23.5.3 Final Examinations

There is no requirement by General Faculties Council that the final examination must be written in order to obtain credit: Faculties are permitted to make their own regulations in this regard.

(1) Final Examinations: A final examination is held in each course except where departure from this arrangement has been authorized by the Faculty council governing the department offering the course. In courses completed in the First Term, final examinations are normally held during test week in December. Final examinations for second-term and full-session courses are held at the end of the session. Examinations for Evening Credit Program and Late Afternoon and Evening Courses are to be held during the last regular class week.

(2) Examination Schedule: The schedule of first- and second-term final examinations (and mid-session examinations in full-session courses) shall be related directly to the basic university timetable. In the Faculty of Education, for those Faculty courses which form part of a professional term and hence do not conform to the standard timetable, the scheduling of the final examinations shall become the responsibility of the Faculty.

In the MBA program final examinations in all evening courses shall be scheduled into the week immediately following the last week of classes in each term in order to allow for equal instructional hours in the full- and part-time programs.

Final examinations or mid-session examinations in full-session courses shall not exceed three hours in length.

The Examination Schedule shall be adhered to and no attempt made to adjust examination schedules to accommodate students who have failed a course and are repeating without attendance. Normally there shall be no departure from the official Final Examination Schedule. Instructors and students may, however, petition the Faculty Council concerned for permission to depart from the Schedule if justified reasons can be established. No departures shall be considered for approval unless the instructor of the class concerned and every student registered for credit in the class have given their written consent. Such consent shall take the form of either written letters or signed and dated forms made available from the Dean's office. These notices of consent shall be conveyed to the Dean of the Faculty offering the course on an individual basis at least one month prior to the new dates being requested. If and when unanimous consent is not received from the class, this fact shall be communicated both to the instructor involved and the Faculty Council. All such notices of consent shall be received by the Dean, in confidence, and it will not be the Dean’s responsibility to assure that all members of the class have been informed of the need to submit such written consents. This will be the responsibility of the Instructor or of those members of the class who have initiated the request for a change in the examination date.

The requirement that notices of consent for departures from the official Final Examination Schedule shall be conveyed to the Dean at least one month prior to the new date being requested, shall be rigidly enforced.

The rescheduling of examinations or tests in the final week of classes is not permitted.

(3) Absence from Final Examination: Any student who is ill or suffering from severe domestic affliction is advised not to sit for a final examination. A student who has missed a final examination because of illness or domestic affliction or who is obliged to be absent from an examination for some other compelling reason (including religious convictions) or extreme circumstances acceptable to the Dean concerned, may apply for a deferred final examination. Documentation pertaining to such an absence must be submitted to the Registrar within two working days, following the examination period or periods for the course or courses affected (see §23.5.6). Similar action should be taken by any student, who because of religious convictions or other cogent reasons, is unable to write a final examination at the scheduled time. Such application will be referred to that student's Dean for final decision.

When a student is absent from a final examination without acceptable excuse, a final grade will be computed using a raw score of zero for the final examination.

(4) Cancellation of Paper During Examination: If a student becomes ill or receives word of domestic affliction during the course of an examination, he or she must report at once to the Supervisor, hand in his or her unfinished paper, and request that it be cancelled. Should a student write an examination, hand in his or her paper for marking, and later report extenuating circumstances to support a request for cancellation of his or her paper and for another examination, such request will not be entertained. The decision, if illness is the cause, he or she must go directly to University Health Service so that any underlying the absence.

(5) Debarment from Final Examination: A student may be refused permission to write the final examination in a course on the recommendation of the department concerned and with the concurrence of the dean of his or her Faculty, in the following circumstances:

a. The student has neglected to do a substantial portion of his or her written assignments in a course of which these are an essential feature, or has attended insufficiently in a course in which class participation is a necessity.

the custody of the paper has been relinquished to the student.

that the paper it must not do so until the deadline for applications for

permission of the unit head. In a case where a member of a Department

applications, leave before the end of term, this will only be granted on

condition that the head of the Department arranges for the papers to

be read here in the usual way.

All examinations and assignments shall be marked only by the

instructor(s) or by persons expressly authorized by the Department

Chair (or by the Dean in non-departmentalized Faculties) to mark them.

The following discretionary policy on student access to final examination

papers was affirmed by General Faculties Council:

Departments subscribing to the belief that there is educational value

in permitting students to see their final examination papers after they

have been marked are not only at liberty, but are encouraged, to make

the papers available on request, and to allow for discussion where possible;

that the objective here is an educational end: i.e., it is not a

substitute for existing reappraisal procedures for the reconciliation of

grades;

that where the department is prepared to grant outright release of

the paper it must not do so until the deadline for applications for

reappraisal has passed, since an appeal cannot be entertained after

the custody of the paper has been relinquished to the student.

23.5.4 Notification of Results

Release of Grades: Only the Registrar’s Office is authorized to issue

official statements of results or transcripts. An official statement of

final grades in courses for a session is provided to each student by the

Office of the Registrar and Student Awards. For students who did not

register in the second term of the Winter Session, official statements

are mailed in early February.

Chu ensures that unofficial grades are posted immediately after the approved Grade Report Form is sent to the

Office of the Registrar and Student Awards, using the posting copy of the

Grade Report Form, or in any other manner that protects the

confidentiality of individual student grades. In courses that are completed

before the regular end of term, Departments release unofficial grades to students within six calendar days of the last exam or assignment
deadline in the course. (For the Faculties of Law and Medicine and Oral Health Sciences, grades should be posted no later than the third
day of classes in the second term for first term courses, or May 31 for

second-term or full-session courses.)

Reappraisals: Since great care is taken in marking final examination

papers, a student should apply for reappraisal of a paper only if he or

she has good reason to believe that a mistake has been made.

Reappraisals are dealt with by the Chair of the department in

consultation with members of the staff. A request for reappraisal must

be made by letter to the Registrar (or by completion of an application

form available at Examinations and Timetabling, Registrar’s Office,

Room 120A, Administration Building) by February 1 in the case of the

First-Term courses, by June 25 for other Winter-Session courses, and

within thirty days of the publication of results for courses offered in

Intersession. The request must include a statement of whether the intent of the appeal is to raise or lower the grade. If a student fails to include such a statement it will be assumed that the intent is to have the grade raised. The request must be accompanied by the appropriate fee for each paper; the fee may be refunded if the appeal is successful.

(See §22.2.9)

The privilege of having papers reappraised applies only to final

examinations. A student may apply for reappraisal of no more than two

final examination papers in each term of the Winter Session. A

student enrolled in the Intersession will be limited to two reappraisals.

It should be understood that if the grade is changed, the new

grade, whether higher or lower than the original, replaces it as the

student’s official grade in the course.

23.5.5 Reexaminations

Undergraduate students may be considered for a reexamination provided the following conditions are met: (Medicine students must refer to §102.2.3(5)). Reexaminations are not permitted for graduate students.

a. The course was failed.

b. The final examination is 40 percent or greater, as originally scheduled for the class as a whole.

c. For a First-Term or Spring-Term course the student achieved a Term Grade Point Average (GPA) of 5.0 inclusive of the failed course, and for Second-Term, Summer-Term and Full-Session courses a Session GPA of 5.0 inclusive of the failed course.

d. Students are advised that it may not be possible to make a ruling until all grades for a term or session are recorded. Students for whom a term GPA cannot be computed at the end of the first term will have to wait for the computation of a session GPA. In this case, the form should be left with the Faculty office for a later

ruling. Faculty of Law students in the first and second year will be considered for a reexamination on the basis of the computation of their session GPA.

e. Students who do not meet the above requirements may consult with their Faculty.

Reexaminations are not permitted:

a. For students who were granted a deferred final examination in accordance with §235.6 but did not write.

b. Dentistry and Dental Hygiene students: In clinical and laboratory courses and for students repeating a year.

c. Faculty of Nursing: For students who have failed the clinical/ laboratory component of a Nursing course and for students repeating a year.

d. Faculty of Rehabilitation Medicine: In clinical courses and for students repeating a year.

e. Faculty of Graduate Studies and Research.

Reexamination Mark: The mark received for the reexamination replaces the original final examination mark and is used in computing the final grade in the course.

Weight of Reexamination: The percentage of the final grade allotted to the reexamination shall be the same as the percentage of the final grade allotted to the student’s final examination in the course.

Number of Reexaminations that may be granted: Reexaminations may be granted in one course only, regardless of the units of course weight, in a session. Reexaminations may be granted in courses to a total of 12 while the student is enrolled in a faculty (Dentistry and Dental Hygiene students see Note 2).

Reexamination Deadlines:

a. Winter Session First-Term Courses: Apply: Within 10 days of the posting of the results. Exams to be held by: End of Reading Week (see §11)

b. Winter Session Second-Term and Full-Session Courses: Apply: Within 10 days of the posting of the results. Exams to be held by: June 30 (see §11)

c. Intersession Courses: Apply: Within 10 days of the posting of the results. Exams to be held by: August 31

d. Special Faculty Provisions: Faculty of Law: See Note (3) below

Dentistry and Dental Hygiene: See Note (2) below and consult the

Faculty.

Procedures to Apply for a Reexamination: Students who wish to apply for a reexamination should:

a. ensure that they meet the eligibility criteria for application noted above.

b. complete an application form (available at Examinations and Timetabling, Office of the Registrar and Student Awards, Room 120A, Administration Building.) Note the application deadlines; Dentistry and Dental Hygiene students should consult their Faculty.

c. have the application for reexamination approved by the chair or delegate of the Department offering the course.

d. the Dean of the student’s Faculty must also give final approval of the application.

If immediate approval is given, the student should return the approved application and fee to Examinations and Timetabling. Otherwise, when a ruling is made the Dean’s office will send the form to Examinations and Timetabling who will advise the student and request appropriate fee payments where necessary. Once approval has been granted, reexaminations are to be written at a time and place agreed upon by the instructor and the students concerned. Dentistry students write in July. Normally, students in the Faculty of Law write in June. Refer to the Academic Schedule (§11) for the applicable dates.
23.5.6 Deferred Final Examinations

(1) Deferred Final Examinations: A student who has missed a final examination because of illness or domestic affliction or who is obliged to be absent from an examination for some other compelling reason (including religious convictions) may apply for a deferred final examination.

Students wishing to apply for such an examination must do the following:

a. complete an application form (available at Examinations and Timetabling, Office of the Registrar and Student Awards, Room 120A, Administration Building). In order for an application to be considered for approval by the Faculty it must be supported by a University of Alberta Medical Statement form in the case of illness or other documentation substantiating the reason for an absence. The application and the documentation pertaining to the absence must be presented to the Registrar within two working days following the scheduled date of the examination missed or as soon as the student is able having regard to the circumstances underlying the absence;

b. have the application for a deferred final approved by the dean of their Faculty;

c. have the application for a deferred final signed by the instructor (or the department chair, or designate, if the instructor is not available); and

d. return the approved application to the Registrar (Examinations and Timetabling, Room 120A, Administration Building), within two working days of initiating the application. The approved application must be accompanied by the prescribed fee.

(2) Winter Session Deferred Final Examinations: The time and place of the deferred final examination will be determined by the instructor as described below. Instructors are encouraged to include in the course outline the date, time and place of a deferred examination should one be required.

Notes:

(1) Science Students: Registrants in the BSc degree programs or Special Certificate programs in the Faculty of Science who fail to meet the graduation GPA may be granted a reexamination in a passed or failed course taken in the final session (last 12 credits or less) has not been previously taken.

(2) Dentistry Students: In order to preclude the unintentional application of §62.2.2(3) of the Faculty of Medicine and Oral Health Sciences regulations, Faculty Council will specify by course the reexaminations required of a failed student for the purposes of meeting promotion/graduation requirements. In any one year reexamination privileges will not exceed three reexaminations to a combined maximum of 12.

Over the program, reexamination privileges will not exceed five examinations to a combined maximum of 20.

For students in the Dentistry program, information on reexaminations is available in the Office of the Associate Dean, 3036 Dentistry Pharmacy Centre.

Dental Hygiene Students: In any one year reexamination privileges for students carrying a full course load will not exceed three reexaminations to a combined maximum of 9. Over the program, reexamination privileges will not exceed four reexaminations to a combined maximum of 12.

In any one year reexaminations privileges for students carrying a reduced academic load will not exceed two reexaminations to a combined maximum of 6. Over the total program, reexamination privileges will not exceed three reexaminations to a combined maximum of 9.

First-year Dental Hygiene students will take the reexamination as scheduled in the first week in July. Students in the second year will write after the end of the first term for first term courses, and during the first week of July for second term and full session courses.

(3) Law Students:

a. Reexaminations shall be taken only in June except under the circumstances as described in b. below. The deadline for application is May 29.

b. Where a student fails one course in the First Term of their final year, the student may write one reexamination at a time before June, provided that the student attains a GPA of no less than 5.0, calculated on the basis of final grades obtained in First Term. The deadline for application is February 2. The rules governing the times for setting of deferred examinations in §23.5.6(2) shall apply to reexaminations written in accordance with this section.

23.6 Academic Standing

The term "academic standing" comprises such matters as continuation in a program, graduation, and the requirement for a student to withdraw. Unless stated otherwise, changes to academic standing regulations affect new students, continuing students, and students readmitted to a program or Faculty. Students should refer annually to the Calendar for the academic standing regulations governing their degree programs.
General Faculties Council has provided the following common academic standing categories and graduation standards for students registered in general (not honors or specialization) programs. Academic standing regulations for individual programs are given in the Faculty’s description of that program – all students should consult the listing for their own program. Individual Faculties may determine the frequency and timing of academic standing reviews.

23.6.1 Common Academic Standing Categories for General Programs

(1) First-Class Standing: First-class standing in a given year shall be awarded to any undergraduate student who obtains a grade point average of not less than 7.5 while enrolled in a full, normal, academic course load in that year; the definition of a full normal academic course load shall be left to the Faculty concerned.

(2) Promotion: Subject to the control of General Faculties Council, promotion regulations are set by the Faculties of the University. Details will be found in the individual Faculty Regulations sections of this Calendar.

(3) Academic Probation: A status assigned by a Faculty to those who have been admitted (or permitted to continue) on a probationary basis, because their previous academic record is either deficient in some respect or below the standard ordinarily required. This status may be assigned to students whose previous educational attainment may be difficult to assess (e.g., refugees lacking academic records). Academic probation sometimes involves a recommended reduction of student load and interviews for diagnosis of difficulties and for review of progress. Usually the student is required to make specific improvement in his or her record or incur academic dismissal. Normally, if any such students fail to meet the conditions stipulated within the time limit imposed, they will not be allowed to proceed further in the program.

Students who have been admitted to the University with a weak matriculation record may be warned of the fact at the beginning of their first session.

(4) Satisfactory Standing: This standing is given to a student who achieves an average of 5.0 or above and normally indicates that the student is eligible to continue.

(5) Marginal Standing: At the discretion of a Faculty this standing may be given to a student who has achieved an average of 4.5 to 4.9 as an academic warning. The Faculty may require certain specified performance from the student to maintain eligibility in the program.

(6) Unsatisfactory Standing: a. Unsatisfactory standing will normally be awarded to a student who achieves an average of 4.4 or below.
   b. The records of all students are reviewed at the end of each session. Students whose records are found to be unsatisfactory will be notified by their dean and may be referred to Student Counselling Services for counselling. Students whose records are unsatisfactory may be required to withdraw.
   c. Students who have been required to withdraw must apply for readmission to the dean of the Faculty in which they propose to register. The requirements for these students are set out in §14.2.1(3).
   d. Students who have previously been required to withdraw from another postsecondary institution and who wish to apply to the University of Alberta must satisfy the requirements set out in §14.2.1(3).

Note: Averages in this section may be calculated as a Winter Session grade point average or as a cumulative grade point average depending upon Faculty regulations. Students must consult the appropriate individual Faculty sections of the Calendar for specific requirements. Rounding rules will apply see §23.4(7).

23.6.2 University Graduating Standards

(1) Common Graduation GPA: For students in general programs (i.e., other than honors or specialization) the normal minimum graduation grade point average is 5.0.

(2) Degrees with Honors: A student in the Faculty of Arts or Science with approved qualifications may be admitted to the degree of Bachelor of Arts or Bachelor of Science with Honors by following a more concentrated course of study in a special field under the supervision of one or more of the departments. The time required for an honors degree is normally four consecutive years. Degrees with Honors are awarded in two classes: First Class Honors, and Honors, in accordance with the requirements of the Faculty and department concerned.

(3) Degrees with Distinction: At the discretion of the Faculty concerned, the notation “With Distinction” is inscribed on the permanent record and graduation parchment of a candidate for any degree, except an honors or graduate degree, if the candidate has obtained a grade-point average of 7.5 or higher over the last two years of the program.

23.6.3 Scholarly Standing and Extracurricular Activities

Every student, prior to accepting nomination for any position on the Executive Committee of the Students’ Union or as the Board of Governors representative, shall be required to obtain a statement of academic eligibility from the dean of his or her Faculty. This statement shall be filed with his or her nomination papers.

To be eligible (1) to represent the University in any competition with outside organizations, (2) to participate in noncompetitive University activities which are open to the general public, or (3) to be eligible to hold office in a recognized student organization, a student must be a registered student taking at least one course for credit during each term and must meet the requirements of satisfactory scholastic standing as defined by the Faculty.

23.7 Graduation

On the recommendation of the Faculty Councils, degrees are conferred by the Chancellor of the University at a Convocation of the faculty, alumni, graduands, and their guests. Convocations for the conferring of degrees are normally held in early June and mid-November of each year.

Upon completion of all requirements in the program, undergraduate students wishing to receive a University of Alberta degree must submit an Application for Readmission or On-Campus Transfer form along with the required application fee, in order for the conferring of the degree to be considered. Similarly, in the case where a student is applying for a degree which differs from the program in which he or she was last or currently registered, an Application for Readmission or On-Campus Transfer form and fee is also required in order for the conferring of the degree to be considered. In both cases, students should note the regulations in §23.1.2 as they will be obligated to meet degree program requirements in effect at the time of readmission or transfer to the new program before the degree will be conferred.

23.8 Appeals and Grievances

General Faculties Council (GFC) is the university governing body which has statutory authority over academic matters and student affairs.

23.8.1 Academic Appeals

GFC has instructed each Faculty to publish in its section of the Calendar the regulations which affect a student’s academic standing, a notice that such decisions are appealable, and information as to where the Faculty-level appeal regulations may be obtained.

Decisions about a student’s academic standing are first appealable at the Faculty level, and students should check the Faculty section of this Calendar in order to learn where to obtain their Faculty’s appeal regulations.

Decision of Faculties concerning a student’s academic standing are appealable to General Faculties Council, which has established an Academic Appeals Committee. GFC has delegated to this committee authority to hear appeals from students against Faculty decisions which affect their academic standing. The complete regulations of the GFC Academic Appeals Committee may be obtained from the Secretary to General Faculties Council. These regulations state that an appeal may be made only on the basis that there has been a miscarriage of justice. Students are also required to exhaust the provisions for appeal at the Faculty level before taking an appeal to the GFC Academic Appeals Committee.

In addition, the GFC Academic Appeals Committee is not authorized to hear a number of matters, including an appeal from a decision respecting a mark or a grade in an individual course, from an examination decision made in the Faculty of Graduate Studies and Research, from a decision to refuse admission to a Faculty, or a decision relating to credit for courses taken or to be taken outside the University of Alberta.
For further information regarding the appeal procedures at the Faculty level, including deadlines for filing an appeal, students should seek the advice of their Dean and should obtain a copy of the Faculty appeal regulations. Students who have been unsuccessful in appealing at the Faculty level will be notified by the Dean’s Office of the right to appeal to the GFC Academic Appeals Committee and will be provided with other related information. Students who wish to appeal to the GFC Academic Appeals Committee must obtain the complete regulations and consult with the Secretary to General Faculties Council in order to learn the procedures to be followed and the deadlines to be met.

23.8.2 Grievances Concerning Grades

The assignment of marks and grades is the initial responsibility of a course instructor. Any grievances concerning grades should first be discussed with the instructor. If the problem is not resolved, the student is encouraged to talk with the Chair of the Department where the course is taught, and then with the Dean of the Faculty where the course is taught. This informal process is meant to precede and to avoid formal appeal, but does not preclude formal appeal to the Faculty Council. Students should contact their Faculty Office for complete grade appeal procedures and deadlines in order to learn the procedures which must be followed and the deadlines to be met. Students who are unsure of the validity of their grievance should contact the Student Advisor in the Dean of Students’ Office.

23.9 Student Records

23.9.1 Contents of Files

(1) Only letters and documents pertinent to a student’s admission and academic record may be kept in the official files of the Registrar, the Deans, and the Department Chair.

(2) Application for Admission forms of any Faculty requiring letters of reference must contain a statement to the effect that the Faculty reserves the right to solicit information from persons other than those named by the applicant as referees provided the student is advised of the names or the offices consulted as additional referees.

23.9.2 Transcripts

(1) Students are responsible for ensuring the accuracy and completeness of their official record at the end of each session that they attend by verifying their Statement of Results and the copy of their transcript provided during Winter Session registration and at convocation. Students should be aware that only the official transcript is retained permanently and that source documentation (the student file in the Registrar’s Office), is destroyed seven years after the last registration. Queries regarding errors or omissions on the official transcript must be made as soon as possible, and will not be considered after the source documentation has been destroyed.

(2) Official transcripts of a student’s academic record are issued by the Office of the Registrar and Student Awards upon written request of the student. Transcript request forms are available at the Student Access Centre, main floor, Administration Building. Transcripts are issued to the student personally or to whomever the student designates. An official transcript bears the signature of the Registrar or designee and the official seal of the University.

(3) The University of Alberta transcript includes the following information for each student record:
   a. student name
   b. student previous name(s)
   c. student ID number
   d. student birthdate
   e. date of issue of transcript
   f. degrees and awards granted
   g. admission status and basis of admission
   h. credit granted from other institutions or programs
   i. Faculty and degree program of registration
   j. course information, including for each course: session and term, course name, number, title, grade, course weight, course units (Engineering students), grade points, hours of instruction index, class average and class enrolment
   k. total weights and grade points used to calculate GPA
   l. grade point average calculation
   m. comments pertaining to academic standing in the program
   n. withdrawal date, if appropriate
   o. disciplinary record of suspension or expulsion, if appropriate

(4) For further information regarding grades or GPA, refer to §23.4, Evaluation Procedures and Grading System.

(5) Units of Course Weight: Course weight is assigned for the purpose of calculating a weighted (grade point) average. Normally a full-course carries a weight of 3.0 and includes three hours of lecture per week for the entire session; a half-course carries a weight of 1.5 and includes three hours of lecture per week for one term.

(6) Course Hours of Instruction Index: The Hours of Instruction Index is a weighted value based on the number of instruction hours per week as follows: total hours per week of lecture plus half the hours per week of all other types of instruction. For example, a full course with three hours per week of lecture and three hours per week of seminar for two terms would have an hours of instruction index of 9.0. A course weight of 6.0 may be considered as equal to six semester-hours or nine quarter hours.

(7) Units: Units are used only for students in undergraduate programs in the Faculty of Engineering. Units are normally calculated in the same manner as the Hours of Instruction Index for courses offered by Engineering and for required courses offered by other Faculties; for other courses, the unit value of a course is normally the same as the units of course weight.

(8) Grade Points: Grade points for undergraduate students are calculated by multiplying the course grade by the units of course weight, or the course grade by the course unit value for undergraduate Engineering students. Grades, weights, and grade points not used in the calculation of the GPA are so indicated by brackets on the transcript.

23.9.3 Registration Deadlines Implication for Records

(1) In Winter Session students have five class days following the commencement of classes in the term in which to make changes to their registration without penalty. Courses dropped during this period are deleted entirely from a student’s record. Course withdrawals following this period and up to the last day for withdrawing from courses for that term result in a grade of W (withdrawn) being recorded on a student’s record. Grades of W are not included in the calculation of the Grade Point Average (GPA).

(2) Courses which are dropped following the deadline for the last day for withdrawing from courses for that term result in a grade of WF (withdrawn failing) being assigned for the course(s) by the student’s Faculty. Grades of WF are counted as unearned grades of 1.0 in the computation of the GPA on the transcript.

(3) Pass/Fail (Credit/No Credit) courses which are dropped following the deadline for the last day for withdrawing from courses for that term result in a grade of F (fail) being assigned for the course(s) by the student’s Faculty. Grades of F are not included in the calculation of GPA.

(4) When a student withdraws from one or more courses after the first week of classes, fees will be reassessed on a per course basis with the fee for each dropped course prorated in accordance with the formula noted in §22.2.7 of this Calendar. Students who register and then cease to attend, or never attend, without submitting an approved Withdrawal Form will not be eligible for any refund of fees nor will they be exempt from paying assessed fees that are unpaid.

(5) §11 (Academic Schedule) of this Calendar contains the specific dates for the change of registration and course withdrawal dates noted above.

23.9.4 Student Files

(1) Unofficial copies of the student’s academic record are issued in the form of a sessional Statement of Results to the student; to the student’s Dean, and to the Chair of the Department or designee, in the case of a student registered in a specialized, honors or graduate program. An unofficial transcript or copy of the student’s academic record bears neither an original signature nor the University seal.

(2) Unofficial copies of the student’s academic record may be issued to the following at their request: the Dean of a Faculty to which a student wishes to transfer; Student Counselling Services, when a student has been referred for counselling by an authorized officer of the University; and the Student Awards Office, where an award made through a University scholarship committee is involved, on the understanding that information regarding the student’s academic record will not be furnished to the scholarship donor without the student’s consent.

(3) Unofficial copies may be issued at the student’s request to other offices or individuals in the University.
Public information regarding students, such as dates of attendance, place and date of birth, city and home address, verification of degree, or degrees awarded may be issued at the discretion of the authorized officer of the University to educational institutions, appropriate government agencies, prospective employers, and scholarship donors.

Academic and disciplinary records are separate. The only disciplinary action that will be documented on a student’s academic record is one involving the student’s suspension or expulsion from the University. These records will be kept by only one official disciplinary record. Discipline records are kept by the Appeals Coordinator. The only persons having access to such records will be those directly concerned with the action.

Where access to academic records is sought for the purpose of statistical research, such access may be granted by the Executive Committee of General Faculties Council on such terms as may be necessary to ensure the confidentiality of individual records. Research on student records will be defined as not being within the normal administrative operation of the University. In case of doubt as to what may fall within “the normal administrative operation of the University,” the GFC Executive Committee will decide.

Where information is sought for the purpose of biographical research, it may be released at the discretion of the Registrar, subject to the following conditions:

a. for records less than 50 years old, the researcher must provide a release from the student or estate, or receive permission to obtain the information from the Executive Committee of GFC;

b. for records more than 50 years old the Registrar will, at his discretion, provide the information;

c. the researcher will not be permitted direct access to records, but must submit requests for specific information;

d. decisions made by the Registrar may be appealed to the Executive Committee of GFC.

(8) Upon request, a student shall have access to any document other than confidential material, within an official file bearing the student’s name. Confidential material is that solicited or released by the student (e.g., letters of reference provided to an Admissions Committee are confidential).

Letters of Reference and Records

The contents of letters of reference regarding a student will not be revealed to the student without the permission of the referee. Letters of reference will be used only for the express purpose for which they have been supplied unless the permission of the referees and the student concerned has been given for other purposes.

Where students have gone on their own initiative as a patient to University Health Service, or as a client to Student Counselling Services, the contents of their files are private, in accordance with professional ethics or codes of behavior.

Where a student has been referred by an authorized officer of the University to the University Health Service or to the Student Counselling Services, the consultant’s opinion will be reported to the authorized officer if the student gives written permission to do so. Such written permission shall be granted when the student signs a release form, the nature of which will be determined by the Service in question. The nature and content of any report provided by the consultant will be determined by the ethics and codes of behavior of the consultant’s profession. If the student authorizes the consultant to release a report, the consultant may, at his or her discretion, discuss the contents of the report with the student.

Confidential information regarding a student’s record may be divulged by a Faculty member or authorized officer of the University to institutions, agencies or prospective employers only with the student’s knowledge and consent. A Faculty member, when called upon to do so, may use discretion in expressing an opinion to such institutions, agencies or prospective employers concerning a student’s academic ability, character and personality. However, a record of the opinion so expressed will not become part of the student’s file.

Exclusions to Stated Policy

Students who object to the release of information regarding their academic record in accordance with the policy stated above should notify the Registrar in writing, giving their specific objections. Appropriate action will be taken by the Registrar, who will so advise the student.

Withholding of University Documents and Denial of Registration

In any case where a student has neglected or refused to pay amounts owed to the University, the Registrar has been empowered and directed by the Board of Governors to deny or terminate registration and withhold student examination results, or other indicators of academic attainment, until the student has settled the account with the University or has made arrangements satisfactory to the University to do so. For example, certification with respect to the student’s academic attainment (such as the degree parchment, transcript, or statement of grades) may be withheld or registration denied if the student owes the University for library penalties or fines; for purchases at the University Bookstore; for parking or traffic violations; for breakage or damage to laboratory facilities or supplies; for student fees and University of Alberta Emergency Student Loans; for room and board fees; for fees for reexamination or deferred final examinations; or for fines imposed by the Discipline Officer or the University Appeal Board.

25.2.3 Student OmbudService

Caught up in red tape? The primary role of the OmbudService is to ensure that students receive fair and equitable treatment within the University and the Student's Union. We provide an excellent starting point for members of the University community who are unsure of the precise nature of their problem or complaint, or of the best way to handle it.

There are four main functions of the Student OmbudService:

1. **Information Source:** We collect information on regulations and policies not readily accessible to students and assist in the use and interpretation of appeal procedures.
2. **Referral Service:** The majority of problems students encounter can be handled through informal channels - including professors, academic advisors, department heads, and deans. If a particular area of responsibility is not clear or a student has a concern about pursuing these informal channels, we can help determine alternative courses of action.
3. **Facilitator:** When necessary, we can facilitate communication or attend meetings between students and University staff in an attempt to resolve disputes.
4. **Prescriptive Role:** The OmbudService can make recommendations in specific cases and, where appropriate, recommend general changes in structures and procedures affecting students. By monitoring both systemic discrepancies in policy and their effects on individual students, we attempt to stimulate discussion of wider institutional issues.

Code of Student Behavior

26.1 Individual Students

26.1.1 Introduction and Definitions

The University is defined by tradition as a community of people dedicated to the pursuit of truth and advancement of knowledge, and as a place where there is freedom to teach, freedom to engage in research, freedom to create, freedom to learn, freedom to study, freedom to speak, freedom to associate, freedom to write and to publish, and a concomitant obligation to respect these freedoms when they are exercised by others.

The Code of Student Behavior is separated into three parts: the first section (§26.1) deals with offences, penalties, discipline and appeals of individual students; the second section (§26.2) deals with offences, penalties, discipline, and appeals of student groups; and the third section (§26.3) defines additional regulations and requirements currently mandated by the Code.

The offences listed below describe, in general terms, behaviours which if left unchecked would, to an unacceptable degree, infringe upon the freedoms described above and thus threaten the proper functioning of the University.

Nothing in this Code shall be interpreted in such a way as to prohibit the activities or to violate the principles which are set out in the first paragraph of this Section.

Nothing in this Code shall prevent the University from referring an individual matter to the appropriate law enforcement agency should such action be considered necessary.

Sources of on-campus assistance about the discipline process include the Appeals Coordinator, the Dean of Students, the Information Officer on Appeals and Grievances, the Student Advisor, Student Legal Services and the Student Ombuds.

(14) Alcohol Provision and Consumption: No student shall violate the “Regulations Concerning Alcohol Provision and Consumption,” as set out in §26.3.3.
26.1.4 Academic Offences

The integrity of University life and of the degrees the University confers is dependent upon the honesty and soundness of the teacher-student learning relationship and, as well, that of the evaluation process. Conduct by any member of the University community that adversely affects this relationship or process must, therefore, be considered a serious offence. In order to protect the integrity of the degrees conferred by the University, the University may suspend or rescind any degree awarded to any graduate who, during the application process or while registered in a program or in a particular course in a program, committed any academic offence which, if it had been detected before the granting of the degree, would have resulted in a penalty sufficiently severe that the degree would not have been granted.

1) Aiding and Abetting: No student shall knowingly aid or assist another student in the commission of any academic offence listed below.

2) Plagiarism: No student shall submit the words, ideas, images, or data of another person as the student’s own in any academic writing, essay, thesis, research project or assignment in a course or program of study.

3) Cheating: No student shall:
   a. in the course of an examination, obtain or attempt to obtain information from another student or other unauthorized source or give or attempt to give information to another student, or knowingly possess, use or attempt to use any unauthorized material;
   b. represent or attempt to represent oneself as another or have or attempt to have oneself represented by another in the taking of an examination, preparation of a paper or other similar activity;
   c. submit in any course or program of study, without the written approval of the course instructor, all or a substantial portion of any academic writing, essay, thesis, research report, project or assignment for which credit has previously been obtained by the student or which has been or is being submitted by the student in another course or program of study in the University or elsewhere;
   d. submit in any course or program of study any academic writing, essay, thesis, research report, project or assignment containing a statement of fact known by the student to be false or a reference to a source which reference or source has been fabricatad.

4) Confidential Materials: It shall be an offence to knowingly procure, distribute or receive any confidential academic material such as pending examinations or laboratory results from any source without prior and express consent of the instructor.

5) Misrepresentation of Facts: It shall be an offence to knowingly misrepresent material facts to another for the purpose of obtaining academic advantage or credit.

6) Research and Scholarship Misconduct: No student shall violate the University of Alberta Research and Scholarship Integrity Policy, as set out in Section 96.2 of the GPC Policy Manual, or any other University regulation concerning academic matters.

7) Specific Faculty Offences: Faculties and administrative units will be required to define and publicize any academic or non-academic offences which may be unique to their Faculty or area, together with attendant penalties, both of which must be filed with and approved by the Campus Law Review Committee.

Such offences and penalties will be considered by the Campus Law Review Committee and, if approved by the Campus Law Review Committee and General Faculties Council, will be added to the list of offences and penalties. This list will be incorporated in an official appendix to the Code of Student Behavior and will have the same force and effect as if part of the Code. Where there is a difference of view as to the nature of the offence, the determination as to whether or not an offence under this Section is to be treated as an academic or non-academic offence shall rest with the Appeals Coordinator who shall consult with the Faculty and/or the Director of Campus Security Services.

a. Offences Specific to the Faculty of Medicine and Oral Health Sciences:
   1) A student enrolled in the Faculty of Medicine and Oral Health Sciences, in all matters related to the treatment of patients, is bound by the Professional Code of Ethics governing the profession, namely the Canadian Medical Association for medicine and the Canadian Dental Association for dentistry and dental hygiene, and the Canadian Society of Medical Laboratory Technologists for medical laboratory science. A medical, dentistry, dental hygiene, or medical laboratory science student (undergraduate, postgraduate or graduate) who contravenes this Code in the practice of the discipline commits an offence under the Code of Student Behavior when, at the time of the alleged offence, the student was involved in clinical training in one of the Faculty clinics, the hospital, a satellite clinic or in a private office.

2) In addition to the academic offences listed in §26.1.4 the following offences will be deemed gross professional misconduct and will be appropriately penalized:
   i. all attempts at deliberately falsifying patient records including forging instructor signatures;
   ii. falsifying financial records related to patient treatment procedures,
   iii. misrepresenting patient treatment to third party insurance carriers,
   iv. careless or negligent behavior resulting in unnecessary physical and/or mental harm to patients,
   v. representing one’s education, qualifications or competence in a way that is false or misleading.

3) The penalties for gross professional misconduct and the procedures followed will be those defined for academic offences in the Code of Student Behavior. (See §§26.1.5 (1) for penalties and §§26.1.8 and 26.1.9 for discipline and appeal procedures for academic offences.)

4) Where proceedings have been instituted against a student under the Code of Student Behavior and separate proceedings are commenced against the same student relating to the same cause or matter under the Professional Code of Ethics, the Dean may stay proceedings under the Code of Student Behavior pending the outcome of the proceedings brought pursuant to the Professional Code of Ethics.

5) The responsibility of each medicine, dentistry, dental hygiene, and medical laboratory science student to obtain, and be familiar with, the Professional Code of Ethics relevant to their discipline, and all amendments thereto as may be made from time to time.

b. Offences Specific to the Faculty of Education:

   Students in the Faculty of Education engaged in Practice Teaching or other similar field work related to a course of study in the Faculty are expected to observe the Code of Professional Conduct of the Alberta Teachers’ Association, save only for the special relationship which must exist between the students and their Faculty advisors. (In jurisdictions other than Alberta, the relevant teachers’ Code of Professional Conduct will apply.)

   1) It shall be the responsibility of Faculty of Education students to obtain, and be familiar with, the Code of Professional Conduct relevant to their profession.

   2) Students enrolled in the Faculty of Education who contravene the relevant Professional Code of Conduct or commit an offence that will be dealt with under the Code of Student Behavior when, at the time of the alleged offence, the students were involved in fieldwork, practicum, student teaching, clinical practice, internship, or other similar work related to a course of study in the Faculty of Education.

   c. Offences Specific to the Faculty of Rehabilitation Medicine:

   1) All students enrolled in the Faculty of Rehabilitation Medicine are bound by, and shall comply with, the Professional Code of Ethics governing the profession and practice of their discipline.

   2) “Professional Code of Ethics” means all provincial and federal Codes of Ethics governing the profession or practice of occupational therapists, physical therapists, and prosthetics/orthotics, speech pathology and audiology, as the case may be.

   3) A student enrolled in the Faculty of Rehabilitation Medicine who contravenes the Professional Code of Ethics governing the profession or practice of their discipline commits an offence under the Code of Student Behavior when, at the time of the alleged offence, the student was involved in fieldwork, apprenticeship, clinical training, or other similar work related to a course of study in the Faculty of Rehabilitation Medicine.

   4) Where proceedings have been initiated against a student under the Code and separate proceedings are commenced against the same student relating to the same cause or matter under the Professional Code of Ethics, the Dean may stay proceedings under the Code pending the outcome of the proceedings brought pursuant to the Professional Code of Ethics.

   5) It shall be the responsibility of each Rehabilitation Medicine student to obtain, and be familiar with, the Professional Code of Ethics relevant to their discipline, and all amendments thereto as may be made from time to time.
26.1.5 Penalties

(1) In the case of a breach of the Code of Student Behavior penalties may be imposed as follows: at the discretion of the Discipline Officer or the University Appeal Board for non-academic offences; and at the discretion of the Dean, the Discipline Officer or the University Appeal Board for academic offences.

a. Non-academic offences
   1) Expulsion
   2) Suspension
   3) A fine of not more than $500
   4) Restitution
   5) Conduct probation
   6) Written reprimand
   7) Exclusion from specified areas of the University.

b. Academic offences
   1) Expulsion
   2) Suspension
   3) Mark reduction on the assignment or examination
   4) Reduction in the final course grade
   5) A grade of F in a credit/no credit course and 1F for a graded course
   6) Conduct probation
   7) Written reprimand
   8) Suspend any degree already awarded
   9) Rescind any degree already awarded

(2) Grade reductions resulting from disciplinary decisions shall be calculated into the student’s GPA. Mark reductions, grades of F/1F and reductions in final course grades may result in the student being required to withdraw from the student’s program. The University recognizes the differential effects such penalties may have on students in different Faculties. Appeals from disciplinary decisions which also affect a student’s academic standing lie with the University Appeal Board. See §26.1.9

(3) Where the penalty of suspension or expulsion has been imposed, and unless the Discipline Officer or the University Appeal Board otherwise stipulate, the effective date for the commencement of the suspension or expulsion shall normally be the date upon which the Appeals Coordinator informs the student that the student has been suspended or expelled. Such notification may be hand-delivered or sent by mail. When sent by outside mail, it shall be sent by double registered mail or, at the discretion of the Appeals Coordinator, by courier to the address which has been provided to the University or to the Appeals Coordinator. Notice may be deemed to have been effected one week following mailing to the last known address.

(4) In determining both the length and/or the effective date of the penalty, the Discipline Officer or the University Appeal Board shall take into account the impact on the student’s academic program and record.

(5) A student shall receive credit for any course passed by the effective date of the suspension or expulsion. (See also §26.1.9(2)(c)(9).)

(6) Withdrawals resulting from suspension or expulsion decisions will result in grades of "W" which will remain part of the student’s permanent academic record.

26.1.6 Exclusion

Note: In these regulations the term ‘class’ refers to a period of instruction such as a lecture, a laboratory, a seminar, a tutorial, etc.

(1) Exclusion from Class for Disruptive Behavior:
   a. Exclusion from Class by an Instructor:
      1) When a student disturbs, disrupts, or otherwise interferes with classroom activities, the instructor may immediately exclude the student from the course for a particular class and may also exclude the student from the next subsequent class in that course. In total, exclusion under this clause shall not exceed three hours of class time.
      2) If the behavior persists when the student is re-admitted to class, the instructor may again immediately exclude the student from the class and must lay a charge against the student under §26.1.3(1) of the Code of Student Behavior. The student’s exclusion from class will be in effect until a final decision is reached by the Discipline Officer or by the University Appeal Board. If a student is re-instated by a decision of the Discipline Officer or by the University Appeal Board, such decision shall not invalidate the prior action of the lecturer. The Department Chair shall, however, ensure that every effort is made to make up the student’s lost class time, but the University shall not be held legally responsible for any lost class time.
   b. Exclusion from Class by a Dean:
      1) If the Dean of a Faculty where a course is taught is of the opinion that the disruptive behavior of a student does or may detrimentally affect more than one course, then the Dean may exclude a student from specified courses in that Faculty for up to five classes. In total, exclusion under this clause shall not exceed 7.5 hours of class time per course.
      2) A student may appeal the Dean’s decision to the University Appeal Board. Notwithstanding time limits specified in the Code of Student Behavior, the University Appeal Board shall be scheduled to meet within fourteen (14) calendar days after the appeal has been lodged.
      3) If a student is re-instated by the University Appeal Board, such decision shall not invalidate the prior action of the Dean. The Department Chair shall, however, ensure that every effort is made to make up the student’s lost class time, but the University shall not be held responsible for any lost class time.

(2) Apprehended Danger and Mandatory Exclusion from the University
   a. Responsibilities of the Faculty Deans and the Discipline Officer:
      1) When the Dean of a Faculty in which a student is enrolled is of the opinion that the continued presence of the student on campus or in a University-sponsored activity off-campus constitutes a danger to that student or to other people or property, the Dean may decide that the student be excluded from the University immediately.

      The Discipline Officer is also empowered to act under the above provision and will consult with the Dean of the student’s Faculty at all stages; therefore, in §26.1.6, whenever “a Dean” or “the Dean” is mentioned, these references may refer either to the Dean of a Faculty in which the student is enrolled or to the Discipline Officer.

      2) In addition to any verbal communication, the decision of the Dean shall be formally communicated to the student in writing together with reasons for the decision and conditions which must be met by the student before return to campus will be permitted. The Dean shall inform the student that there is a 15-calendar-day deadline, from the date of receipt of the Dean’s letter, to lodge an appeal and the Dean must provide the student with the appeal regulations.

      Any notices sent by the Dean shall be hand-delivered at the soonest opportunity by Campus Security Services to the address which has been provided to the University or to the Appeals Coordinator.

      4) The Dean is required to notify the following persons of the mandatory exclusion: the Registrar, the Dean of Students, other Deans affected, the Director of Campus Security Services, the Appeals Coordinator, the Discipline Officer, the student’s course instructors, and, where appropriate, the Director of Housing and Food Services.

      5) Any reflection of the decision on the student’s official record (transcript) will be in accordance with regular procedures governing illness, e.g. students who are excluded for a short interval may apply for a deferred examination (see §23.5.8). Pursuant to arrangements between the student’s Faculty and the Registrar, students who are excluded for a lengthy interval may be withdrawn from courses on their current registration without penalty.

      6) When it appears that a Dean may take action under this delegated authority, every effort will be made to offer the student advice, or alternatively, the student will be referred to the appropriate area in the Office of the Dean of Students.

b. Appeal Provisions:
   1) The student may appeal the Dean’s decision to the University Appeal Board according to the procedures set out below. The student shall not be permitted on campus for any purpose without the Dean’s prior written approval until an appeal is heard and a decision rendered.
   2) Students who are excluded under this provision may only be reinstated at the University with the written permission of the Dean of the Faculty in which they are enrolled and the written permission of the Dean of the Faculty they wish to enter.
26.1.7 Students’ Records and Transcripts

(1) Suspension or Expulsion from the University
Suspension imposed for disciplinary reasons shall appear on student records and transcripts until the suspension is lifted. In the case of expulsion, an entry shall appear on student records and transcripts permanently or until such time as the student is re-admitted to the University.

Where the date for commencement of the suspension or expulsion appears on the student records and transcripts, that date shall be determined in accordance with §§26.1.5(3) and 26.1.5(4).

Withdrawals resulting from suspension or expulsion decisions will result in grades of "W" which will remain part of the permanent academic record.

(2) Suspension of a Degree
Upon suspension of a degree the original award will be removed from the student transcript and the transcript will show that the degree has been suspended until the student meets the requirements of the University to clear the suspension.

If, at the end of the time specified by the disciplinary ruling, the student has met the requirements of the Discipline Officer or the University Appeal Board to clear the suspension, the original award will be re-added to the transcript with the original date. The record of the suspension will be removed from the transcript.

If, at the end of the time specified by the discipline ruling, the student has not met the requirements of the Discipline Officer or the University Appeal Board to clear the suspension, the record of the suspension will be removed, and the original award will remain permanently deleted from the transcript.

(3) Rescission of a Degree
Upon rescinding a degree the original award will be permanently deleted from the transcript. The transcript will indicate that the degree has been rescinded.

26.1.8 The Discipline Process

The following are the procedures to be followed in the cases of allegations of academic and non-academic offences. However, these procedures do not preclude students being charged with offences defined in some other relevant regulations or jurisdictions. Formal procedures described below are to be utilized when less formal conciliatory measures prove ineffective.

Note: For a list of on-campus sources of assistance about the discipline process, see §26.1.1.

(1) Initiation and Conduct of Proceedings for Non-academic Offences:

a. Any person who has reason to believe that a student is guilty of a non-academic offence as described in §26.1.3 may initiate proceedings against the student.

b. Where a person has reason to believe that a student has committed a non-academic offence that person may, by a signed statement (the complaint) delivered to the Director of Campus Security Services, request an investigation of the complaint. In the course of this investigation, the Director may consult the Appeals Coordinator.

c. The complaint shall be a detailed written description of the incident. This shall include the time and place, person or persons involved, and all relevant information concerning the incident.

d. The Director of Campus Security Services may decline to proceed with a complaint under the following circumstances:

1) Where the complaint is primarily concerned with regulations of another official University organization, and the Director of Campus Security Services believes that the complaint should be dealt with in accordance with procedures established by that organization.

2) Where the Director of Campus Security Services believes that

3) Where the Director of Campus Security Services believes the complaint to be scandalous, frivolous or vexatious.

4) Where an unreasonable time has elapsed since the incident.

5) Where the offence should be referred to the police or appropriate public authorities.

Where the Director of Campus Security Services has declined to proceed with a complaint, the Complainant must be so notified and the reasons given. The person complaining may then appeal the Director of Campus Security Services’ decision to the Appeals Coordinator.

e. Should the Director of Campus Security Services or Discipline Officer identify a possible conflict of interest involving the Discipline Officer (e.g. the Complainant is the Discipline Officer or an employee reporting directly to the Discipline Officer), the Director of Campus Security Services or the Discipline Officer is authorized to forward a report and recommendation to the Vice-President (Academic) or delegate who will act for the Discipline Officer, in accordance with the following procedures.

f. Having decided to proceed with the complaint, the Director of Campus Security Services shall conduct an investigation and, if disciplinary measures are believed to be warranted, shall forward to the Discipline Officer the results of the investigation along with a recommendation as to an appropriate penalty.

g. The Discipline Officer shall meet with the alleged offender, review the matter and determine if the facts as disclosed by the Complainant are in dispute. In the event that the alleged offender refuses to meet with the Discipline Officer, a decision and a penalty shall be arrived at taking into account whatever evidence is available.

1) Where the facts are determined not to be in dispute, the Discipline Officer may impose one or more of the penalties listed in §26.1.5(1a).

2) Where the facts are in dispute, the Discipline Officer will review the matter further by talking with all parties involved, and may either dismiss the charges or impose one or more of the penalties listed in §26.1.5(1a). In the event that the alleged offender refuses to meet with the Discipline Officer to discuss the matter further, a decision and penalty shall be arrived at taking into account whatever evidence is available.

3) Where the matter is considered by the Dean, the Dean may take into account the disciplinary record, if any, of the student against whom the complaint is made.

(2) Initiation and Conduct of Proceedings for Academic Offences:

a. Any person who has reason to believe that a student is guilty of an academic offence may initiate proceedings against the student.

b. 1) Where a person has reason to believe that a student has committed an academic offence in a particular course or program, that person may communicate the particulars of the time and place of the alleged offence and provide to the student’s instructor a brief summary of the conduct alleged to have been committed by the student. In cases where the alleged academic offence does not involve a specific course or program, the allegation of academic wrongdoing should be directed to the Dean of the student’s Faculty. Where the matter is considered by the Dean, the Dean shall have the same powers and duties as the instructor.

Where a student is charged with the academic offence of research and scholarship misconduct, the special requirements for communication and documentation imposed by Section 96.2 of the GPC Policy Manual shall constitute part of the procedures outlined below.

2) Where an instructor or Dean initiates the complaint, that person must prepare a written summary of the conduct leading to the offence alleged to have been committed by the student. The summary will form part of the documentation to be submitted to the Dean (§26.1.8(2)d).

3) Where a person has reason to believe that a degree which was previously awarded by the University of Alberta was granted or conferred without knowledge of an academic offence committed during the application process or in the program or a particular course in the program, that person may communicate a written summary of the time, place and alleged misconduct to the Dean of the Faculty which awarded the degree.

The instructor must discuss the alleged offence with the student. In the event that the alleged offender refuses to meet with the instructor to discuss the matter, the instructor shall proceed as outlined in §26.1.8(2)d.

Where the instructor has reason to believe that an offence has been committed, the instructor shall report the incident to the Dean and shall file with the Dean a statement in writing setting out:

1) a brief summary of the conduct alleged to constitute the offence, and

2) a statement that the instructor has complied with §26.1.8(2)c, and

3) a brief statement of any action taken by the instructor as a result of the incident.

Where the instructor feels a discipline penalty should be considered, the instructor may make that recommendation to the Dean, and may refer to one or more of the penalties listed in §26.1.5(1).b.

f. In reviewing the matter, the Dean shall disregard any previous disciplinary record. In arriving at a decision, the Dean shall first ensure the student has the opportunity to discuss the situation with the Dean. In the event that the alleged offender refuses to meet
with the Dean to discuss the matter further, a decision and penalty shall be arrived at taking into account whatever evidence is available.

g. Where the Dean is satisfied that an offence has been committed, and that a penalty is warranted, the Dean may elect to impose one or more of the penalties listed in §26.1.5(1)b., points 3 to 6, or recommend to the Discipline Officer that the student be suspended, for a specified period up to three years, or expelled.

In accordance with the provisions of §26.1.9(2)c point 9, the student shall not be barred from attending and participating in the course pending the outcome of a possible appeal of the penalty.

h. When considering what would be an appropriate penalty, the Dean may take into account the disciplinary record, if any, of the student against whom the complaint is made.

i. Where the Dean has decided to recommend to the Discipline Officer that the student be expelled or suspended, and where the student is in another Faculty, the Dean shall alert and consult with the Dean of the Faculty in which the student is registered in regard to the situation concerning the student. After making such enquiries as the Dean considers necessary, the Dean shall either revise the penalty or confirm and forward it to the Discipline Officer.

j. The Dean shall notify the student of any penalty imposed under §26.1.8(2)c. Such notification, including a letter of reprimand where applicable, shall be in writing and may be hand-delivered or shall be sent by double-registered mail or, at the discretion of the Appeals Coordinator by courier, to the address which has been provided to the University or to the Appeals Coordinator. Notice may be deemed to have been effected one week following mailing to the last known address.

k. Where the student is in another Faculty the Dean shall forward to the Dean of the Faculty in which the student is registered a written report of the incident and the action taken by the Dean, including a copy of the letter of reprimand, if applicable.

l. The notice of penalty shall also include notification of the right to appeal the penalty to the University Appeal Board (see §26.1.5(1)b. for appealable penalties) and that notice of appeal must be delivered to the Appeals Coordinator no later than fifteen (15) calendar days after receipt of the Dean’s notification.

m. In the case of a degree previously awarded:
   1) The Dean may seek the advice of the Chair of the Department which supervised the holder of the degree, and any other faculty as the Dean requires, to determine if there is sufficient reason or evidence for further investigation.
   2) The Dean may decline to proceed with a complaint, in which case the Dean shall so indicate to the initiator of the complaint and the matter will end.
   3) If the Dean decides further investigation is warranted, the Dean shall provide student with the details of the complaint and afford the student the opportunity to respond. The Dean will also consult with the appropriate instructor, Chair or Faculty committee.
   4) After this consultation, where the Dean has reason to believe that an academic offence did occur and that it was of sufficient importance that, had it been known at the time, the degree would not have been granted by the Faculty, the Dean may recommend to the Discipline Officer one of the following penalties: (1) suspend the degree pending successful completion by the student of the requirements of the Faculty to clear the suspension within the time specified by the Dean of the Faculty; or (2) rescind the degree. (See also §26.1.7, Students’ Records and Transcripts.)
   5) The Discipline Officer may recommend to the Vice-President (Academic) that the University publish notification of the rescinded degree. In the case of a professional degree this would include notification to the appropriate professional body. The Vice-President’s decision to act on this recommendation shall be deferred until an appeal is heard and decided.

n. Upon receiving a recommendation for expulsion or suspension, or for suspension or rescission of a degree, the Discipline Officer shall review the matter by talking with all parties involved, and may either dismiss the charges or impose one or more of the penalties listed in §26.1.5(1)b.. In reviewing the matter, the Discipline Officer shall disregard any previous disciplinary record. In the event that the alleged offender refuses to meet with the Discipline Officer to discuss the matter further, a decision and penalty shall be arrived at taking into account whatever evidence is available.

When considering what would be an appropriate penalty, the Discipline Officer may take into account the disciplinary record, if any, of the student against whom the complaint is made.

(3) Transmittal of the Decision of the Discipline Officer:

a. Having reached a decision, the Discipline Officer shall give a written report to the Appeals Coordinator. The report shall state what penalty, if any, is to be imposed upon the student, and the major circumstances taken into account in arriving at the decision.

b. Upon receipt of the above report, the Appeals Coordinator shall, in the case of a non-academic offence, send a copy of the written decision to the student, the Complainant, and the Director of Campus Security Services; in the case of an academic offence, a copy of the written decision shall be sent to the student, the Dean and, if appropriate, the Instructor.

c. If a penalty has been imposed, the Appeals Coordinator shall advise the student of the right to appeal and the time limit of that appeal and shall forward a copy of the Code of Student Behavior and of the Suggested Hearing Procedures of the University Appeal Board.

26.1.9 The Appeal Process

A student may appeal the decision of the Discipline Officer or the Dean. All appeals will be heard by the University Appeal Board whose decision will be final and binding.

Where an appeal involves a charge of research and scholarship misconduct, the special requirements for communication and documentation imposed by Section 96.2 of the GFC Policy Manual shall constitute part of the procedures outlined below.

(1) Initiation and Conduct of Appeals:

a. A student may appeal the decision of the Discipline Officer or the Dean by submitting a notice of appeal in writing to the Appeals Coordinator. Such notice must be received by the Coordinator no later than fifteen (15) calendar days after notification of the written decision of the Discipline Officer. At the discretion of the Appeals Coordinator, an appeal may be accepted after the expiry of the fifteen days. The appeal shall be based upon denial of the offence, and/or shall relate to the severity of the penalty.

b. If, in the case of an academic offence, the Dean has reason to be aggrieved by the decision and/or penalty of the Discipline Officer (§26.1.8(3)), the Dean may appeal the written decision by submitting a notice of appeal in writing to the Appeals Coordinator. Such notice must be received by the Appeals Coordinator no later than fifteen (15) calendar days after receipt of the Discipline Officer’s written decision. At the discretion of the Appeals Coordinator, an appeal may be accepted after the expiry of the 15 days.

c. The notice of appeal must be in writing, signed by the appellant, and must state the grounds of appeal. The appellant must immediately notify the Appeals Coordinator upon retaining legal counsel or an advisor.

d. The Appeals Coordinator shall notify both parties of the date, time and place of the appeal hearing, which shall be at least fourteen (14) calendar days but no more than forty-five (45) calendar days following the receipt of notice of appeal. Each party shall receive a copy of the submission made to the Appeal Board by the other party. Each party will receive the names of the Board members and notification that either party may challenge membership to the Appeals Coordinator. The Appeals Coordinator shall also provide the student with a list of on-campus sources of assistance.

e. The Appeals Coordinator shall constitute the University Appeal Board and provide its members with:
   1) the date, time and place of the Appeal Hearing,*
   2) the notice of appeal and any submission from the respondent, and
   3) the written report of the Discipline Officer.

   * In the case of an appeal against a mandatory exclusion from campus, parties involved will be given a maximum of one week’s notice by the Appeals Coordinator of the date, time, and place of the Appeal Hearing.

f. Notices may be hand-delivered or sent by mail. When sent by outside mail, they shall be sent by double registered mail or, at the discretion of the Appeals Coordinator, by courier, to the address which has been provided to the University or to the Appeals Coordinator. Notice may be deemed to have been effected one week following mailing to the last known address.

g. Upon receiving notice of appeal, the Appeals Coordinator, in cases of expulsion or suspension, or in cases of suspension or rescission of any degree, shall direct the Registrar to withhold degrees, certification of marks and/or transcripts of records pending the outcome of the appeal. Any other penalties imposed by the Discipline Officer shall be suspended upon receipt by the Appeals Coordinator of notice of appeal.
Establishment of the University Appeal Board:

a. General: The University Appeal Board, as designate of General Faculties Council and the Board of Governors, shall have authority to confirm, vary or quash penalties imposed under §26.1.5(1). Meetings of the University Appeal Board shall be scheduled as required to hear and determine appeals against disciplinary decisions of the Discipline Officer or the Dean.

b. Composition, Terms of Reference and Chair:

1) Regular Members: The University Appeal Board shall consist of the following regular members elected by GFC: three faculty members on post-appointment contracts or from Categories A1.1, A1.5, or their counterparts in A1.6*, one faculty member from the groups cited above to serve as Chair of a particular hearing selected from the Panel of Chairs described below; two full-time undergraduate students and one full-time graduate student. It would be desirable but not mandatory for the regular members to come from different Faculties.

Panel of Chairs: GFC shall elect a Panel of up to three faculty members on post-appointment contracts or from Categories A1.1, A1.5, or their counterparts in A1.6*. At least one of the Panel members shall have a law degree. The Panel members will serve for staggered terms of office of up to four years. In selecting members of the Panel, GFC will attempt to keep the membership of the UAB as broadly representative as possible of all Faculties given the available pool of candidates, but it will be permissible for any of the Panel members to come from one of the Faculties already represented by one of the four regular members.

The Appeals Coordinator will select, in rotation, for each appeal hearing, a member of the Panel to chair a particular hearing. If the Appeals Coordinator knows, in advance of a hearing, that one or both parties will be represented by legal counsel, the Coordinator may select a Panel member with a law degree to Chair the hearing.

2) Where the appeal involves a graduate student, the Appeals Coordinator shall, by rotation, replace one undergraduate student with one alternate graduate student.

3) General Faculties Council shall also elect the following alternate members: three faculty members (from Categories A1.1, A1.5 or their counterparts in A1.6*), four undergraduate students and four graduate students. To the extent it is possible, all alternate members should come from different Faculties and from Faculties not already represented by the regular members. (See Section 5 of the GFC Policy Manual for definitions of these categories of staff.) If the alternate list is exhausted, the Appeals Coordinator may complete a particular panel by selecting in rotation from the members of the GFC Academic Appeals Committee. It will be permissible for any alternate to come from one of the Faculties already represented by one of the regular members.

For each appeal, every attempt will be made to have one alternate member from each membership category prepared in advance to attend a hearing. At the discretion of the Chair, new members may attend a hearing as observers.

4) For the purposes of selection and service on the University Appeal Board, graduate students are considered to be from the Faculty where they receive supervision. Students who are in A1.5 or their counterparts in A1.6* are considered to be from one of the Faculties already represented by the regular members.

5) Except for members of the Panel of Chairs, the terms of office for all faculty members shall be up to three years as General Faculties Council shall determine. Faculty members are eligible for re-election.

6) All student members shall be elected for up to two-year terms and are eligible for re-election.

7) In order to ensure that no Board member will be from a Faculty, if any, which is party to the dispute, the Appeals Coordinator may replace, by rotation, any regular member with an alternate member from the same constituent group (i.e., staff, undergraduate student or graduate student). For this purpose, graduate students are considered to be from the Faculty where they receive supervision.

8) All Board members should declare to the Appeals Coordinator their interests, if any, in a particular case in order to ensure objectivity and a fair hearing.

9) Appellant and respondent will be provided with the names of all Board members, regular and alternate, and will have five calendar days after receipt of the names to lodge a written challenge with the Appeals Coordinator requesting that a Board member not serve on an appeal. Challenges may be made only on the grounds that a Board member may have a bias which would prevent a fair hearing.

Challenges must include written reasons to support the request. If the Appeals Coordinator concurs with the challenge the Appeals Coordinator will replace the Board member with an alternate member who will be selected by rotation from the same constituent group (i.e., staff, undergraduate student or graduate student). The decision of the Appeals Coordinator is final and binding.

10) The Executive Committee will have the discretion to appoint a Chair for a particular hearing from outside the Panel members.

11) The quorum of the Appeal Board shall be the Chair and three members.

d. Appeal Board Procedures:

1) The appeal shall consist of a de novo hearing of the case.

2) i. The Appeal Board may accept any evidence that it, in its sole discretion, considers proper, whether admissible in a court of law or not; and

ii. The Appeal Board is not bound by the Alberta Evidence Act or the law of evidence applicable to judicial proceedings.

3) The Appeal Board shall conduct hearings in a manner which, to the extent it is possible, considers the interests of both parties.

4) A defect in procedures shall not warrant the quashing of the decision unless the defect complained of can reasonably be said to have deprived either party of a fair hearing.

5) If the appellant or respondent neglect or refuse to appear at the time of the hearing, the Appeal Board may in its discretion proceed with the hearing and either grant or deny the appeal. Either party may be accompanied by legal counsel or other representative.

6) The Board shall hear the argument of both sides to the appeal and then, by majority vote, shall uphold or quash the decision appealed from. Where a decision against a student is upheld, the Board may confirm, vary or suspend the penalty imposed.

The Appeal Board is authorized to receive procedural advice from the Appeals Coordinator.

7) The Chair of the Board through the Appeals Coordinator shall, where practical, immediately communicate the decision of the Board to the student.

8) The Chair shall submit the written decision of the Board to the Appeals Coordinator within seven (7) calendar days of the Board's decision being reached. The Appeals Coordinator shall then send to both parties, to the Discipline Officer, and to the Panel of Chairs a copy of the Board's decision. The procedure for service of this report shall be that given in §26.1.9(1)(f).

9) Any penalty confirmed shall be deemed to have taken effect on the date determined in the original decision. Any new penalty shall take effect immediately upon oral notification or, failing that upon written notification.

During the appeal period the student may continue to attend classes. However, assignments and examinations will not be graded until and unless the appeal is successful. If the appeal is lost no credit will be given for work completed subsequent to the date given in the original decision.

10) The final appeal in student discipline matters shall lie with the University Appeal Board. A decision of the UAB shall be final and binding.

26.1.10 Disciplinary Problems in Programs Outside the Regular Winter Session and Intersession

In the case of disciplinary problems with students in programs given by the University which lie outside the regular Winter Session and Intersession programs, GFC delegates to the Dean concerned the authority to take whatever action is deemed necessary. The student may appeal the Dean's decision to the Discipline Officer whose decision shall be final and binding.

26.2 Code of Student Behavior—Related Specifically to Student Groups

26.2.1 Introduction and Definitions

The University is defined by tradition as a community of people dedicated to the pursuit of truth and advancement of knowledge, and as a place where there is freedom to teach, freedom to engage in research,
freedom to create, freedom to learn, freedom to study, freedom to speak, freedom to associate, freedom to write and to publish, and a concomitant obligation to respect these freedoms when they are exercised by others.

The Code of Student Behavior is separated into three parts: the first section (§26.1) deals with offences, penalties, discipline and appeals of individual students; the second section (§26.2) deals with offences, penalties, discipline and appeals of student groups; and the third section (§26.3) defines additional regulations and requirements currently mandated by the Code.

The offences listed below describe, in general terms, behaviours which if left unchecked would result in unacceptable degree infringe upon the freedoms described above and thus threaten the proper functioning of the University.

Nothing in this Code shall be interpreted in such a way as to prohibit the activities or to violate the principles which are set out in the first paragraph of this Section.

Nothing in this Code shall prevent the University from referring an individual matter to the appropriate law enforcement agency should such action be considered necessary.

Source of on-campus assistance about the discipline process include: the Appeals Coordinator, the Dean of Students, the Information Officer on Appeals and Grievances, the Student Advisor, Student Legal Services and the Student Ombudsman.

Note from the University Secretariat: Appeals Coordinator: 2-5 University Hall, 492-4715; Dean of Students: 2-800 Students' Union Building, 492-4145; Information Officer on Appeals and Grievances: c/o Dean of Students; Student Advisor: 2-606 Students' Union Building, 492-2965; Student Legal Services: 11011-88 Avenue, 492-2226; Student Ombudsmen: 030 Students' Union Building, 492-4689.

(2) Substantive changes to the Code shall come into force after receiving the approval of General Faculties Council and the Board of Governors.

a. Substantive Changes: Substantive changes to the Code must be published in the Gateway or Summer Solstice (or equivalent summer publication) at least 10 days before their consideration by GFC. These materials may also appear in other University publications.

(4) The Coordinator of the GFC Campus Law Review Committee (CLRC), in consultation with the Appeals Coordinator, shall maintain the Official Copy of the Code and all amendments thereto.

26.2.3 Student Group Registration

The University recognizes that participation in the activities of student groups is a beneficial aspect of the University experience. The University environment encourages the formation of different student groups. These groups may be defined in a variety of ways, according to, for example, a shared program of study, a commitment to service, a common activity, philosophy or background or particular perspective. By approving (or disapproving) a group’s application for registration, the University indicates that the group’s stated purposes, goals, activities, membership criteria and other attributes are (or are not) appropriate to the University environment.

The University also recognizes its obligations to support the activities and regulate the conduct of student groups, for the benefit of the groups themselves and the University community. When a student group, through registration, enters into a formal relationship with the University, responsibilities and benefits result for both.
(1) Responsibilities and Benefits

a. In registering with the University a student group accepts the following responsibilities:
   1) to live by the laws of the land,
   2) to uphold the good name of the University,
   3) to live up to the group’s stated purpose, which shall not be in contradiction to the University’s purpose statement as stated in §26.2.1.,
   4) to be responsible for members’ conduct when members are representing the group, and therefore the University, on and off campus,
   5) to obey Alberta Liquor Control Board regulations,
   6) to obey University of Alberta regulations and procedures relating to the operation of gaming events.

b. A registered student group enjoys a number of benefits, including:
   1) ability to book space at the University,
   2) use of the University’s institutional liquor and gaming licenses,

   4) exclusive use of the group’s name on campus,
   5) access to and ability to rent University property and equipment,
   6) ability to register as a group with the Students’ Union and to receive the benefits derived therefrom,
   7) use of campus facilities for solicitation of membership,
   8) opportunities for participation in University governance,
   9) opportunity to submit an annual report to the Council on Student Life for inclusion in the official records of the Council and the University.

(2) Requirements for Registration

University student groups are required to register annually with the University through the Office of the Dean of Students and complete a Liability and Indemnification Agreement signed by two members of the group’s executive. A group may register for the first time at any time of the year; re-registration should be completed by August 15th for the academic year commencing September 1st.

A non-registered University student group shall not be permitted to carry on activities of any description whatsoever on University property.

b. That a minimum of two-thirds of the total membership, and 75% of the executive are registered as part-time or full-time students during the current academic year. The Dean of Students may, on a case by case basis, make exceptions for groups in which the alumni membership exceeds the requirements stated above.

c. That an acceptable constitution exists. (Guidelines for drafting a group constitution are available in the Office of the Dean of Students.)

d. That in the case of groups previously registered a minimum of one general meeting has been held during the past twelve months.

e. That a minimum of one general meeting is scheduled during the next twelve months.

f. 1) That a bank account in the name of the group exists,
   2) that a minimum of two signatures of executive officers are necessary for most banking transactions,
   3) that all monies go toward the operating expenses of the group, as it carries out its stated purpose/objectives/goals, and
   4) that financial records are maintained in proper order for possible auditing.

g. At the discretion of the Dean of Students or designate, the group shall provide a bond in an amount to be fixed by the Dean of Students.

In the event of any damage to property the bond will be used to pay the cost of the damage.

(3) Registration Procedures

a. To become a registered University of Alberta student group, or to re-register (if registered the previous academic year), a group must:
   1) Complete the appropriate Application for Registration/ Reregistration Form (available from the Office of the Dean of Students).
   2) Complete a University of Alberta Indemnification Agreement relieving the University of all liability in respect of any acts of the group, its members, or its executive (available in the Office of the Dean of Students).
   3) Forward the completed form, the signed and witnessed Indemnification Agreement, and a constitution to the Office of the Dean of Students.

b. Within two weeks of receiving a completed registration/re-registration form and a copy of the group’s current constitution, the Office of the Dean of Students will notify the applicant as to the registration status. The applicant will be given either:
   1) Full Registration Status for the academic year, or
   2) Provisional Registration Status, subject to the provision of additional information. The additional information may take the form of any of the following:
      - a complete membership list, including addresses and phone numbers.
      - a financial statement for the preceding year. If an audit is necessary, the complete accounts for the group should be available.
      - the minutes of general meetings held during the last 12 months, or
   3) Notification of denial of registration together with written reasons for the decision.

c. Any and all such information shall be regarded by the Dean of Students as confidential.

(4) Denial of Registration or Re-registration

The Dean of Students or designate may deny group registration or re-registration under any of the following conditions:

a. The group fails to meet the requirements for registration or re-registration set out in §26.2.3(2)

b. The group’s stated objectives or activities or the manner of carrying out its activities would, in the opinion of the Dean of Students, by their very nature, lead to justifiable complaints under the Code of Student Behavior.

c. The group’s stated objectives or activities or the manner of carrying out its activities would, in the opinion of the Dean of Students, by their very nature, offend the provisions of the Individual’s Rights Protection Act (and/or any other human rights legislation that applies in this Province) and/or municipal bylaws, Provincial or Federal statutes or regulations.

26.2.4 Non-Academic Offences

Any of the following activities or conduct or attempts thereof or participation therein as they relate to student affairs shall constitute an offence and be punishable.

Nothing in this Code shall be construed to prohibit peaceful assemblies and demonstrations, or lawful picketing, or to inhibit free speech.

a. No student group shall engage in student affairs, the result of which activity discriminates against any person or class of persons.

b. For an activity to be discriminatory under section (a), all three of the following questions must be answered in the affirmative:
   1) Does the activity draw a distinction between the complainant and others?
   2) If so, does this distinction result in a disadvantage (or lack of benefit) to the complainant which is not imposed on others?
   3) If so, is this distinction based on an irrelevant personal characteristic, where context is essential in determining relevance?

(3) Harassment: Harassment is conduct or comments which are intimidat- ing, threatening, demeaning, or abusive and may be accompanied by direct or implied threats to grade(s), status, or job. Harassment can occur between people of differing authority or between people of similar authority. Harassment may be directed at an individual or at a group. Harassment has the impact of creating a work or study environment that is hostile and limits individuals in their pursuit of education, research, or work goals.

a. No student shall physically abuse another person, threaten any other person with physical abuse or damage to such person’s property or knowingly, and without just cause, cause any other person to fear physical abuse or fear damage to such person’s property.

b. No student shall knowingly create a condition which unnecessarily endangers or threatens the health, safety or well-being of other persons or threatens the damage or destruction of property.

   b. obtain any University equipment, material, or service by fraudulent means or by providing false information.

(10) Misuse of University Supplies or Documents: No student group shall, without authority, knowingly make, alter, use, receive, or possess University supplies or documents. University supplies and documents include but are not limited to equipment, keys, records, and permits.

(11) Misuse of Library or Computer Resources: No student group shall knowingly:

   b. knowingly use words in a situation of clear and imminent danger which incite others to behavior which violates any article of this Section.

(15) Smoking: Smoking is prohibited during classes, laboratories and examinations, or at any time in any area where smoking is banned.

(16) No student group shall knowingly aid or assist another student in the commission of any non-academic offence listed above.

26.2.5 Penalties

In the case of a breach of the Code of Student Behavior the following penalties may be imposed at the discretion of the Discipline Officer or the University Appeal Board for non-academic offences by student groups:

1. Financial reparation and/or restitution by the student group will be an automatic penalty for any damage inflicted by a group, its members or its guests.

Furthermore, any of the following penalties may be levied in addition to the above:

2. termination of group registration;
3. fine of not more than $2000;
4. suspension or curtailment of group privileges;

6. posting of a bond, which is subject to forfeiture in the event of further violations of the Code.

Where it is mutually acceptable to the Discipline Officer and the student group, the group may perform community services, either on or off campus, without compensation for such services. Said services may be in addition to or in lieu of any of the penalties contained in the preceding list.

26.2.6 GFC Delegation of Powers Concerning Suspension or Banning of Student Group Activities

The following provisions empower a Dean to immediately suspend or ban an activity sponsored by a student group (whether the activity is in progress or is scheduled to occur) when the Dean is of the opinion that the activity will cause harm to persons or property, and/or will violate the Code of Student Behavior.

The Dean of Students, or the Discipline Officer as the Dean’s designate, is also empowered to act under these provisions; therefore, in §26.2.6 whenever “a Dean” or “the Dean” is mentioned these references may refer to either the Dean of a Faculty or the Dean of Students.

Student groups and Deans both shall be under onus to make every effort to avoid or resolve conflicts through timely consultation. Formal procedures described below are to be utilized when less formal conciliatory measures have proven ineffective. Nothing in these provisions shall be interpreted so as to prevent or interfere with charges against a group under §26.2.7 of this Code.

Responsibilities of the Dean

1. When a Dean believes that a group activity should be suspended or banned an activity sponsored by a student group (whether the activity is in progress or is scheduled to occur) when the Dean is of the opinion that the activity will cause harm to persons or property, and/or will violate the Code of Student Behavior.

2. Following the meeting the Dean shall immediately inform the president of the group that the activity has been suspended or banned or that the activity may continue. The verbal communication of the Dean's decision shall be followed up in writing to the president of the group and shall include reasons for the decision and conditions which must be met by the group before the activity will be permitted to continue.

3. The Dean shall inform the president of the group that there is a 15-calendar-day deadline, from the date of receipt of the Dean's written decision, to lodge an appeal and the Dean must provide the president of the group with the appeal regulations.

4. Any notices sent by the Dean shall be hand-delivered at the soonest opportunity by Campus Security Services to the address for the group which has been provided to the University or to the Appeals Coordinator.

5. The Dean is required to notify the following persons of the suspension/banning of the group activity: the Vice-President (Academic), the Director of Campus Security Services, the Discipline Officer, the Appeals Coordinator, the Presidents of the Students’ Union and the Graduate Students’ Association, other Deans affected, and the IFC/PC where the group involved is a fraternity. A copy of the written decision shall be included in the group’s file in the office of the Dean of Students.

6. Where the activity in question has violated the Code of Student Behavior, and where the group has not yet been charged, the Dean shall forthwith initiate proceedings against the group.

26.2.7 The Discipline Process

The following procedures are to be followed in the cases of allegations of non-academic offences. These procedures do not preclude student groups being charged with offences defined in some other relevant
regulations or jurisdictions. Formal procedures described below are to be utilized when less formal conciliatory measures prove ineffective.

Please Note: Complaints against individual members of a group shall be dealt with in accordance with the provisions of §26.1.

(1) Initiation and Conduct of Proceeding: When sponsoring or conducting a group activity, student groups are accountable to the University for the conduct of their members and/or guests. Thus, in addition to any complaints made against individual members of a group or its guests, a complaint may be made against the group itself, in accordance with the procedure outlined below:

a. Any person who has reason to believe that a student group is guilty of a non-academic offence as defined in §26.2.4 of the Code of Student Behavior may initiate proceedings against the group.

b. Where a person has reason to believe that a student group has committed a non-academic offence, that person may, by a signed statement (the complaint) delivered to the Director of Campus Security Services, request an investigation of the complaint. In the course of this investigation, the Director may consult the Appeals Coordinator.

c. The complaint shall be a detailed written description of the incident. This shall include the time and place, the group or groups involved, and all relevant information concerning the incident.

d. The Director of Campus Security Services may decline to proceed with a complaint under the following circumstances:
   - Where the complaint is primarily concerned with regulations of another official University organization, and the Director of Campus Security Services believes that the complaint should be dealt with in accordance with procedures established by that organization;
   - Where the Director of Campus Security Services believes no University rule has been broken;
   - Where the Director of Campus Security Services believes the complaint to be scandalous, frivolous or vexatious;
   - Where an unreasonable time has elapsed since the incident;
   - Where the offence should be referred to the police or appropriate public authorities.

e. Where the Director of Campus Security Services has declined to proceed with a complaint, the Complainant must be so notified and the reasons given. The person complaining may then appeal the Director of Campus Security Services’ decision to the Appeals Coordinator.

f. Where a complaint is directed against a fraternity, the Director of Campus Security Services may, at the Director’s discretion, refer the matter to the Interfraternity Council/ Panhellenic Council (IFC/PC) for investigation and possible disciplinary action, according to procedures kept on file with the Office of the Dean of Students. When acting upon such a request from the Director of Campus Security in accordance with approved procedures, the IFC/PC is an agent of the University.

g. Where the IFC/PC conducts an investigation of the complaint, it shall forward to the Discipline Officer the results of the investigation and, if disciplinary measures are believed to be warranted, a recommendation as to an appropriate penalty.

h. Where the Director of Campus Security Services decides to proceed with the complaint without involving the IFC/PC, the Director of Campus Security Services shall conduct an investigation and, if disciplinary measures are believed to be warranted, shall forward to the Discipline Officer the results of the investigation along with a recommendation as to an appropriate penalty.

i. The Discipline Officer shall meet with the group’s executive, review the matter and determine if the facts as disclosed by the investigation are in dispute. In the event that the alleged offender refuses to meet with the Discipline Officer to discuss the matter further, a decision and penalty shall be arrived at taking into account whatever evidence is available.

j. Where the facts are determined not to be in dispute, the Discipline Officer may impose one or more of the penalties listed in §26.2.5.

k. Where the facts are in dispute, the Discipline Officer will review the matter further by talking with all parties involved, and may either dismiss the charges or impose one or more of the penalties listed in §26.2.5. In the event that the alleged offender refuses to meet with the Discipline Officer to discuss the matter further, a decision and penalty shall be arrived at taking into account whatever evidence is available.

l. When considering what would be an appropriate penalty, the Discipline Officer shall take into account the disciplinary record, if any, of the group against which the complaint is made.

(2) Transmittal of Decision by the Discipline Officer:

a. Having reached a decision, the Discipline Officer shall give a written report to the Appeals Coordinator. The report shall state what penalty, if any, is to be imposed upon the student group, and the major circumstances taken into account in arriving at the decision.

b. Upon receipt of the above report, the Appeals Coordinator shall send a copy of the written decision to the president of the student group, the Complainant, and the Director of Campus Security Services.

c. If a penalty has been imposed, the Appeals Coordinator shall advise the student group of the right to appeal and the time limit of that appeal and shall forward a copy of the Code of Student Behavior and of the Suggested Hearing Procedures of the University Appeal Board.

26.2.8 The Appeal Process

A student group may appeal the decision of the Discipline Officer. All appeals will be heard by the University Appeal Board whose decision will be final and binding.

(1) Initiation and Conduct of Appeals

a. A student group may appeal the decision of the Discipline Officer by submitting a notice of appeal in writing to the Appeals Coordinator. Such notice must be received by the Coordinator no later than fifteen (15) calendar days after notification of the written decision of the Discipline Officer. At the discretion of the Appeals Coordinator, an appeal may be accepted after the expiry of the fifteen (15) days. The appeal shall be based upon denial of the offense or penalty.

b. The notice of appeal must be in writing, signed by the appellant, and must state the grounds of appeal. The appellant must immediately notify the Appeals Coordinator upon retaining legal counsel or an advisor.

c. The Appeals Coordinator shall schedule a meeting of the University Appeal Board not later than 36 hours after receiving the appeal. The parties involved shall be given 24 hours notice of the date, time and place of the hearing. Each party will receive the names of the Board members and notification that either party may challenge membership to the Appeals Coordinator. The Appeals Coordinator shall also provide the group with a list of on-campus sources of assistance.

d. The Appeals Coordinator shall constitute the University Appeal Board and provide its members with:
   1) the date, time, and place of the Appeal Hearing;
   2) the notice of appeal and any submission from the respondent, and
   3) the written report of the Discipline Officer.

e. Notices may be hand-delivered or sent by mail. When sent by outside mail, they shall be sent by double registered mail or, at the discretion of the Appeals Coordinator, by courier to the address which has been provided to the University or to the Appeals Coordinator. Notice may be deemed to have been effected one week following mailing to the last known address.

(2) Establishment of the University Appeal Board

a. General:
   The University Appeal Board, as designate of General Faculties Council and the Board of Governors, shall have authority to confirm, vary, or quash penalties imposed under §26.2.5.

   Meetings of the University Appeal Board shall be scheduled as required to hear and determine appeals against disciplinary decisions of the Discipline Officer.

b. Composition, Terms of Reference and Chair:
   1) Regular Members: The University Appeal Board shall consist of the following regular members elected by GFC: one faculty member on a post-retirement contract or from Categories A1.1, A1.5, or their counterparts in A1.6*, one faculty member from the groups cited above to serve as Chair of a particular hearing selected from the Panel of Chairs described below; two full-time undergraduate students and one full-time graduate student. It would be desirable but not mandatory for the regular members to come from different Faculties.

   Panel of Chairs: GFC shall elect a Panel of up to three faculty members on post-retirement contracts or from Categories A1.0, A1.5 or their counterparts in A1.6. At least one of the Panel members shall have a law degree. The Panel members will serve for staggered terms of office of up to four years. In selecting members of the Panel, GFC will attempt to keep the membership of the UAB as broadly representative as possible of all Faculties given the available pool of candidates, but it will be permissible for any of the Panel members to come from one
of the Faculties already represented by one of the four regular members.

The Appeals Coordinator will select, in rotation, for each appeal hearing, a member of the Panel to chair a particular hearing. If the Appeals Coordinator knows, in advance of a hearing, that one or both parties will be represented by legal counsel, the Coordinator may select a Panel member with a law degree to chair the hearing.

2) Where the appeal involves a graduate student group, the Appeals Coordinator shall, by rotation, replace one under-graduate student with one alternate graduate student.

3) General Faculties Council shall also elect the following alternate members: three faculty members (from Categories A1.1, A1.5 or their counterparts in A1.6), four undergraduate students and four graduate students. To the extent it is possible, all alternate members should come from different Faculties and from Faculties not already represented by the regular members. (*See Section 5 of the GFC Policy Manual for definitions of these categories of staff.) If the alternate list is exhausted, the Appeals Coordinator may complete a particular panel by selecting in rotation from the members of the GFC Academic Appeals Committee. It will be permissible for any alternate to come from one of the Faculties already represented by one of the regular members.

For each appeal, every attempt will be made to have one alternate member from each membership category prepared in advance to attend a hearing.

At the discretion of the Chair, new members may attend a hearing as observers.

4) For the purposes of selection and service on the University Appeal Board, graduate students are considered to be from the Faculty where they receive supervision. Students who are in any joint graduate/undergraduate degree program (e.g., the joint MBA/LLB program) are considered to be graduate students for the purpose of selection and service on the University Appeal Board. Students in any joint degree program will not be called as observers.

5) Except for members of the Panel of Chairs, the terms of office for all faculty members shall be up to three years as General Faculties Council shall determine. Faculty members are eligible for re-election.

6) All student members shall be elected for up to two-year terms and are eligible for re-election.

7) In order to ensure that no Board member will be from a Faculty, or any, which is party to the dispute, the Appeals Coordinator may replace, by rotation, any regular member with an alternate member from the same constituent group (i.e., staff, undergraduate student or graduate student). For this purpose, graduate students are considered to be from the Faculty where they receive supervision.

8) All Board members should declare to the Appeals Coordinator their interests, if any, in a particular case in order to ensure objectivity and a fair hearing.

9) Appellant and respondent will be provided with the names of all Board members, regular and alternate, and will have five calendar days after receipt of the names to lodge a written challenge with the Appeals Coordinator requesting that a Board member not serve on an appeal. Challenges may be made only on the grounds that a Board member may have a bias which would prevent a fair hearing.

Challenges must include written reasons to support the request. If the Appeals Coordinator concurs with the challenge the Appeals Coordinator will replace the Board member with an alternate member who will be selected by rotation from the same constituent group (i.e., staff, undergraduate student or graduate student). The decision of the Appeals Coordinator is final and binding.

10) The Executive Committee will have the discretion to appoint a Chair for a particular hearing from outside the Panel members.

11) The quorum of the Appeal Board shall be the Chair and three members.

c. Appeal Board Procedures:

1) The appeal shall consist of a de novo hearing of the case.

2) i. The Appeal Board may accept any evidence that it, in its sole discretion, considers proper, whether admissible in a court of law or not; and

ii. The Appeal Board is not bound by the Alberta Evidence Act or the law of evidence applicable to judicial proceedings.

3) The Appeal Board shall conduct hearings in a manner which, in its sole discretion, it considers proper.

4) A defect in procedures shall not warrant the quashing of the decision unless the defect complained of can reasonably be said to have deprived either party of a fair hearing.

5) If the appellant or respondent neglect or refuse to appear at the time of the hearing, the Appeal Board may in its discretion proceed with the hearing and either grant or deny the appeal. Either party may be accompanied by legal counsel or other representative.

6) The Board shall hear the argument of both sides to the appeal and then, by majority vote, shall uphold or quash the decision appealed from. Where a decision against a student group is upheld, the Board may confirm, vary or suspend the penalty imposed, in the case of a student group, conditions for the continuation of the group activity.

The Appeal Board is authorized to receive procedural advice from the Appeals Coordinator.

7) The Chair of the Board through the Appeals Coordinator shall, where practical, immediately communicate the decision of the Board to the student group.

8) The Chair shall submit the written decision of the Board to the Appeals Coordinator within seven (7) calendar days of the Board’s decision being reached. The Appeals Coordinator shall then send to both parties, to the Discipline Officer and to the Panel of Chairs a copy of the Board’s decision. The procedure for service of this report shall be that given in §26.2.8(1)(e).

9) Any penalty confirmed shall be deemed to have taken effect on the date determined in the original decision. Any new penalty shall take effect immediately upon oral notification or, failing that, upon written notification.

10) The final appeal in student discipline matters shall lie with the University Appeal Board. A decision of the University Appeal Board shall be final and binding.

26.2.9 Review and Revision Process

The Office of the Dean of Students shall present an annual report on Group Registration to the Campus Law Review Committee, and shall include information about disciplinary measures taken against student groups.

26.3 Code of Student Behavior—Additional Regulations and Requirements

26.3.1 Introduction

The University is defined by tradition as a community of people dedicated to the pursuit of truth and advancement of knowledge, and as a place where there is freedom to teach, freedom to engage in research, freedom to create, freedom to learn, freedom to study, freedom to speak, freedom to associate, freedom to write and to publish, and a concomitant obligation to respect these freedoms when they are exercised by others.

The Code of Student Behavior is separated into three parts: the first section (§26.1) deals with offences, penalties, discipline and appeals of individual students; the second section (§26.2) deals with offences, penalties, discipline and appeals of student groups; and the third section (§26.3) defines additional regulations and requirements currently mandated by the Code.

Nothing in this Code shall be interpreted in such a way as to prohibit the activities or to violate the principles which are set out in the first paragraph of this Section.

Nothing in this Code shall prevent the University from referring an individual matter to the appropriate law enforcement agency should such action be considered necessary.

26.3.2 Amendment of the Code

Substantive changes will be approved by the Campus Law Review Committee, GFC Executive, General Faculties Council, Board Educational Affairs Committee (BEAC) and the Board of Governors.

b. Editorial Changes: Amendments deemed minor or editorial by the GFC Campus Law Review Committee need not be published in the Gateway or Summer Solstice (or equivalent summer publication). If the GFC Executive and the Board Educational Affairs Committee (BEAC) agree that the amendments are routine and editorial, the
changes will be approved by the GFC Executive, on behalf of GFC, and BEAC, on behalf of the Board.

The Board Educational Affairs Committee (BEAC) directed the Vice-President (Academic) and the Chair of BEAC, in consultation with the Secretary to GFC, to review proposals which set out minor, editorial, and/or strictly administrative changes to existing University policies and procedures and determine whether or not, after the proposals had been duly considered and endorsed by the GFC Executive Committee or by GFC, BEAC would be asked to take formal action on such proposals or simply receive such items for information only.

If the Vice-President (Academic) (or designate) and the Chair of BEAC (or designate) agree the amendments (i.e., the minor, editorial and/or administrative amendments under consideration) shall go forward to BEAC for information only, the amendments will be considered to be formally approved by the GFC Executive, on behalf of GFC and the Board, at the time the Executive’s decision on the matter is rendered.

(3) The Code must be published in each issue of the University Calendar. In addition, the Appeals Coordinator will ensure that all substantive amendments to the Code approved after the Calendar is published appear in the Gateway near the beginning of the fall and winter terms. In conjunction with publication of these substantive amendments, the Appeals Coordinator will coordinate publication of a summary of recent Code offences and penalties and other material concerning student discipline procedures. These materials may also appear in other University publications.

(4) The Coordinator of the GFC Campus Law Review Committee (CLRC), in consultation with the Appeals Coordinator, shall maintain the Official Copy of the Code and all amendments thereto.
